Understanding Art Education through the Lens of Threshold Concepts Matthew Ravenstahl, 2021-12-13 This is an important book on the value of art education and the nature of having the affective dimension at the core of the visual art learning environment The case studies are powerful and varied providing an unapologetic view of the transformative impact such learning environments can have upon students and the epistemic value of engagement in the visual arts Moreover the case studies speak to an emotional level of the reader The author provides a digestible theoretical support for understanding the journey these

students have undergone which can empower educators to rethink their existing pedagogy

The Visual Turn and the Transformation of the Textbook James A. Teresa Torres De Eca, Rachel Kroupp, Bick Har Lam, 2011 It is widely agreed in art education literature that art educators need to think about the possibility of widening the concept of art education Educators need to understand the context of learning and for that they need to understand student interests in both local and global aspects This book values young people's expression of their own culture and personal interests It is unique in that the starting point is the drawings of the young people not to illustrate a predetermined theory but to enable young people from different countries to express their visions about the world

Teaching and Assessing Social Justice Art Education Karen Keifer-Boyd, Wanda B. Knight, Adetty Pérez de Miles, Cheri E. Ehrlich, Yen-Ju Lin, Ann Holt, 2022-09-07 This incisive and wholly practical book offers a hands on guide to developing and assessing social justice art education for K 12 art educators by providing theoretically grounded social justice art education assessment strategies Recognizing the increased need to base the K 12 curriculum in social justice education the authors ground the book in six social justice principles conceptualized through art education to help teachers assess and develop curriculum design pedagogy and foster social justice learning environments From encouraging teachers to be upstanders to injustice to engaging in decolonial action this book provides a thorough guide to facilitating and critiquing social justice art education and engaging in reflexive praxis as educators Rich in examples and practical application this book provides a clear pathway for art educators to connect social justice art education with real life educational assessment expectations 21st century learning literacy social skills teacher performance based assessment and National Core Art Standards making this text an invaluable companion to art educators and facilitators alike [International Handbook of Research in Arts Education](#)

Liora Bresler, 2007-09-04 Providing a distillation of knowledge in the various disciplines of arts education dance drama music literature and poetry and visual arts the Handbook synthesizes existing research literature helps define the past and contributes to shaping the substantive and methodological future of the respective and integrated disciplines of arts education While research can at times seem distant from practice the Handbook aims to maintain connection with the lived practice of art and of education capturing the vibrancy and best thinking in the field of theory and practice The Handbook is organized into 13 sections each centering on a major area or issue in arts education research These areas include History of arts education curriculum evaluation cultural centers appreciation composition informal

learning child culture creativity the body spirituality and technology The individual chapters address cross cultural research related to the central theme of the section from the perspectives of the particular arts discipline Interludes provide reflective thoughts on the theme

Resources in Education ,2001 *Handbook of Research and Policy in Art Education* Elliot W. Eisner,Michael D. Day,2004-04-12 The Handbook of Research and Policy in Art Education marks a milestone in the field of art education Sponsored by the National Art Education Association and assembled by an internationally known group of art educators this 36 chapter handbook provides an overview of the remarkable progress that has characterized this field in recent decades Organized into six sections it profiles and integrates the following elements of this rapidly emerging field history policy learning curriculum and instruction assessment and competing perspectives Because the scholarly foundations of art education are relatively new and loosely coupled this handbook provides researchers students and policymakers both inside and outside the field an invaluable snapshot of its current boundaries and rapidly growing content In a nutshell it provides much needed definition and intellectual respectability to a field that as recently as 1960 was more firmly rooted in the world of arts and crafts than in scholarly research

Victorian Year-book ,1973 **The Value of Drawing Instruction in the Visual Arts and Across Curricula** Seymour Simmons III,2021-03-29 By applying philosophical and historical perspectives to drawing instruction this volume demonstrates how diverse teaching methods contribute to cognitive and holistic development applicable within and beyond the visual arts Offering a new perspective on the art and science of drawing this text reveals the often unrecognized benefits that drawing can have on the human mind and thus argues for the importance of drawing instruction despite and even due to contemporary digitalization Given the predominance of visual information and digital media visual thinking in and through drawing may be an essential skill for the future As such the book counters recent declines in drawing instruction to propose five Paradigms for teaching drawing as design as seeing as experience and experiment as expression and as a visual language with exemplary curricula for pre K12 art and general education pre professional programs across the visual arts and continuing education With the aid of instructional examples this volume dispels the misconception of drawing as a talent reserved for the artistically gifted and posits it as a teachable skill that can be learned by all This text will be of primary interest to researchers scholars and doctoral students with interests in drawing theory and practice cognition in the arts positive psychology creativity theory as well as the philosophy and history of arts education Aligning with contemporary trends such as Design Thinking STEAM and Graphicacy the text will also have appeal to visual arts educators at all levels and other educators involved in arts integration
