Janet Christine Irons

The Wild Man From Sugar Creek The Political Career Of Eugene Talmadge:

The Wild Man from Sugar Creek William Anderson, 1975-01-01 **Before Brown** Glenn Feldman, 2004-09-13 Details the ferment in civil rights that took place across the South before the momentous Brown vs Board of Education decision in 1954 This collection refutes the notion that the movement began with the Supreme Court decision and suggests rather that the movement originated in the 1930s and earlier spurred by the Great Depression and later World War II events that would radically shape the course of politics in the South and the nation into the next century This work explores the growth of the movement through its various manifestations the activities of politicians civil rights leaders religious figures labor unionists and grass roots activists throughout the 1940s and 1950s It discusses the critical leadership roles played by women and offers a new perspective on the relationship between the NAACP and the Communist Party Before Brown shows clearly that as the drive toward racial equality advanced and national political attitudes shifted the validity of white supremacy came increasingly into question Institutionalized racism in the South had always offered white citizens material advantages by preserving their economic superiority and making them feel part of a privileged class When these rewards were threatened by the civil rights movement a white backlash occurred **Fire in a Canebrake** Laura Wexler, 2013-08-13 In the tradition of Melissa Faye Greene and her award winning *Praying for Sheetrock* extraordinarily talented debut author Laura Wexler tells the story of the Moore s Ford Lynching in Walton County Georgia in 1946 the last mass lynching in America fully explored here for the first time July 25 1946 In Walton County Georgia a mob of white men commit one of the most heinous racial crimes in America s history the shotgun murder of four black sharecroppers two men and two women at Moore s Ford Bridge Fire in a Canebrake the term locals used to describe the sound of the fatal gunshots is the story of our nation s last mass lynching on record More than a half century later the lynchers identities still remain unknown Drawing from interviews archival sources and uncensored FBI reports acclaimed journalist and author Laura Wexler takes readers deep into the heart of Walton County bringing to life the characters who inhabited that infamous landscape from sheriffs to white supremacists to the victims themselves including a white man who claims to have been a secret witness to the crime By turns a powerful historical document a murder mystery and a cautionary tale *Fire in a Canebrake* ignites a powerful contemplation on race humanity history and the epic struggle for truth **Deep Souths** J. William Harris, 2003-03-17 Finalist for the Pulitzer Prize in History Co winner of the James A Rawley Prize from the Organization of American Historians Winner of the Theodore Saloutos Memorial Book Prize from the Agricultural History Society *Deep Souths* tells the stories of three southern regions from Reconstruction to World War II the Mississippi Yazoo Delta the eastern Piedmont of Georgia and the Georgia Sea Islands and Atlantic coast Though these regions initially shared the histories and populations we associate with the idea of a Deep South all had economies based on slave plantation labor in 1860 their histories diverged sharply during the three generations after Reconstruction With research gathered from oral histories census reports and a wide variety of other

sources Harris traces these regional changes in cumulative stories of individuals across the social spectrum Deep Souths presents a comparative and ground level view of history that challenges the idea that the lower South was either uniform or static in the era of segregation By the end of the New Deal era changes in these regions had prepared the way for the civil rights movement and the end of segregation

The Literature of the Ozarks Phillip Douglas Howerton,2019 This book surveys two centuries of Ozarks literature from an Osage creation story to contemporary poetry and fiction This anthology presents writings from more than forty authors and connects these works to major literary movements while exploring their regional themes and their contributions to the social construction of the Ozarks

The Conservative Frontier Jeff Roche,2025-10-07 How West Texas business and culture molded the rise of conservatism in the United States Much of what we understand as modern American political conservatism was born in West Texas where today it predominates How did the people of such a vast region larger than New England and encompassing big cities like Lubbock and Amarillo as well as tiny towns from Anson to Dalhart develop such a uniform political culture And why and how did it go national Jeff Roche finds answers in the history of what he calls cowboy conservatism Political power players matter in this story but so do football coaches newspaper editors and a breakfast cereal tycoon who founded a capitalist utopia The Conservative Frontier follows these and other figures as they promoted an ideology grounded in the entrepreneurial and proto libertarian attitudes of nineteenth century Texas ranchers including a fierce devotion to both individualism and small town notions of community responsibility This political sensibility was in turn popularized by its association with the mythology and iconography of the cowboy as imagined in twentieth century mass media By the 1970s and the rise of Ronald Reagan Roche shows it was clear that the cowboy conservatism of West Texas had set the stage for the emergence of the New Right the more professionalized and tech savvy operation that dominated national conservative politics for the next quarter century

