Wallmounting instructions

Binatone

Please read the instructions on this template carefully before you start to wallmount your telephone. If you prefer, you can stand your telephone on a level surface.
BE CAREFUL: check that there are no electrical wires hidden in the wall.

- 1 Use this template for wallmounting, marking the wall at the fixing centres. The marks should be 81.5 mm apart.
- 2 Using screws supplied with the unit, screw in at the two marked locations, leaving approx. 7mm (1/4") between the wall and underside of screw head.
- 3 Tuck the telephone line cord into the grooves on the cradle.
- 4 Hang the cradle unit on the screws using the wallmounting slots on the underside of the unit. You may need to remove the telephone from the wall and tighten the screws so that the cradle is securely fixed and does not wobble.
- 5 Rest the handset on the cradle using the parking hook on the cradle and the parking recess under the earpiece on the handset.

Connection and conditions for use

You can connect your Trend to public networks in the UK, or to an approved PSTN using DTMF signalling.

Each line of telephone equipment (phones, fax machines, etc.) has a major appliance number (EAN). The total of all equipment connected to an exchange line must not add up to more than 4 otherwise, one or more phones may not ring and/or cannot work correctly. Trend has a EAN of 1, and most other telephones have a EAN of 1 unless marked otherwise.

Care of your trend

- Do not clean your Trend with solvent chemicals, abrasives or spray cleaners, which might get inside the case and cause damage not covered by the Guarantee. When necessary, clean it with a damp cloth.
- Keep your Trend away from hot, humid conditions or strong sunlight.
- Every effort has been made to ensure high standards of reliability for your Trend. However, if something does go wrong, please do not try to repair it yourself – consult your supplier or the Binatone Help Line.

Electrical safety

- DO NOT install the Trend near a sink, bath or shower or anywhere it could get wet. Electrical equipment can cause serious injury and/or death if you are wet or standing in water.
- If the unit ever falls into water, DO NOT remove it until you have unplugged the telephone line plug from the telephone socket, then pull it out by the unplugged cable.

Binatone disclaims all liability of whatever kind for equipment which causes fire or other damage to the product and becomes subject to recall.

Mount the trend on the wall.
The trend is designed to hang the handset place when the telephone is not in use on the wall. The back on the top of the cradle is there to support the handset if you want to leave the phone answer with being a call.
