The New Age Magazine, 1915 *Isis Unveiled is a Treasure of Light and Knowledge, which exceeds all riches* Helena Petrovna Blavatsky, Henry Steel Olcott, Alexander Wilder, 2025-02-07 Part 1 Introductory and historical notes on the trans Himalayan Adepts and other prominent contributors involved in the literary production of *Isis Unveiled* Isis is Divine Wisdom beheld by the pure in heart and symbol

of abstract Mother Nature personified as Virgin and so is the Rosicrucian Rose anagram of the Orphic Eros Isis Unveiled is the most influential book of modern times and a revolutionary act of brotherly love and sympathy with every creature including the gnat that dances in the rays of the sun In the summer of 1875 Madame Blavatsky began sketching out a plan for unveiling Isis the Lunar Goddess The awesome task of revealing the secrets of Nature began in a small flat in a modest district of New York directed and overseen by Masters of Eastern Occultism Isis Unveiled was a collaborative production between Mme Blavatsky and several Adepts of the trans Himalayan Arhat Esoteric School An Adept can transfer part of his consciousness to a disciple messenger or mediator in order for the latter to carry out a task upon the former's behest in the outer world or to teach The Tibetan term for this delegated authority is Tulku whereby the messenger is doing his Master's bidding by mutual consent While the medium of the sances is a hapless and helpless instrument of erratic and vagrant astral forces the mediator in Tulku is a willing intermediary between the Brotherhood of trans Himalayan Adepts and humanity at large Such a mediator may be also called a transmitter as was the case with Mme Blavatsky In the course of Col Olcott's training Mme Blavatsky assigned topics to write about and suggesting the salient points that should be brought in But she could hardly conceal her exasperation at Olcott's often jumbled and confused ideas and expressed her frustration in no uncertain terms When receiving mental dictation Mme Blavatsky's pen would be flying over the page when she would suddenly stop look out into space with the vacant eye of the clairvoyant seer as though looking at something held before her and then copying what she saw Thus Mme Blavatsky led by the Celestial Light of Lakshmi kept gazing at the grandest repository of all ages hidden in the fathomless realms of Occultism Someone comes and envelops me as a misty cloud pushes me out of myself and then I am not Helena Petrovna Blavatsky but someone else someone strong and powerful born in a totally different region of the world and as to myself it is almost as if I were asleep or lying by not quite conscious not in my own body but close by held only by a thread which ties me to it He who knows all my Master dictates to me and occasionally others whom I knew years ago in my travels When writing upon a subject I know little or nothing of I address myself to Them and one of Them allows me to write down what I see in manuscripts and even printed matter that pass before my eyes in the air Madame Blavatsky was living in two parallel worlds the spiritual and the natural She began unveiling Isis upon her return from ten years travelling in the Caucasus and other remote lands shimmering with snow where her occult faculties and powers to heal were heightened widely admired and gratefully appreciated by those who were fortunate enough to have met her The editorial board of Isis consisted of several Adepts and Initiates inwardly of one mind as to the timing of lifting Her mysterious veil and unfurling it from East to West Outwardly however they were all of dissimilar idiosyncrasies mental characteristics predilections and peculiarities of temper directing their thoughts to a living writing machine H P Blavatsky Col H S Olcott recalls some of the personalities of the editorial board One when deeply pondering was constantly pulling at his long moustache twisted into his side whiskers another of a fine artistic talent and a passion for mechanical invention

disliked English so much that only talked to me in French One would reel off to me poetical stanzas embodying sublime ideas alternating with humorous mode another was jovial fond of good stories and witty to a degree One was all dignity reserve and erudition another calm patient and helpful One was testy and sometimes exasperating another always willing to emphasise his philosophical or scientific explanation of the subjects I was to write upon by doing phenomena for my edification while to another I dared not even mention them At one time a huffy Adept rebuked thrifty Olcott over a pencil Despite the diverse Occult Agencies involved in the production of Isis Unveiled there was a clear sense of individuality and deep conviction running throughout it and Mme Blavatsky s other works something special and unique to herself There were times when Mme Blavatsky was neither controlled nor dictated to by any superior intelligence but was simply H P B our beloved friend and teacher who was trying as well as she could to carry out the noble object of her literary mission As daylight passing through the cathedral s windows becomes coloured to the tints of the stained glass so the thoughts transmitted by the Masters to Mme Blavatsky s brain were coloured by her own literary style Still though her modes of expression may have been somewhat different the innermost train of thought was the same While the principal contributors to the production of Isis Unveiled were enlightened living men of great learning and wisdom they were joined by at least one disincarnate yet earth bound entity Sir Henry More of the truest Platonists of modern times a precious ornament to our race a glory to his country and so pure and unselfish that the Masters held him in profound esteem Sir Henry s mind had been so intensely employed in purely intellectual speculation that his spirituality had been temporarily stifled Though he did not materialize and sit with us he would converse with Mme Blavatsky psychically dictating copy telling her what references to trace answering Olcott s questions and making scholarly contributions to the literary symposium When Mme Blavatsky first arrived in America she could hardly speak or write English Having learned a good deal of English from her Master and Teacher His verbal expressions and construction of sentences can be traced like the course of a river throughout her writings Madame Blavatsky admitted that the first edition of Isis Unveiled hailed by some as masterpiece and monumental work had given her more anxiety and trouble than anything else during a lifetime more full of thorns than of roses it had no system in it as if a mass of unconnected paragraphs shaken up in a wastebasket taken out at random and published with hideous metamorphoses of one word into another misprints and misplaced quotation marks Nevertheless descending from on high like manna from heaven Isis has been appreciated by those who by separating the kernel of wisdom from the dead shell can discern the true from the false Regardless of its literary shortcomings Isis affords lucid glimpses to hitherto concealed regions of Eastern Knowledge over which Western minds have brooded silently until 1877 And to this day Isis Unveiled remains a Treasure of Light and Knowledge which exceeds all riches Little wonder that Isis Unveiled unleashed an unprecedented torrent of ugly accusations from venomous and unscrupulous tongues pouring all their wrath upon Mme Blavatsky It was an unholy alliance of libellous charges from fraud and immorality down to the Russian spy and charlatan

