Using Microsoft Onenote 201:

Absolute Beginner's Guide to Microsoft Office OneNote 2003 Patricia Cardoza, 2004 OneNote offers the flexibility of a paper notebook and the power of digital note taking all explored in this beginner's guide. It begins by explaining what OneNote is and why a consumer would want to buy it. The book continues to show the reader how to type in his first note, use the pen, organize notes, draw pictures, add audio, and much more.

Upgrader's Guide to Microsoft Office System 2003 Susan Sales Harkins, Mike Gunderloy, 2004-08-10 Microsoft Office 2003 is the sixth version of Microsoft's best-selling Office suite. As such, most of the audience is comprised of people who have used previous versions of Office and are quite familiar with most of the features. Upgraders do not need a 800-page book that covers every aspect of every Office application. They need a book that's focused only on what's new so that they can move forward with a minimum of fuss. That's what this book is all about.

Exam 77-883 Microsoft PowerPoint 2010, with Microsoft Office 2010 Evaluation Software Microsoft Official Academic Course, 2011-10-11 The Microsoft Official Academic Courseware MOAC Office 2010 Series is the only Official Academic Course program. Microsoft Office PowerPoint 2010 is built from the ground up around the MOS certification objectives, making it a great way to learn all the workforce-oriented tasks required for certification. The Test Bank now offers greater flexibility and provides more than 75 questions and 3 projects per lesson, as well as automated grading via OfficeGrader. Furthermore, the latest edition's use of color in screen captures allows users to follow on-screen much easier, as screen captures will look the exact same as the application. Additional projects throughout the book help users comprehend how a task is applied on the job. OfficeGrader also helps instructors offer immediate feedback on all homework assignments and projects, and additional animated tutorials on key Office tasks provides additional help on difficult topics.
