Engel, 2017-11-07 Engel s excellent history forms a standing if unspoken rebuke to the retrograde nationalism espoused by Donald J Trump The New York Times Book Review The collapse of the Soviet Union was the greatest shock to international affairs since World War II In that perilous moment Saddam Hussein invaded Kuwait and regimes throughout Eastern Europe and Asia teetered between democratic change and new authoritarian rule President Bush faced a world in turmoil that might easily have tipped into an epic crisis As presidential historian Jeffrey Engel reveals in this page turning history Bush rose to the occasion brilliantly Using handwritten letters and direct conversations some revealed here for the first time with heads of state throughout Asia and Europe Bush knew when to push when to cajole and when to be patient Based on previously classified documents and interviews with all the principals When the World Seemed New is a riveting fly on the wall account of a president with his calm hand on the tiller guiding the nation from a moment of great peril to the pinnacle of global power An absorbing book The Wall Street Journal By far the most comprehensive and compelling account of these dramatic years thus far The National Interest A remarkable book about a remarkable person Southern Methodist University professor Jeffrey Engel describes in engrossing detail the patient and sophisticated strategy President George H W Bush pursued as the Cold War came to an end The Dallas Morning News Postwall German Cinema Mattias Frey, 2013-05-01 Since the fall of the Berlin Wall there has been a proliferation of German historical films These productions have earned prestigious awards and succeeded at box offices both at home and abroad where they count among the most popular German films of all time Recently however the country s cinematic take on history has seen a significant new development the radical style content and politics of the New German Cinema With in depth analyses of the major trends and films this book represents a comprehensive assessment of the historical film in today s Germany Challenging previous paradigms it takes account of a postwall cinema that complexly engages with various historiographical forms and above all with film history itself The Unification of Germany, 1989-1990 Richard A.
