Ethics and Economics of Assisted Reproduction Maura A. Ryan, 2003-06-11 For those who undergo it infertility treatment is costly time consuming invasive and emotionally and physically arduous yet technology remains the focus of most public discussion of the topic Drawing on concepts from medical ethics feminist theory and Roman Catholic social teaching Maura A Ryan analyzes the economic ethical theological and political dimensions of assisted reproduction Taking seriously the experience of infertility as a crisis of the self the spirit and the body Ryan argues for the place of reproductive technologies within a temperate affordable sustainable and just health care system She contends that only by ceasing to treat assisted reproduction as a consumer product can meaningful questions about medical appropriateness and social responsibility be raised She places infertility treatments within broader commitments to the common good thereby understanding reproductive rights as an inherently

social rather than individual issue Arguing for some limits on access to reproductive technology Ryan considers ways to assess the importance of assisted reproduction against other social and medical prerogatives and where to draw the line in promoting fertility Finally Ryan articulates the need for a compassionate spirituality within faith communities that will nurture those who are infertile

The Infertility Treadmill Karey Harwood, 2007 Infertility Treadmill Feminist Ethics Personal Choice and the Use of Reproductive Technologies *The Spirit of Adoption* Melanie Springer Mock, Martha Kalnin Diede, Jeremiah Webster, 2014-10-14 The Spirit of Adoption explores many of the complexities inherent in adoption and its relationship to spirituality challenging us to move beyond the common mythologies about adoption to consider the more difficult questions adoption raises about the nature of God family culture loss and joy Rather than hearing from experts in adoption this collection uses the narratives of birth parents adoptive parents and adoptees themselves bearing witness to the ways adoption shapes its participants spiritual lives By allowing others to narrate their spiritual journeys through adoption we hope to proclaim that adoption can be a wonderful powerful hopeful experience and one that is difficult painful despairing and that these paradoxes of adoption might be held together in God's hand
