**The Weimar Republic Sourcebook**, 1995 **A Short History of the Weimar Republic** Colin Storer, 2013-04-10 It is impossible to understand the history of modern Europe without some knowledge of the Weimar Republic The brief fourteen year period of democracy between the Treaty of Versailles and the advent of the Third Reich was marked by unstable government economic crisis and hyperinflation and the rise of extremist political movements At the same time however a vibrant cultural scene flourished which continues to influence the international art world through the aesthetics of Expressionism and the Bauhaus movement In the fields of art literature theatre cinema music and architecture not to mention science Germany became a world leader during the 1920s while her perilous political and economic position ensured that no US or European statesman could afford to ignore her Incorporating original research and a synthesis of the existing historiography this book will provide students and a general readership with a clear and concise introduction to the history of the first German Republic *Free Speech* Jacob Mchangama, 2022-02-08 The best history of free speech ever written and the best defense of free speech ever made P J O'Rourke Hailed as the first freedom free speech is the bedrock of democracy But it is a challenging principle subject to

erosion in times of upheaval Today in democracies and authoritarian states around the world it is on the retreat In **Free Speech** Jacob Mchangama traces the riveting legal political and cultural history of this idea Through captivating stories of free speech s many defenders from the ancient Athenian orator Demosthenes and the ninth century freethinker al R z to the anti lynching crusader Ida B Wells and modern day digital activists Mchangama reveals how the free exchange of ideas underlies all intellectual achievement and has enabled the advancement of both freedom and equality worldwide Yet the desire to restrict speech too is a constant and he explores how even its champions can be led down this path when the rise of new and contrarian voices challenge power and privilege of all stripes Meticulously researched and deeply humane **Free Speech** demonstrates how much we have gained from this principle and how much we stand to lose without it **American Abstract Expressionism** Anne MacPhee,David Thistlewood,1993-01-01 The question of what kind of city we are trying to have is an urgent one as the world continues its dramatic urbanization **Urban Visions** presumes that an understanding of our urban experience is a prerequisite for envisioning what the city could be In assembling work by distinguished authors from different disciplines and countries **Urban Visions** offers a patient examination of what urban experience is and of the city s necessity with explicit and implicit propositions about what it could be The book is illustrated in full color **"The Artist-Operas of Pfitzner, Krenek and Hindemith "** Claire Taylor-Jay,2017-07-05 This is the first book length study of the genre of artist opera in which the work s central character is an artist who is uncomfortable with his place in the world It investigates how three such operas Pfitzner s *Palestrina* 1915 Krenek s *Jonny spielt auf* 1926 and Hindemith s *Mathis der Maler* 1935 contributed to the debate in early twentieth century Germany about the place of art and the artist in modern society and examines how far the artist character may be taken as functioning as a persona for the real composer of the work Because of their concern with the place of art within society the works are also engaged with inherently political questions and each opera is read in the light of the political context of its time conservatism circa World War I Americanism and democracy and the rise of National Socialism **Nazi Germany** Tim Kirk,2006-10-04 Hitler s thousand year Reich lasted barely longer than twelve brief and inglorious years and yet had an impact on millions of ordinary lives scarcely comparable with any other episode in modern European history **Nazi Germany** examines the origins and development of Nazism the establishment of the dictatorship and the impact on Germany s economy society and culture of the regime s single minded drive towards war and genocide The view from above reflected in the movement s ideology policy and legislation is complemented by the many often conflicting views from below as described in the reports smuggled out of Germany by Socialist dissidents or overheard by the regime s spies and policemen Tim Kirk depicts a society divided where most were initially wary of Hitler and sceptical about his party and its promises and where even enthusiastic admirers quickly became disgruntled but where the majority complied and few were inclined to oppose or resist the regime or its brutalities until disillusionment set in and the prospect of defeat was imminent Approachable and authoritative this is an essential