The Politics of Whiteness Michelle Brattain,2021-09-14 The Politics of Whiteness presents the first sustained analysis of white racial identity among workers in what was the South s largest industry the textile industry for much of the twentieth century Grounding her work in a study of Rome Georgia and surrounding Floyd County from the Great Depression to the 1970s Michelle Brattain paints a richly textured local portrait of how the varied social benefits of whiteness shaped the experience of textile millhands and as a result Southern politics In doing so she challenges traditional views of Southern politics as dominated by elites and marked by passivity among Southern workers Brattain uncovers considerable white working class political influence and activism for decades starting in the 1930s which by re creating and defending Southern institutions grounded in the idea of racial difference helped pave the way for resistance to the civil rights movement Structured chronologically this book revises the current understanding in the Southern working class context of paternalism the New Deal the 1934 General Textile Strike the Second World War and the Fair Employment Practices Commission It addresses the vast influence of Eugene Talmadge and his son in twentieth century Georgia politics and the emergence of Republican

influence in the South Finally there came the moment when formerly explicit defenses of white supremacy were transformed into an intangible but still powerful politics of whiteness The Politics of Whiteness will interest anyone concerned with the history of American politics the labor movement or race in America **Testing the New Deal** Janet Christine Irons,2000 Customary rights Homegrown unions Union management cooperation New rules Dirty deal A battle of righteousness We must get together in our organization No turning back Anatomy of a strike Which side are you on Aftermath The Life and Death of the Solid South Dewey W. Grantham,2021-10-21 Southern style politics was one of those peculiar institutions that differentiated the South from other American regions This system long referred to as the Solid South embodied a distinctive regional culture and was perpetuated through an undemocratic distribution of power and a structure based on disfranchisement malapportioned legislatures and one party politics It was the mechanism that determined who would govern in the states and localities and in national politics it was the means through which the South s politicians defended their region s special interests and political autonomy The history of this remarkable institution can be traced in the gradual rise long persistence and ultimate decline of the Democratic Party dominance in the land below the Potomac and the Ohio This is the story that Dewey W Grantham tells in his fresh and authoritative account of the South s modern political experience The distillation of many years of research and reflection is both a synthesis of the extensive literature on politics in the recent South and a challenging reinterpretation of the region s political history The New Encyclopedia of Southern Culture James W. Ely Jr.,Bradley G. Bond,Charles Reagan Wilson,2014-02-01 Volume 10 of The New Encyclopedia of Southern Culture combines two of the sections from the original edition adding extensive updates and 53 entirely new articles In the law section of this volume 16 longer essays address broad concepts ranging from law schools to family law from labor relations to school prayer The 43 topical entries focus on specific legal cases and individuals including historical legal professionals parties from landmark cases and even the fictional character Atticus Finch highlighting the roles these individuals have played in shaping the identity of the region The politics section includes 34 essays on matters such as Reconstruction social class and politics and immigration policy New essays reflect the changing nature of southern politics away from the one party system long known as the solid South to the lively two party politics now in play in the region Seventy shorter topical entries cover individual politicians political thinkers and activists who have made significant contributions to the shaping of southern politics *Defending White Democracy* Jason Morgan Ward,2011 After the Supreme Court ruled school segregation unconstitutional in 1954 southern white backlash seemed to explode overnight Journalists profiled the rise of a segregationist movement committed to preserving the southern way of life through a campaign

Jimmy Carter, American Moralist Kenneth E. Morris,1997-10-01 In the first full scale biography of America s 39th president since 1980 Kenneth Morris shows readers that any conclusions about Carter s leadership and the adequacy of his challenges as a president cannot ignore the moral quandary that vexed the nation 35 photos Atticus Finch Joseph

Crespino,2018-05-08 Who was the real Atticus Finch A prize winning historian reveals the man behind the legend The publication of Go Set a Watchman in 2015 forever changed how we think about Atticus Finch Once seen as a paragon of decency he was reduced to a small town racist How are we to understand this transformation In Atticus Finch historian Joseph Crespino draws on exclusive sources to reveal how Harper Lee s father provided the central inspiration for each of her books A lawyer and newspaperman A C Lee was a principled opponent of mob rule yet he was also a racial paternalist Harper Lee created the Atticus of Watchman out of the ambivalence she felt toward white southerners like him But when a militant segregationist movement arose that mocked his values she revised the character in To Kill a Mockingbird to defend her father and to remind the South of its best traditions A story of family and literature amid the upheavals of the twentieth century Atticus Finch is essential to understanding Harper Lee her novels and her times **Buncombe Bob** Julian M. Pleasants,2003-07-11 Robert Rice Reynolds 1884 1963 U S senator from North Carolina from 1933 to 1945 was one of the most eccentric politicians in American history His travels his five marriages his public faux pas and his flamboyant campaigns provided years of amusement for his constituents This political biography rescues Reynolds from his cartoon character reputation however by explaining his political appeal and highlighting his genuine contributions without overlooking his flaws Julian Pleasants argues that Reynolds must be understood in the context of Depression era North Carolina He capitalized on the discontent of the poverty stricken lower class by campaigning in tattered clothes while driving a ramshackle Model T a sharp contrast to his wealthy chauffeur driven opponent incumbent senator Cam Morrison In office Reynolds supported Roosevelt s New Deal Although he was not pro Nazi his isolationist stance and his association with virulent right wingers enraged his constituents and ultimately led to his withdrawal from politics Pleasants reveals Reynolds to be a showman of the first order a skilled practitioner of class politics and a unique southern politician the only one who favored the New Deal while advocating isolationist views The South and the New Deal Roger Biles,2021-05-11 When Franklin D Roosevelt was sworn in as president the South was unmistakably the most disadvantaged part of the nation The region s economy was the weakest its educational level the lowest its politics the most rigid and its laws and social mores the most racially slanted Moreover the region was prostrate from the effects of the Great Depression Roosevelt s New Deal effected significant changes on the southern landscape challenging many traditions and laying the foundations for subsequent alterations in the southern way of life At the same time firmly entrenched values and institutions militated against change and blunted the impact of federal programs In The South and the New Deal Roger Biles examines the New Deal s impact on the rural and urban South its black and white citizens its poor and its politics He shows how southern leaders initially welcomed and supported the various New Deal measures but later opposed a continuation or expansion of these programs because they violated regional convictions and traditions Nevertheless Biles concludes the New Deal coupled with the domestic effects of World War II set the stage for a remarkable postwar transformation in the affairs of the region

