The Works of Theodore Roosevelt ...: The winning of the West Theodore Roosevelt, [The Winning of the West](#)

Theodore Roosevelt,1995 The Winning of the West remains one of the greatest works of western history It reflects the

character of its author It is sometimes quirky and full of prejudices and blind spots but it is cultivated and sweeping in its learning and encompassing in its judgments John Milton Cooper Jr After political defeats and the loss of half his capital in a ranching venture in North Dakota Theodore Roosevelt began writing his ambitious history of the conquest of the American West in 1888 He projected a sweeping drama well documented and filled with Americans fighting Indian confederacies north and south while dealing with the machinations of the British French and Spanish and their sympathizers Roosevelt wanted to show how backwoodsmen such as Daniel Boone and Simon Kenton followed by hardy pioneer settlers gave the United States eventual claim to land west of the Alleghanies Heroism and treachery among both the whites and the Indians can be seen in his rapidly shifting story of a people on the move By force and by treaty the new nation was established in the East and when the explorers and settlers pushed against the Mississippi everything west of the river was considered part of that nation This volume describes the first settlers from Virginia Pennsylvania and North Carolina moving out to the land between the Ohio and Tennessee Rivers It proved to be a dark and bloody ground bordered by Indian tribes Boone and the Long Hunters cut their way through the forests into Kentucky John Sevier campaigned against the Cherokees families huddled in wilderness forts The introduction is by John Milton Cooper Jr a professor of history at the University of Wisconsin Madison and the author of *The Warrior and the Priest* Woodrow Wilson and Theodore Roosevelt

The Winning of the West, Volume 1 from the Alleghanies to the Mississippi Theodore Roosevelt, 2018-07-08 The Winning of the West Volume 1 From the Alleghanies to the Mississippi 1769 1776 by Theodore Roosevelt During the past three centuries the spread of the English speaking peoples over the world s waste spaces has been not only the most striking feature in the world s history but also the event of all others most far reaching in its effects and its importance The tongue which Bacon feared to use in his writings lest they should remain forever unknown to all but the inhabitants of a relatively unimportant insular kingdom is now the speech of two continents The Common Law which Coke jealously upheld in the southern half of a single European island is now the law of the land throughout the vast regions of Australasia and of America north of the Rio Grande The names of the plays that Shakespeare wrote are household words in the mouths of mighty nations whose wide domains were to him more unreal than the realm of Prester John Over half the descendants of their fellow countrymen of that day now dwell in lands which when these three Englishmen were born held not a single white inhabitant the race which when they were in their prime was hemmed in between the North and the Irish seas to day holds sway over worlds whose endless coasts are washed by the waves of the three great oceans We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality

product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

The Winning of the West, Volume 4 Louisiana and the Northwest, 1791-1807 Roosevelt Theodore, 2016-06-21 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The Winning of the West Volume I Theodore Roosevelt, 2019-05-31 Theodore Roosevelt 1858-1919 was the 26th President of the United States an adventurer soldier and historian This volume starts by showing how the Europeans westward expansion across America was an extension of the Germanic *v lkerwanderung* and then moves on to describe tribulations and heroic efforts of the early settlers who opened up the first trails westward from the original thirteen colonies Roosevelt pulls no punches in describing the intense racial conflict and the cruel warfare which followed The Creeks owed the land which they possessed to murder and rapine they mercilessly destroyed all weaker communities red or white they had no idea of showing justice or generosity toward their fellows who lacked their strength and now the measure they had meted so often to others was at last to be meted to them Not only were the Indians very terrible in battle but they were cruel beyond all belief in victory and the gloomy annals of border warfare are stained with their darkest hues because it was a war in which helpless women and children suffered the same hideous fate that so often befell their husbands and fathers It was a war waged by savages against armed settlers whose families followed them into the wilderness Such a war is inevitably bloody and cruel but the inhuman love of cruelty for cruelty s sake which marks the red Indian above all other savages rendered these wars more terrible than any others For the hideous unnamable unthinkable tortures practiced by the red men on their captured foes and on their foes tender women and helpless children All men knew that the prisoners who fell into Indian hands of whatever age or sex often suffered a fate hideous and revolting beyond belief and beyond description It was inevitable indeed it was in many instances proper that such deeds should awake in the breasts of the whites the grimmest wildest spirit of revenge and hatred

WINNING OF THE WEST Theodore 1858-1919 Roosevelt, 2016-08-28 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a