introduction to one of the most significant periods in German and modern European history      **Politics of Democratic Breakdown** Gangsheng Bao, 2022-05-30 Democratic breakdown as a political and historic event can impact the fate of millions if not hundreds of millions of people by changing the political complexion of a country This book attempts to systematically explain why democracies collapse The author's main theoretical argument is based on the examination of two factors One is political cleavages among voters These can cause serious political conflicts and may lead to fierce political confrontation and major upheaval at the society level The other revolves around the types of political and institutional arrangements under democratic regimes Centrifugal democratic regimes are likely to weaken government capacity or state capacity rendering governments incapable of effectively resolving political conflicts and when these two factors come together political conflicts are less likely to be controlled effectively These situations can evolve into serious political crises and eventually lead to the collapse of democratic regimes The empirical research of this book is based on a comparative historical analysis of Germany Nigeria Chile and India Examining democratic collapses from both theoretical and empirical perspectives this book will be of interest to those engaged in the study of democracy Political Science Comparative Politics and Political Theory      Quantum Chemistry Hinne Hettema, 2000 Chemical physics is presently a very active field where theoretical computation and accurate experimentation have led to a host of exciting new results Among these are the possibility of state to state reactive scattering the insights in non adiabatic chemistry and from the computational perspective the use of explicitly correlated functions in quantum chemistry Many of these present day developments use ideas derivations and results that were obtained in the very early days of quantum theory in the 1920s and 1930s Much of this material is hard to study for readers not familiar with German This volume presents English translations of some of the most important papers The choice of material is made with the relevance to present day researchers in mind Included are seminal papers by M Born and J R Oppenheimer J von Neumann and E Wigner E A Hylleraas F London F Hund H A Kramers R de L Kronig and F H ckel among others      Hitler's Germany Roderick Stackelberg, 2002-01-22 Hitler's Germany provides a comprehensive narrative history of Nazi Germany and sets it in the wider context of nineteenth and twentieth century German history Roderick Stackelberg analyzes how it was possible that a national culture of such creativity and achievement could generate such barbarism and destructiveness This second edition has been updated throughout to incorporate recent historical research and engage with current debates in the field It includes an expanded introduction focusing on the hazards of writing about Nazi Germany an extended analysis of fascism totalitarianism imperialism and ideology a broadened contextualisation of antisemitism discussion of the Holocaust including the euthanasia program and the role of eugenics new chapters on Nazi social and economic policies and the structure of government as well as on the role of culture the arts education and religion additional maps tables and a chronology a fully updated bibliography Exploring the controversies surrounding Nazism and its afterlife in historiography and historical memory Hitler's Germany provides students with an interpretive framework for

understanding this extraordinary episode in German and European history      Music, Theatre and Politics in Germany  
Nikolaus Bacht, 2006 Music theatre and politics have maintained a long standing relationship that continues to be strong The contributions in this volume bridge the conventional chronological division between late Romantic and modern music to thematize a wide array of i      *The Midnight Kingdom* Jared Yates Sexton, 2023-01-17 From the author of *American Rule* and the host of *The Muckrake Podcast* an ambitious account of how white supremacist lies religious mythologies and poisonous conspiracy theories built the modern world and threaten to plunge us into an authoritarian nightmare To fully understand these strange and dangerous times Jared Yates Sexton takes a hard look at our nation s history namely the abuses committed by those in power and the comforting stories that shaped the way the West has viewed itself up to the present As reactionaries and authoritarians cling to myths about Western civilization *The Midnight Kingdom* exposes how political power religious indoctrination and economic dominance have been repeatedly weaponized to oppress and exploit sounding an alarm for what lies ahead as the current order frays Beginning with the Roman Empire and racing through centuries of colonization war genocide and the recurring clashes of progress and regression Sexton finds our modern world at a crossroads In an echo of past crises we have arrived at a time of historic inequality and a fading trust in our institutions Meanwhile authoritarianism is gaining momentum and the progress of the twentieth century is being rolled back at dizzying speed This catastrophic moment holds terrible potential for a return to a totalitarian past or potentially a better realer more human future The difference depends on a true reckoning with our history and the larger forces at play or hiding behind this disastrous fantasy of Western superiority Bracing and compulsively readable *The Midnight Kingdom* takes a critical look at the forces that have shaped human civilization for centuries and invites us to seek a radically different future

*Conservatism and Crisis* David J. Rosner, 2012-09-13 What happens to a culture when it s most basic assumptions are questioned and rejected but no new ones are offered to replace them This book critically analyzes anti modernist philosophy the perhaps futile attempt to recover traditional worldviews and belief systems in order to cope with the void of meaning engendered by the upheavals of modernity The textual focus of this book is interwar Germany as it provides a dramatic and relatively recent example of cultural crisis with a rich philosophical literature The writings of Heidegger Junger Spengler and others are discussed in detail Key themes will be applied to our contemporary post modern condition as well The book examines the dangers of anti modernism both past and the present but also discusses some of its implicit appeals

**Modernist Magazines and the Social Ideal** Tim Satterthwaite, 2020-09-03 The new photo illustrated magazines of the 1920s traded in images of an ideal modernity promising motorised leisure scientific progress and social and sexual emancipation *Modernist Magazines and the Social Ideal* is a pioneering history of these periodicals focusing on two of the leading European titles the German monthly *UHU* and the French news weekly *VU* taken as representative of the broad class of popular titles launched in the 1920s The book is the first major study of *UHU* and the first scholarly work on *VU* in English

Modernist Magazines explores in particular the striking use of regularity and repetition in photographs of modernity reading these repetitious images as symbolic of modernist ideals of social order in the aftermath of the First World War Introducing a novel methodology pattern theory the book argues for a critical return to the Gestalt tradition in visual studies Alongside the UHU and VU case studies Modernist Magazines offers an essential primer to interwar magazine culture in Europe Accounts of rival titles are woven into the book's thematic chapters which trace the evolution of the two magazines photography and graphic design in the tumultuous years up to 1933

*The Coming of the Third Reich* Richard J. Evans, 2004 A history of Adolf Hitler's rise to power and the collapse of democracy in Nazi Germany explains why Nazism's ideology of hatred flourished in a country embittered by military defeat and economic disaster following World War I

