Hilmo, Linda Olson, 2024-05-15 Deeply informed and lavishly illustrated *Opening Up Middle English Manuscripts* is a comprehensive introduction to the modern study of Middle English manuscripts. It is intended for students and scholars who are familiar with some of the major Middle English literary works such as *The Canterbury Tales*, *Gawain and the Green Knight*, *Piers Plowman*, and the romances, mystical works, or cycle plays but who may not know much about the surviving manuscripts. The book approaches these texts in a way that takes into account the whole manuscript or codex, its textual and visual contents, physical state, readership, and cultural history. *Opening Up Middle English Manuscripts* also explores the function of illustrations in fashioning audience response to particular authors and their texts over the course of the fourteenth and fifteenth centuries. Kathryn Kerby-Fulton, Linda Olson, and Maidie Hilmo are scholars at the forefront of the modern study of Middle English manuscripts. They focus on the writers most often taught in Middle English courses, including Geoffrey Chaucer, William Langland, the *Gawain* poet, Thomas Hoccleve, Julian of Norwich, and Margery Kempe, highlighting the specific issues that shaped literary production in late medieval England. Among the topics they address are the rise of the English language, literacy, social conditions of authorship, early instances of the Alliterative Revival, women and book production, nuns, libraries, patronage, household books, religious and political trends, and attempts at revisionism and censorship. As of 2024, *Opening Up Middle English Manuscripts* is available as an ebook, ideal for instructors teaching the book in courses. The fully searchable PDF ebook version is available through most digital textbook platforms and library ebook aggregation platforms.

The Wife of Bath in Afterlife Betsy Bowden, 2017-10-25 By focusing on one literary character as interpreted in both verbal art and visual art at a point midway in time between the author's era and our own, this study applies methodology appropriate for overcoming limitations posed by historical periodization and by isolation among academic specialities. Current trends in Chaucer scholarship call for diachronic afterlife studies like this one, sometimes termed medievalism. So far, however, nearly all such work by-passes the eighteenth century, here designated 1660-1810. Furthermore, medieval authors' afterlives during any time period have not been analyzed by way of the multiple fields of specialization integrated into this study. *The Wife of Bath* is regarded through the disciplinary lenses of eighteenth-century literature, visual art, print, marketing, education, folklore, music, equestrianism, and especially theater, both in London and on the Continent.

English in Australia, 2000 **The Cumulative Book Index**, 1902 **Chaucer's Decameron and the Origin of the Canterbury Tales** Frederick M. Biggs, 2017 A major and original contribution to the debate as to Chaucer's use and knowledge of Boccaccio, finding a new source for the Shipman's Tale. A possible direct link between the two greatest literary collections of the fourteenth century, Boccaccio's *Decameron* and Chaucer's *Canterbury Tales*, has long tantalized readers because these works share many stories which are moreover placed in similar frames. And yet, although he identified many of his sources, Chaucer never mentioned Boccaccio. Indeed, when he retold the *Decameron*'s final novella, his pilgrim the Clerk states that it was written by Petrarch. For these reasons, most scholars now believe that while Chaucer might have

heard parts of the earlier collection when he was in Italy he did not have it at hand as he wrote This volume aims to change our understanding of this question It analyses the relationship between the Shipman's Tale originally written for the Wife of Bath and Decameron 8 10 not seen before as a possible source The book also argues that more important than the narratives that Chaucer borrowed is the literary technique that he learned from Boccaccio to make tales from ideas This technique moreover links the Shipman's Tale to the Miller's Tale and the new Wife of Bath's Tale Although at its core a hermeneutic argument this book also delves into such important areas as alchemy domestic space economic history folklore Irish English politics manuscripts and misogyny FREDERICK M BIGGS is Professor of English at the University of Connecticut
