Greenstreet Steven T. Pankey, 2021-02-09 The story is told in well arranged pieces The book approaches two people who approach crime like theater All the human characters in *Greenstreet* are strangers to one another What they do not do is judge one another For these two special people their social function is to become millionaires The book is about an illusory world a writer can create Writing can be thought of as heroic There is a barrier to success and a hurdle on the way to becoming a hero Several people in the book take leaps in a change in their bearing It is possible at times to lose oneself in the written world The best reporter in this book is the reader This is made possible by its emotional trickery This alternative lets the reader speak critically about its comedy and tragedy You may be able to observe your own change within The idea is not to leave you narrow minded If you have ideas do it The book s characters are telling you what to do All within reason There is opportunity here for people with ideas
