Religion and Ecology Whitney A. Bauman, 2014-04-29 Moving beyond identity politics while continuing to respect diverse entities and concerns Whitney A Bauman builds a planetary politics that better responds to the realities of a pluralistic world Calling attention to the historical political and ecological influences shaping our understanding of nature religion humanity and identity Bauman collapses the boundaries separating male from female biology from machine human from more than human and religion from science encouraging readers to embrace hybridity and the inherent fluctuations of an open evolving global community As he outlines his planetary ethic Bauman concurrently develops an environmental ethic of movement that relies not on place but on the daily connections we make across the planet He shows how both identity politics and environmental ethics fail to realize planetary politics and action limited as they are by foundational modes of thought that create entire worlds out of their own logic Introducing a postfoundational vision not rooted in the formal principles of nature or God and not based in the idea of human exceptionalism Bauman draws on cutting

Charity Gary A. Anderson, 2013-08-27 It has long been acknowledged that Jews and Christians distinguished themselves through charity to the poor Though ancient Greeks and Romans were also generous they funded theaters and baths rather than poorhouses and orphanages How might we explain this difference In this significant reappraisal of charity in the biblical

tradition Gary Anderson argues that the poor constituted the privileged place where Jews and Christians met God Though concerns for social justice were not unknown to early Jews and Christians the poor achieved the importance they did primarily because they were thought to be living altars a place to make a sacrifice a loan to God that he as the ultimate guarantor could be trusted to repay in turn Contrary to the assertions of Reformation and modern critiques belief in a heavenly treasury was not just about self interest Sifting through biblical and postbiblical texts Anderson shows how charity affirms the goodness of the created order the world was created through charity and therefore rewards it The Practical Works of Richard Baxter; with a Preface, Giving Some Account of the Author, and of this Edition of His Practical Works; an Essay on His Genius, Works, and Times ...
