From the Risale-i Nur Collection: The words Said Nursi,1992 **The Words** Said Nursi,2005 The Words forms the first part of the Risale i Nur collection an approximately 6 000 page Qur anic commentary In this commentary Bediuzzaman Said Nursi s main concern is how to save and strengthen one s religious belief when confronted with the current prevalent materialist philosophy It does not explain when or why a verse was revealed but rather the truth that it represents Subjects discussed are God resurrection prophethood destiny ego worship and how the truth of these matters is revealed through nature The author also analyzes naturalist and materialist philosophy as well as scientific theories and findings and refutes them based on evidence that is clearly apparent in nature itself **The Words** Said Nursi,2001 From the Risale-i Nur Collection Said Nursi,1993 **From the Risale-i Nur Collection : the Words** Said Nursi,1992 *The Words* ,

Spiritual Dimensions of Bediuzzaman Said Nursi's Risale-I Nur Ibrahim M. Abu-Rabi?,2008-07-24 The Nur community is one of the most significant religious and social movements in contemporary Turkey with millions of adherents and a strong institutional and educational system throughout the country This volume presents a picture of its spiritual dimensions by focusing on the ideas of its founder Turkish theologian Bediuzzaman Said Nursi 1877 1960 Prominent scholars in contemporary Islamic studies and comparative spirituality examine the various facets of Nursi s spirituality as revealed in his magnum opus Risale i Nur which began to take shape in the 1920s and is considered Nursi s deep reflection on the Qur an in light of rapidly changing conditions in Turkey Nursi argued that Islam must be organically linked to empire in order to preserve its identity in the modern era fostering a spiritual tradition that has steadfastly survived the secular project of Kemalism Book jacket **From the Risale-i Nur Collection** Said Nursi,1998 **The Secret behind our trials --,**

Beginnings and Endings Walter H. Wagner,2013-10-07 Walter Wagner attempts to present a framework of understanding that outlines the philosophy and theology of Fethullah Gulen a worldwide known scholar of Islam who inspired a global movement of education and interfaith dialogue This book shows how G len s vision for the present and future makes the present and future forms of Hizmet an essential part of his wider and urgent call for the formation of a community of religiously committed and non religiously committed persons to work toward a just equitable and prosperous world now

Bediuzzaman Said Nursi Ramazan Balci,2013-03-01 In the many dimensions of his lifetime of achievement as well as in his personality and character Bedi zzaman Said Nursi 1877 1960 was and through his continuing influence still is an important thinker and writer in the Muslim world At a time when science and philosophy were tools of an aggressive ideology of secularism Nursi strove for the revival of an Islamic consciousness Even though his nonviolent stance was clear he was seen as a potential danger and exiled to different corners of Anatolia During the exile he started writing his magnum opus Risale i Nur Epistles of Light by which he aimed to guide people to the truths of faith and make them understand the Qur an correctly This book provides a summary of this hard but fruitful life spent in the way of faith *God, Man, and Mortality*

Hasan Horkuc,2015-04-07 *God Man Mortality* is a collection of essays written both by seasoned and by up and coming scholars working the field known as Nursi studies The aim of these essays is to hold a mirror up to Nursi s teachings on a number of issues just as Nursi held a mirror up to the teachings of the Qur an The scope is broad covering subjects such as Divine immanence and transcendence human spirituality and man s role as Divine vicegerent Divine determining and free will and human conscience as evidence of the existence of God The topics presented by the authors are unashamedly theocentric in nature discussions on politics and legal theory are conspicuous by their absence We benefit from the depth of awareness that the contributors clearly have of Nursi s teachings and his place in the Muslim academe as well as from their lucid expository styles and strong authorial voices *Theodicy and Justice in Modern Islamic Thought* Mr Ibrahim M Abu-Rabi,2013-06-28 This book explores the theology and philosophy of the distinguished modern Muslim scholar and theologian Bediuzzaman Said Nursi d 1960 Nursi wrote in both Ottoman Turkish and Arabic and his life and thought reflected the transition of modern Turkey from an empire to a secular republic The contributors to this volume shed new light on two major dimensions of Nursi s thought theodicy and justice Classical Muslim theologians debated these two important issues however we must consider the modern debate of these issues in the context of the radical political and social transformations of modern Turkey Nursi explored these matters as they related to the development of state and society and the crisis of Islam in the modern secular nation state Nursi is the founder of a faith movement in contemporary Turkey with millions of followers worldwide In this book distinguished scholars in Islamic Middle Eastern and Turkish Studies explore Nursi s thought on theodicy and justice in comparison with a number of western philosophers theologians and men of letters such as Dante Merton Kant and Moltman This book presents an invaluable resource for studies in comparative religion philosophy and Islamic and Middle Eastern Studies **Wisdom in The Crises of Cyber-Capitalism** Dr. Ahmet EFE,2020-09-04 Now capitalism became more dependent on ICT knowledge and innovative skills with the advent of nanotechnology bio chemical researches DNA engineering artificial intelligence quantum computing IoT big data e governance industry 4 0 and interactive social media Nearly all of former tacit knowledge became explicit and has been available for netizens of the cyber world Even human privacy government credentials and business secrets have been revealed easily by wiki leaks and omnipresent social media However more than goodness of this kind of improvements and economic development evil sides of digital divide trolls fake accounts propaganda social engineering and dirty information has been emerged like thorns to roses I have aimed to add value to the area by putting a systematic integrative and disciplined approach to the reality of cyber capitalism which is a new mode of production and socio technological relations that covers innovative processes of both public and private domains Science politics economics and nuclear military have confessed their impotency and insufficiency against a miniscule virus called COVID19 that halted all dynamics and potentialities of the ultra and sub systems of capitalism Without rhetorical dogmas of historical materialism and deterministic

philosophy against the capitalism we have tried a unique methodology of Divine point of view to obtain wisdom in the complex systems and intertwining relations using infusion of different knowledge domains in relation with capitalist dynamics

An Introduction to Said Nursi Ian S. No Peace Without Prayer Timothy Wright, 2013-11-07 Abbot Timothy Wright proposes sowing a small seed from which might grow a greater respect between

the world's two largest religions Christianity and Islam. Indeed, he believes that the seed has already been planted. Christians give unique value to their revealed Scriptures as the Word of God. Muslims speak of the Qur'an as God speaking to them. In *No Peace without Prayer*, Wright presents the case for developing this faith in the Word of God to establish groups of Christians and Muslims dedicated to sharing their respective Divine Word in ways that enhance the other. This is not a tussle for converts but a way into greater mutual understanding under the eye of the God who communicates this Word to create a new shared memory. Such is a work of prayer, a prayer that could lead to greater peace. The key word, says Wright, is partnership arising from their shared belief in the One God, creator of the universe, communicating with the human world and merciful to the repentant.
