Aligned With Love Michelle Carbotte, 2022-06-26 For those seekers who embark on a spiritual journey many questions drive them to know more Does God exist Can you have a relationship with the Creator without religion What is creation's purpose For that matter what is my purpose Why do bad things happen Who or what is the Christ Who is Jesus Yeshua How can I know what is true and what is not Even if you have been reading the bible for many years the

answers to many of these questions may surprise you won't find immortality through biology The Kingdom of Heaven can't be attained through philosophy I believe there is only one way that leads to these things and that way is through the spirit It is important to understand that not only is mankind spiritual by nature but everything around us is based in energy and as we get to know ourselves I believe it is important to know our environment from this perspective Everything from the air we breathe to the chairs we sit on to the center of our galaxy is connected to us as energy and I believe this energy is a key component to understanding our spirituality This text came about as a consequence of my own personal search for knowledge It is a reflection of the path I am on and it can be a guidebook for the path that you are on I believe the world is polarizing Yin and Yang good and evil are becoming more and more pronounced I believe that mankind has been brought into this reality to learn and to make decisions that are really spiritual in nature To this end we have been given free will to navigate what is sometimes very treacherous terrain With each challenge we are tasked to make a choice The right one is always aligned with love When things have gone wrong in my life no matter what it was eventually I realized there was always something in my actions which was askew which was not aligned with love Once this was acknowledged I was able to seek out a solution based on reacting in a different manner one more aligned with love This new way of handling life's hardest questions and most painful experiences produced a life altering personal transformation along with inner peace and strength Many great writings have influenced my beliefs but I grew up with the Old and New Testament and found much wisdom and logic in the pages of the Bible When clumped together passages with similar themes reveal a pattern a clear and vivid explanation of God the universe and mankind This knowledge once scattered within the massive pages of the Bible is now focused and organized and presents itself as an opportunity for those who seek spiritual things to understand the intentions of God in a fantastic new way Whether you are familiar with the Bible or not I believe there is important information for you in the pages of this book I have not changed the words of scripture but let the words speak for themselves This book touches on many different subjects and can be a source of reference for you to continue to revisit for the rest of your life I still return to the book when I feel out of sorts and it never fails to bring me peace and put me back in alignment with love I invite you to take a look at what the Holy Books really say about who we are why we are here and what will become of us
