Old Books and New Histories Leslie Howsam, 2006-01-01 Studies in the culture and history of the book are a burgeoning academic specialty Intriguing rigorous and vital they are nevertheless rooted within three major academic disciplines history literary studies and bibliography that focus respectively upon the book as a cultural transaction a literary text and a material artefact *Old Books and New Histories* serves as a guide to this rich but sometimes confusing territory explaining how different scholarly approaches to what may appear to be the same entity can lead to divergent questions and contradictory answers Rather than introduce the events and turning points in the history of book culture or debates among its theorists Leslie Howsam uses an array of books and articles to offer an orientation to the field in terms of disciplinary boundaries and interdisciplinary tensions Howsam s analysis maps studies of book and print culture onto the disciplinary structure of the North American and European academic world *Old Books and New Histories* is also an engaged statement of the historical perspective of the book In the final analysis the lesson of studies in book and print culture is that texts change books are mutable and readers ultimately make of books what they need
