Asian Translation Traditions Eva Tsoi Hung Hung,Judy Wakabayashi,2014-07-16 Translation Studies one of the fastest developing fields in the humanities since the early 1980s has so far been Euro centric both in its theoretical explorations and in its historical grounding One of the major reasons for this is the unavailability of reliable data and systematic analysis of translation activities in non European cultures While a number of scholars in the Western tradition of translation studies have become increasingly aware of this bias and its problems practically indicates that the burden of addressing such deficiencies and imbalances should be on the shoulders of scholars who are conversant with the non Western translation traditions and capable of engaging in much needed basic research This book brings together eleven scholars with expertise in different Asian translation traditions who highlight language and cultural environments as well as perceptions and modes of operation often different from those in the Western tradition Their contributions enhance our understanding of the various elements that influence the transfer of knowledge across cultures and provide invaluable data for the study of translation as a force for cultural development and cultural planning Contributors include Eva Hung Judy Wakabayashi Lawrence Wong Yoshihiro Osawa Teresa Hyun Keith Taylor Rita Kothari Doris Jedamski Raniela Barbaza and Bill Cummings

The director and cowriter of some of the world's most iconic films including *Double Indemnity*, *Sunset Blvd*, *Some Like It Hot*, and *The Apartment*, Billy Wilder earned acclaim as American cinema's greatest social satirist. Though an influential fixture in Hollywood, Wilder always saw himself as an outsider. His worldview was shaped by his background in the Austro-Hungarian Empire and work as a journalist in Berlin during Hitler's rise to power, and his perspective as a Jewish refugee from Nazism lent his films a sense of the peril that could engulf any society. In this critical study, Joseph McBride offers new ways to understand Wilder's work stretching from his days as a reporter and screenwriter in Europe to his distinguished as well as forgotten films as a Hollywood writer and his celebrated work as a writer-director. In contrast to the widespread view of Wilder as a hardened cynic, McBride reveals him to be a disappointed romantic. Wilder's experiences as an exile led him to mask his sensitivity beneath a veneer of wisecracking that made him a celebrated caustic wit. Amid the satirical barbs and exposure of social hypocrisies, Wilder's films are marked by intense compassion and a profound understanding of the human condition. Mixing biographical insight with in-depth analysis of films from throughout Wilder's career as a screenwriter and director of comedy and drama, and drawing on McBride's interviews with the director and his collaborators, this book casts new light on the full range of Wilder's rich, complex, and distinctive vision. **Transnational Chinese Cinemas** Sheldon H. Lu, 1997-10-01 Zhang Yimou's first film *Red Sorghum* took the Golden Bear Award in 1988 at the Berlin International Film Festival. Since then, Chinese films have continued to arrest worldwide attention and capture major film awards, winning an international following that continues to grow. *Transnational Chinese Cinemas* spans nearly the entire length of twentieth-century Chinese film history. The volume traces the evolution of Chinese national cinema and demonstrates that gender identity has been central to its formation. Femininity, masculinity, and sexuality have been an integral part of the filmic discourses of modernity, nationhood, and history. This volume represents the most comprehensive, wide-ranging, and up-to-date study of China's major cinematic traditions. It is an indispensable source book for modern Chinese and Asian history, politics, literature, and culture. Postsocialist Cinema in Post-Mao China Chris Berry, 2004-06-01 This book argues that the fundamental shift in Chinese cinema away from Socialism and towards Post-Socialism can be located earlier than the emergence of the Fifth Generation in the mid-eighties when it is usually assumed to have occurred. By close analysis of films

from the 1949 1976 Maoist era in comparison with 1976 81 films representing the Cultural Revolution it demonstrates that the latter already breaks away from Socialism **Les Tribulations D'Un Chinois En Chine** Verne Jules,2016-06-22 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *La condition chinoise* ROCCA Jean-Louis,2006-05-01 La Chine est un g ant qui d route Elle jouit des bienfaits d une conomie florissante mais ne r pondrait pas aux normes du march Son syst me politique serait archa que corrompu voire inefficace et n anmoins capable d assurer un minimum d ordre et de stabilit Des styles de vie modernes mergent mais les logiques communautaires continueraient dominer l espace sociale Fort de longues ann es de recherches sur le terrain l auteur s interroge sur les pratiques sociales des Chinois eux m mes