innuendos accusing Mme Blavatsky of acting on false pretences being a living lie a habitual drunkard an emissary of the Pope an agent of the Jesuits to break down Spiritualism and suchlike absurd yet brutal slander Thought acts independently of the brain which gave it birth Once generated and released that thought will live by its own energy It therefore stands to reason that as thought is beyond space and time when two minds are in perfect psycho magnetic resonance and of these two one is Adept in Occult Sciences then His thoughts from an immeasurable distance become as comprehensible to the other as if spoken across a room Madame Blavatsky's contempt for slanderers was too great to permit her to notice them she left all calumnies and the nauseating filth unrefuted rather than stooping to the gutter and risk dirtying her feet Madame Blavatsky extends her deep gratitude for the vital contributions of 1 Henry Steel Olcott for correcting the English and proof reading Isis suggesting that the work should be divided into chapters and that Vol I to be devoted to Science and Vol II to Theology 2 Alexander Wilder for correcting the Greek Latin and Hebrew words suggesting quotations writing the greater part of the Introduction Before the Veil and compiling a brilliant Index What Mme Blavatsky claims as her own are the fruits of her learning and studying in fields uncharted by modern science and unknown to the West A most reprehensible oversight by Mr J W Bouton Publisher of Isis Unveiled who pretended to be Mme Blavatsky's friend In a brazen and dishonourable move Bouton asserted copyright under his name instructed Dr Alexander Wilder whom he employed as reader to abridge the text as much as it would bear and refused every proposition afterward to transfer copyright ownership to H P Blavatsky or to drop the price to a reasonable level Isis Unveiled the bestseller in 1877 went through at least twelve reprints each deceptively marketed as new edition by Bouton the assumed copyright owner But as all such editions came from the same printer's plates they perpetuated the same errors and while the print quality kept fading away Bouton's earnings became blessed beyond measure Isis Unveiled was a tentative effort to divert the attention of the Spiritualists from their hard crusted preconceptions to the true state of post mortem existence However Isis was not entirely unveiled but rents sufficiently large were made to afford flitting glances by the student's spiritual insight There is no contradiction between a passage referred as the Trinity Doctrine man's imperishable monas i e Atman Buddhi Manas and the later theosophical teachings simply because the Septenary Constitution of Man had not been divulged at the time when Isis was written The publication of Isis unleashed petty and virulent criticism regarding the provenance of quotations from and references to various authorities As no accusations could be made against its sublime philosophical concepts bringing out to everyone whether profane or profound Occult Knowledge and Truths we can safely conclude that the sole aim of the ruthless and opinionated literary criticism was to discredit Mme Blavatsky Ingratitude brings about its own demise and irrelevancy No amount of scholarly criticism can justify the unsubstantiated accusations of wholesale plagiarism especially when the sincerity of purpose and noble objective of Isis Unveiled have been acclaimed by independent thinkers and highly esteemed by those who read it In January 1884 Mme Blavatsky began rewriting and amplifying Isis Unveiled expanding it like the bud of the lotus and calling it The Secret

Isis Unveiled: Science Helena Petrovna Blavatsky, 1988 *Isis Unveiled* was H. P. Blavatsky's first major literary effort, a critical response to the growing materialism in both scientific and religious institutions and a vindication of the ageless quest. In the author's words, *Isis* is the fruit of a somewhat intimate acquaintance with Eastern adepts and study of their science. They showed us that by combining science with religion, the existence of God and immortality of man's spirit may be demonstrated. Supported by extensive evidence from religious and mystical traditions, classical scholarship, and the testimony of nature, these volumes aid the student in detecting the vital principles which underlie the philosophical systems of old. Volume I focuses on the prevailing scientific theories of the time, balanced against the anciently universal Wisdom Religion, while Volume II examines the creeds of religions past and present alongside the myths and symbols of various cultures. Throughout, the author strikes at the root of dogma and affirms the paramount importance of re-establishing the Hermetic philosophy in a world which blindly believes it has outgrown it. This edition also includes two articles by H. P. Blavatsky on the writing of *Isis Unveiled*: *My Books 1891* and *Theories About Reincarnation and Spirits 1886*. Science Helena Petrovna Blavatsky, 1884 **Isis Unveiled (Vol. 1&2)**