The post World War II Sunbelt boom has brought Dixie more fully into the national mainstream To what degree did the New Deal disrupt southern distinctiveness Biles answers this and other questions and explores the New Deal's enduring legacy in the region

Slavery, Race and American History John David Smith, 2015-03-04 These essays introduce the complexities of researching and analyzing race This book focuses on problems confronted while researching writing and interpreting race and slavery such as conflict between ideological perspectives and changing interpretations of the questions

The Collected Poems of Langston Hughes Langston Hughes, 1995-10-31 The definitive sampling of a writer whose poems were at the forefront of the Harlem Renaissance and of modernism itself and today are fundamentals of American culture OPRAH Magazine Here for the first time are all the poems that Langston Hughes published during his lifetime arranged in the general order in which he wrote them Lyrical and pungent passionate and polemical the result is a treasure of a book the essential collection of a poet whose words have entered our common language The collection spans five decades and is comprised of 868 poems nearly 300 of which never before appeared in book form with annotations by Arnold Rampersad and David Roessel Alongside such famous works as The Negro Speaks of Rivers and Montage of a Dream Deferred The Collected Poems includes Hughes's lesser known verse for children topical poems distributed through the Associated Negro Press and poems such as Goodbye Christ that were once suppressed

Confronting Jim Crow Robert Cohen, 2024-08-27 Since the onset of the Black Lives Matter protests in 2020 following the murder of George Floyd America has grappled with its racial history leading to the removal of statues and other markers commemorating pro slavery sympathizers and segregationists from public spaces Some of these white supremacist statues had stood on or near college and university campuses since the Jim Crow era symbolizing the reluctance of American higher education to confront its racist past In Confronting Jim Crow Robert Cohen explores the University of Georgia's long history of racism and the struggle to overcome it shedding light on white Georgia's historical amnesia concerning the university's role in sustaining the Jim Crow system By extending the historical analysis beyond the desegregation crisis of 1961 Cohen unveils UGA's deep rooted anti Black stance preceding formal desegregation efforts Through the lens of Black and white student faculty and administration perspectives this book exposes the enduring impact of Jim Crow and its lingering effects on campus integration

The White House Looks South William Edward Leuchtenburg, 2005 At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people's lives and that presidents can be change makers Jacket

The Unemployed People's Movement James J. Lorence, 2011-03-01 In Georgia during the Great Depression jobless workers united with the urban poor sharecroppers and tenant farmers In a collective effort that cut across race and class boundaries they confronted an unresponsive political and social system and helped shape government policies James J Lorence adds significantly to our understanding of this movement which took

place far from the northeastern and midwestern sites we commonly associate with Depression era labor struggles Drawing on extensive archival research including newly accessible records of the Communist Party of the United States Lorence details interactions between various institutional and grassroots players including organized labor the Communist Party the Socialist Party liberal activists and officials at every level of government He shows for example how the Communist Party played a more central role than previously understood in the organization of the unemployed and the advancement of labor and working class interests in Georgia Communists gained respect among the jobless especially African Americans for their willingness to challenge officials help negotiate the welfare bureaucracy and gain access to New Deal social programs Lorence enhances our understanding of the struggles of the poor and unemployed in a Depression era southern state At the same time we are reminded of their movement s lasting legacy the shift in popular consciousness that took place as Georgians influenced by a new sense of entitlement fostered by the unemployed organizations began to conceive of new more equal relations with the state

Decoding **The Wild Man From Sugar Creek The Political Career Of Eugene Talmadge**: Revealing the Captivating Potential of Verbal Expression
