The Word And The Cross The Word And The Cross:

The Word of the Cross Stan Lemke, 2016-11-22 Paul writes For the word of the cross is foolishness to those who are perishing but to us who are being saved it is the power of God 1 Cor 1 18 NASU The word of the cross is the unveiled story of the Gospel our salvation It speaks of Gods purpose in the cross the power of the cross even the plan and mystery of the cross The cross is seen as either Foolishness or Power foolishness by those who are perishing those who have ignored God their entire life and yet think that they will one day live in His heaven Whereas to those who are being saved the cross is the very power of God The Word of the Cross is a study of the Gospel the good news of reconciliation with God We begin by seeking to understand the question Why the cross We observe as God builds a bridge of trust by demonstrating his own faithfulness through the generations giving us signs and tokens of remembrance of his grace We will see that the cost of our sin debt is beyond our reach that only God could provide a means to cover it We will look upon the paschal lamb Jesus Christ as the only solution to that debt We will come face to face with the cross and observe as our sin debt is paid Finally we will look beyond the cross to understand what this means for us even now The word of the cross is life life eternal **Words from the Cross, Lent Lectures, 1875: and Thoughts for These Times, University Sermons, 1874** Charles John Vaughan (Dean of Llandaff.), 1875 **The Word of the Cross** Watchman Nee, 1991-07 This book represents the early writings of the noted Chinese pastor writer Watchman Nee from the years 1922 1927 Taken together the writings present a balanced picture of normal Christian living **The Word and the Cross** Stanislas Breton, 2002 In times that have challenged contemporary illusions many seek to recover the Christian vocabulary of suffering the cross and a hope freed of triumphalism and exclusivity Stanislas Breton presents the nothingness of the cross in its infirmity and paradoxical power Blending the poetic with the philosophical faith with interrogation mystical and practical ancient and new he seeks to lift the cross from its imprisonment in ontologies of abundance and in a history of compromise The Word and the Cross distills the meditation of a thinker in his prime on the possibility of the Christian and Christianity to find within a principle of a critique and source of renewal Breton draws first upon Scripture examining the way in which the cross has been present in our world beginning with Paul s preaching of it as Logos folly moria and power dunamis In a startlingly original interpretation Breton first interrogates the emergence of the cross as Sign of Contradiction in the world of Greek and Jew and then traces its destiny in politics in theology and in the poignant theater of the fools of Christ Enriching scriptural exegesis with allusions to neoplatonism Sufi mysticism and diverse theologies Breton offers a more profound understanding of kenosis that privileges the language of service and engagement Passing beyond philosophies of dissonance and even the via negativa he argues for a commitment to evangelical justice and human community that demands of the Christian and Christianity as of all systems and religions an inner principle of renewal and self critique The cross as a Sign of Contradiction functions as such a principle Breton presents it on many levels spiritual philosophic linguistic and poetic With modesty and power he focuses upon this

mark of interrogation preparing the way of the Word in our world The Word and the Cross is the first translation in the United States of this major contemporary French thinker introducing rich resources for further exploration *The Word of the Cross in a World of Glory* Philip Ruge-Jones,2008 Explores the cross in the New Testament Reformation Middle America and the Third World Includes questions for discussion and additional resources *Seven Words to the Cross* Robert Franklin Jones,1961

7 Greatest Words of the Greatest Man Ever Lived Rev. Dr. T. P. Samuel Stuart,2024-03-18 The author has been preaching on these seven Words of Christ from the cross for more than 50 years on Good Fridays in various Churches including the Holy Trinity English Church CSI at Tuticorin Town where he is ministering as a pastor His book on the Seven Words of Christ in Tamil written in 2007 has been well received by the Tamil speaking Christians all over the world To share the benefit with more children of God he desired to publish the book in English This book however is not a translation of the Tamil book Rather he has written afresh in English in a simple language so that any person with a basic knowledge of English could understand The Message of the book About two thousand years ago the Heavenly Virtue The Holy One came to the world in human form in the Person of our Lord Jesus Christ the religious men of His time instead of prostrating at His feet in worship they had Him nailed to the Cross But our Lord in His death saved humankind from 1 the bondage of sin 2 the slavery of Satan 3 the fear of death and 4 the Great Judgment of God By His death upon the cross Christ revealed His eternal opposition of God to sin In God s redemptive Plan of the Ages the salvation of man necessitated the vicarious suffering cum death of God the Creator Jesus life shows us how one should live the human life in this God hating world In Him the Perfect Goodness is expressed in a human character He the Son of God came to the world and lived a Perfect Life which is unique from any other life that was ever lived or has ever since been lived *The Witch of Endor; Or the Witchcrafts of the Roman Jesebel: in which You Have an Account of the Exorcisms Or Conjurations of the Papists, Etc* Titus OATES,1679

May I Have a Word With You? David Tickner, Words are the foundation of all communication the foundation upon which we build our understanding of the world around us of nature philosophy faith and of ourselves But where do those words come from Using humor and insight paired with in depth etymological knowledge the author explores the origins of over two hundred words commonly found within the sphere of religion and spirituality Created to give voice to reflection and emotion such words are like windows we can look through to see the meaning and wonder of our lives As such the more we know about how they evolved the more we can appreciate the experiences and wisdom of those who created them and recognize how such words continue to evolve in use and meaning This provocative book will help you rethink the words you use to speak about spirituality and faith This book will give you a new appreciation for their origins and power