**Rosa Manus (1881-1942)** Myriam Everard, Francisca de Haan, 2016-11-01 Rosa Manus 1881-1942 uncovers the life of Dutch feminist and peace activist Rosa Manus co-founder of the Women's International League for Peace and Freedom vice president of the International Alliance of Women and founding president of the International Archives for the Women's Movement IAV in Amsterdam revealing its rootedness in Manus's radical secular Jewishness Because the Nazis looted the IAV 1940 including Manus's large personal archive and subsequently arrested 1941 and murdered her 1942 Rosa Manus has been almost unknown to later generations This collective biography offers essays based on new and in depth research on pictures and documents from her archives returned to Amsterdam in 2003 as well as other primary sources It thus restores Manus to the history from which the Nazis attempted to erase her Contributors include Margot Badran Mineke Bosch Ellen Carol DuBois Myriam Everard Karen Garner Francisca de Haan Dagmar Wernitznig and Annika Wilmers The volume touches on all of the important themes of that history the centrality of peace activism the impact of the world wars and the rise of fascism the tensions over imperialism and nationalist resistance in colonized countries the importance of resources to the persistence of the movement the vital glue of intimate relationships and brings to the fore additional ones including the role of Jewish women the centrality of Dutch feminists in transnational feminism and the struggle over preserving the history of the movement Leila J Rupp University of California Santa Barbara in *Women's History Review* 2018

**The Making of Visual News** Thierry Gervais, Gaëlle Morel, 2020-09-23 The Making of Visual News sets out to show how photography has changed the way we read report and sell the news It investigates how photographs first became news images at the end of the nineteenth century and how magazines in the USA the UK France and Germany have put them to use ever since Drawing on a wide selection of images author Thierry Gervais in collaboration with Gaëlle Morel analyses news photographs in the context of their original presentation in print Highly illustrated the book contains 85 full colour magazine layouts and spreads offering the reader a view of how photographs were and are used in print publications including Life Picture Post the Berliner Illustrierte Zeitung and VU It examines how photographs were employed to attract new readers throughout the twentieth century arguing that photography was the main tool by which news editors sought to communicate the news and

attract a broader readership Looking beyond the roles of photographer and journalist this study also highlights the contributions of picture editors and artistic directors by commissioning photographs and incorporating images into magazine layouts these figures played critical but often overlooked roles in the construction of visual news even as they crafted unique styles for their publications Charting changes in technology and reportage as well as broader social and political histories The Making of Visual News offers new insight into the history of photojournalism making this an essential resource for students and scholars of photojournalism and the history of photography media and culture **Expressionism and Poster**

**Design in Germany 1905-1922** Kathleen G. Chapman, 2019-01-21 In Expressionism and Poster Design in Germany 1905 1925 Kathleen Chapman re defines Expressionism by situating it in relation to the most common type of picture in public space during the Wilhelmine twentieth century the commercial poster Focusing equally on visual material and contemporaneous debates surrounding art posters and the image in general this study reveals that conceptions of a modern image were characterized not so much by style or mode of production and distribution but by a visual rhetoric designed to communicate more directly than words As instances of such rhetoric Expressionist art and posters emerge as equally significant examples of this modern image demonstrating the interconnectedness of the aesthetic the utilitarian and the commercial in European modernism Women in German Yearbook 2005 Marjorie Gelus, Helga W. Kraft, 2006-01-01 Women in German Yearbook is a refereed publication that presents a wide range of feminist approaches to all aspects of German literature culture and language including pedagogy Reflecting the interdisciplinary perspectives that inform feminist German studies each issue contains critical studies that employ gender and other analytical categories to examine the work history life literature and arts of the German speaking world Marjorie Gelus is a professor of German at California State University at Sacramento Helga W Kraft is a professor of Germanic studies at the University of Illinois at Chicago

**Talking about Pauline Kael** Wayne Stengel, 2015-08-20 For nearly 25 years Pauline Kael was one of America s most respected controversial and talked about film reviewers A contributor to the New Yorker from 1968 until 1991 Kael s reviews were collected in several volumes including I Lost It at the Movies Kiss Kiss Bang Bang Bang and 5001 Nights at the Movies as well as a volume for the Library of America series Although Kael was the subject of an acclaimed biography by Brian Kellow her writings have never been systematically discussed or analyzed In Talking about Pauline Kael Critics Filmmakers and Scholars Remember an Icon Wayne Stengel has assembled a collection of essays that acknowledge this singular critic and her work In addition to tributes and remembrances by Roy Blount Jr filmmakers Joan Tewskbury and Paul Schrader fellow film critics David Denby and Martin Knelman and other colleagues and friends this anthology also features critical pieces that investigate the range scope and influence of Kael and her writings While Kael s film criticism is readily available in several volumes published since the 1960s this collection of commentary offers unique insights from those who knew her or were influenced by her As such Talking about Pauline Kael will be of interest to scholars of cinema in general but also to

anyone wanting to know more about the lasting impact of Kael not only on film criticism but on film and filmmakers

## Embracing the Track of Term: An Emotional Symphony within **The Weimar Republic Sourcebook**

In a world taken by displays and the ceaseless chatter of immediate communication, the melodic splendor and psychological symphony produced by the prepared word usually fade into the background, eclipsed by the constant noise and disturbances that permeate our lives.
