Rowland, 2020-11-15 God Tsar and People brings together in one volume essays written over a period of fifty years using a wide variety of evidence texts icons architecture and ritual to reveal how early modern Russians 1450 1700 imagined their rapidly changing political world This volume presents a more nuanced picture of Russian political thought during the two centuries before Peter the Great came to power than is typically available The state was expanding at a dizzying rate and atop Russia s traditional political structure sat a ruler who supposedly reflected God s will The problem facing Russians was that actual rulers seldom or never exhibited the required perfection Daniel Rowland argues that this contradictory set of ideas was far less autocratic in both theory and practice than modern stereotypes would have us believe In comparing and contrasting Russian history with that of Western European states Rowland is also questioning the notion that Russia has always been and always viewed itself as an authoritarian country God Tsar and People explores how the Russian state in this period kept its vast lands and diverse subjects united in a common view of a Christian polity defending its long frontier against powerful enemies from the East and from the West Architectures of Russian Identity, 1500 to the Present James Cracraft, Daniel B. to survey the political and symbolic meanings of many different kinds of structures Fourteen heavily illustrated chapters demonstrate the remarkable fertility of the theme of architecture broadly defined for a range of fields dealing with Russia and its surrounding territories The authors engage key terms in contemporary historiography identity nationality visual culture and assess the applications of each in Russian contexts

The Russian Empire, Slaving and Liberation, 1480-1725 Christoph Witzernath, 2022-11-21 The monograph realigns political culture and countermeasures against slave raids which increased during the breakup of the Golden Horde By physical defense of the open steppe border and by embracing the New Israel symbolism in which the exodus from slavery in Egypt prefigures the exodus of Russian captives from Tatar captivity Muscovites found a defensive model to expand empire Recent scholarly debates on slaving are innovatively applied to Russian and imperial history challenging entrenched perceptions of Muscovy

The Russian Revolution and Its Global Impact Jonathan Daly, Leonid Trofimov, 2017-09-01 On the centenary of the Russian Revolution Jonathan Daly and Leonid Trofimov have reinvigorated the study of a turning point in world history Instead of rehashing the internal dynamics of the Bolshevik takeover the authors have carefully juxtaposed the international ambitions of the Bolsheviks with the Revolution's reception around the world Daly and Trofimov pair their lucid introductory essay with documents from Soviet officials intellectuals in South America W E B Du Bois in the United States and others so readers will quickly realize how revolutionary ideas cross oceans and transcend geopolitical boundaries This volume thus takes a topic once reserved for students of Russian history and places it in a world historical perspective those interested in global history European history and of course those fascinated by events in Petrograd and Moscow will find ample sources of inspiration in this text As the Russian Federation is now exerting its influence on a global scale the time is ripe to consider the Russian Revolution in such broad terms Nigel Raab Loyola Marymount University

Russian Tsardom Igor Arien, 2025-07-09 *Russian Tsardom* Antagonist of Western Civilization brings to life the dramatic history of Russia as it forged its own unique path often in opposition to the West. From the fearsome reign of Ivan the Terrible to the transformative rule of Tsar Alexei, this book offers a vivid portrait of a nation shaped by power struggles, faith, and the fight for identity. Long before Marx and Lenin, Ivan Vasili's son, better known as Ivan the Terrible, sensed the dangers of a world driven by greed. He saw how a wealthy, corrupt elite could tear society apart and he predicted the conflicts and moral decay that unchecked profit seeking would bring. His bitter disillusionment with England after it abandoned him in his wars against Poland and other rivals led him to value peace over wealth, even at great cost. One striking moment came in 1581 when Ivan's envoy, Leonty Shevrigin, delivered a message to Pope Gregory XIII. By refusing to kiss the Pope's shoe, Shevrigin sent a powerful signal of Russia's determination to remain spiritually independent, highlighting the growing tension between the Orthodox and Catholic worlds. The story also explores the rise of the Russian Orthodox Church as the heart of the nation. A wave of church and monastery building swept across the land, creating sacred places that shaped Russia's culture and identity. Ancient customs blended with the legacy of Byzantium, forming a society deeply rooted in faith and tradition. Under Tsar Alexei, 1645-1676, Russia underwent major reforms led by the ambitious Patriarch Nikon. His efforts to align Russian religious practices with Greek Orthodoxy sparked fierce resistance and brutal crackdowns, revealing the struggles between power and tradition. Amidst this turmoil rose Stepan Razin, a bold Cossack leader who inspired the oppressed with promises of freedom. His rebellion swept through the countryside, but the dream ended in bloody battles against the Tsar's forces, a stark reminder of the high price of defiance. *Russian Tsardom* concludes with the rise of the Romanov dynasty, showing how the legacies of Ivan Alexei and their successors continue to shape Russia today. This is the story of a nation's long, complex journey, forever wrestling with its past, its faith, and its place in a changing world.