Helena Blavatsky, 2019-04-26 *Isis Unveiled* is a two-volume classic of esoteric philosophy which discusses occult science and the hidden and unknown forces of nature as well as the similarity of Christian scripture to Eastern religions such as Buddhism, Hinduism, the Vedas, and Zoroastrianism. The book follows the Renaissance notion of *prisca theologia* in that all these religions purportedly descend from a common source, the ancient Wisdom Religion. Isis Unveiled: A Master-Key to the Mysteries of Ancient and Modern Science and Theology (Complete) Helena Petrovna Blavatsky, 1919-01-01 The work now submitted to public judgment is the fruit of a somewhat intimate acquaintance with Eastern adepts and study of their science. It is offered to such as are willing to accept truth wherever it may be found and to defend it even looking popular prejudice.

straight in the face It is an attempt to aid the student to detect the vital principles which underlie the philosophical systems of old The book is written in all sincerity It is meant to do even justice and to speak the truth alike without malice or prejudice But it shows neither mercy for enthroned error nor reverence for usurped authority It demands for a spoliated past that credit for its achievements which has been too long withheld It calls for a restitution of borrowed robes and the vindication of calumniated but glorious reputations Toward no form of worship no religious faith no scientific hypothesis has its criticism been directed in any other spirit Men and parties sects and schools are but the mere ephemera of the world s day Truth high seated upon its rock of adamant is alone eternal and supreme We believe in no Magic which transcends the scope and capacity of the human mind nor in miracle whether divine or diabolical if such imply a transgression of the laws of nature instituted from all eternity Nevertheless we accept the saying of the gifted author of Festus that the human heart has not yet fully uttered itself and that we have never attained or even understood the extent of its powers Is it too much to believe that man should be developing new sensibilities and a closer relation with nature The logic of evolution must teach as much if carried to its legitimate conclusions If somewhere in the line of ascent from vegetable or ascidian to the noblest man a soul was evolved gifted with intellectual qualities it cannot be unreasonable to infer and believe that a faculty of perception is also growing in man enabling him to descry facts and truths even beyond our ordinary ken Yet we do not hesitate to accept the assertion of Biff that the essential is forever the same Whether we cut away the marble inward that hides the statue in the block or pile stone upon stone outward till the temple is completed our NEW result is only an old idea The latest of all the eternities will find its destined other half soul in the earliest It was while most anxious to solve these perplexing problems that we came into contact with certain men endowed with such mysterious powers and such profound knowledge that we may truly designate them as the sages of the Orient To their instructions we lent a ready ear They showed us that by combining science with religion the existence of God and immortality of man s spirit may be demonstrated like a problem of Euclid For the first time we received the assurance that the Oriental philosophy has room for no other faith than an absolute and immovable faith in the omnipotence of man s own immortal self We were taught that this omnipotence comes from the kinship of man s spirit with the Universal Soul God The latter they said can never be demonstrated but by the former Man spirit proves God spirit as the one drop of water proves a source from which it must have come Tell one who had never seen water that there is an ocean of water and he must accept it on faith or reject it altogether But let one drop fall upon his hand and he then has the fact from which all the rest may be inferred After that he could by degrees understand that a boundless and fathomless ocean of water existed Blind faith would no longer be necessary he would have supplanted it with KNOWLEDGE When one sees mortal man displaying tremendous capabilities controlling the forces of nature and opening up to view the world of spirit the reflective mind is overwhelmed with the conviction that if one man s spiritual Ego can do this much the capabilities of the Father Spirit must be relatively as much vaster as the whole ocean surpasses the single drop in

volume and potency Ex nihilo nihil fit prove the soul of man by its wondrous powers you have proved God In our studies mysteries were shown to be no mysteries Names and places that to the Western mind have only a significance derived from Eastern fable were shown to be realities Reverently we stepped in spirit within the temple of Isis to lift aside the veil of the one that is and was and shall be at Sa s to look through the rent curtain of the Sanctum Sanctorum at Jerusalem and even to interrogate within the crypts which once existed beneath the sacred edifice the mysterious Bath Kol The Filia Vocis the daughter of the divine voice responded from the mercy seat within the veil and science theology every human hypothesis and conception born of imperfect knowledge lost forever their authoritative character in our sight The one living God had spoken through his oracle man and we were satisfied Such knowledge is priceless and it has been hidden only from those who overlooked it derided it or denied its existence