Medieval Russian Culture, Volume II Michael Flier, Daniel Rowland, 2023-11-10 A stimulating and provocative collection, these essays challenge received notions about the culture and history of medieval Russia and offer fresh approaches to problems of textual interpretation, the theory of the medieval text, and the analysis of alternative nonverbal texts. The contributors, international specialists from many disciplines, investigate issues ranging over history, cultural anthropology, art history, and ritual. They have produced a worthy companion to the first volume of *Medieval Russian Culture*, published in 1984. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1990.

Russian Theology - Part I Fr. Georges Florovsky, Bp. Alexander Mileant, 2020-04-07 Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> We perceive every thing The sharp mind of France And the somber genius of the Germans The Scythians This gift of being a sonorous and universal echo is all in all fatal and ambiguous since sensitiveness and lively reactions make the concentration of the spirit very difficult By roaming freely through ages and cultures man runs the risk of not finding himself The soul is unsettled and becomes lost under wave after wave of impressions and historical experiences The soul seems to have lost the capacity for returning into itself attracted and distracted as it is by too many things which detain it elsewhere Thus it acquires nomadic habits it gets used to living in ruins or in encampments The Russian soul is oblivious of its ancestry It is customary to quote its propensity for dreaming its feminine suppleness Now this is not false But the trouble does not derive from the fact that the fundamental element plastic and highly fusible of the Russian people was not reinforced nor armored with logos that it did not crystallize into cultural action There is no way of measuring or exhaustively explaining the Russian temptation merely by naturalistically contrasting nature with culture This temptation arises from within the culture itself Generally speaking the popular soul is less a biological quantity than a historical created value It is made and it grows through history The Russian element is by no means an innate reaction to its being the natural inborn original chaos which does not bear any fruit yet which the light of the spirit has not yet brightened and enlightened It is rather the new secondary chaos that of sin and disintegration of the fall the revolt the hardening of a darkened and blinded soul The Russian soul is not stricken by original sin only it is not poisoned only by an inherent Dionysiac strain More than that it bears the burden of its historic sins whether conscious or unconscious A dismal swamp of shameful thoughts wells up within us The true cause of this evil lies not in the fluidity of the primordial element of the people but rather in the infidelity and the fickleness of its love Only love is the true fora for synthesis and unity and the Russian soul has not been steady and devoted in this ultimate love Too often was it swayed through mystical unstableness Russians have become far too much used to suffer at fatal crossroads or at the parting of ways not daring to carry the scepter of the Beast nor the light burden of Christ The Russian soul feels even passionately drawn toward such crossings It does not have the steadfastness necessary for choice nor the willpower for taking responsibilities It appears in some undefinable way too artistic too loose jointed It expands it extends it languishes lets itself be overcome as ensnared by a charm But being under a spell is not synonymous with being in love not any more than amorous friendship or infatuation are synonymous with love Only sacrificial love voluntary love makes one strong not the fits of passion or the mediumnistic attraction of a secret affinity Now the Russian soul lacked precisely that spirit of sacrifice and self denial in the presence of Truth of the ultimate humility in loving It divides itself and meanders through its attachments Logical conscience being sincerity and responsibility in the act of knowing wakes up late in the Russian soul **Russian**
