Where the Domino Fell James Stuart Olson, Randy Roberts, 1991

Tragedy of Vietnam Patrick J. Hearden, 2016-05-23 For courses on the Vietnam War 20th century world history and American diplomatic history Also appropriate as a supplemental text for U S history survey courses and history of Asia courses Brief and

accessible text that provides comprehensive coverage of the causes and consequences of the Vietnam War The Tragedy of Vietnam provides extensive background on the Vietnam War the relevant history of Southeast Asia and the consequences of the Vietnam conflict on the region Author Patrick Hearden examines the key decisions and questions surrounding the tragic American entanglement in Vietnam providing readers with a fascinating discussion of why the United States became involved in this war and why this involvement persisted for nearly a quarter of a century This book covers the social economic ideological diplomatic and military aspects of the Vietnam War

Triumph Revisited Andrew Wiest, Michael Doidge, 2010-06-15 More than thirty years later the Vietnam War still stands as one of the most controversial events in the history of the United States and historians have so far failed to come up with a definitive narrative of the wartime experience With competing viewpoints already in play Mark Moyar's recent revisionist approach in *Triumph Forsaken* has created heated debate over who owns the history of America's war in Vietnam *Triumph Revisited* Historians Battle for the Vietnam War collects critiques of *Triumph Forsaken* from both sides of this debate written by an array of Vietnam scholars cataloguing arguments about how the war should be remembered how history may be reconstructed and by whom A lively introduction and conclusion by editors Andrew Wiest and Michael Doidge provide context and balance to the essays as well as Moyar's responses giving students and scholars of the Vietnam era a glimpse into how history is constructed and reconstructed

[Southeast Asia in World History](#) Craig Lockard, 2009-04-24 Here is a brief well written and lively history of Southeast Asia from ancient times to the present paying particular attention to the region's role in world history Lockard shows how for several millennia Southeast Asians living at the crossroads of Asia enjoyed ever expanding connections to both China and India and later developed maritime trading networks to the Middle East and Europe Lockard describes colonization by Europeans and Americans between 1500 and 1914 and shows how Southeast Asians regained their independence after World War II

Ambition, Pragmatism, and Party Scott Kaufman, 2017-12-04 Within eight turbulent months in 1974 Gerald Ford went from the United States House of Representatives where he was the minority leader to the White House as the country's first and only unelected president His unprecedented rise to power after Richard Nixon's equally unprecedented fall has garnered the lion's share of scholarly attention devoted to America's thirty eighth president But Gerald Ford's 1913-2006 life and career in and out of Washington spanned nearly the entire twentieth century *Ambition Pragmatism and Party* captures for the first time the full scope of Ford's long and remarkable political life The man who emerges from these pages is keenly ambitious determined to climb the political ladder in Washington and loyal to his party but not a political ideologue Drawing on interviews with family and congressional and administrative officials presidential historian Scott Kaufman traces Ford's path from a Depression era childhood through service in World War II to entry into Congress shortly after the Cold War began He delves deeply into the workings of Congress and legislative executive relations offering insight into Ford's role as the House minority leader in a time of conservative insurgency in the Republican Party

Kaufman's account of the Ford presidency provides a new perspective on how human rights figured in the making of U.S. foreign policy in the Cold War era and how environmental issues figured in the making of domestic policy. It also presents a close look at the 1976 presidential election emphasizing the significance of image in that contest and extensive coverage of Ford's post-presidency. In sum, *Ambition Pragmatism and Party* is the most comprehensive political biography of Gerald Ford and will become the definitive resource on the thirty-eighth president of the United States.

Where the Domino Fell James Stuart Olson, Randy Roberts, 1991-08-01. Recounts the history of American involvement in Vietnam from the end of WW II to 1990, clarifying the political aims, military strategy, and social and economic factors that contributed to the participants' actions. Narrated in an accessible style by two historians, it is compact and substantial. It makes excellent reading for those acquainted with the outline of the war but who wish to refamiliarize themselves with the details. It is also a usable primer for those coming to this chapter in American history for the first time. The result is a chronicle of great scope that succinctly reconstructs the complex tragedy that was the Vietnam War.

Beyond Combat Heather Marie Stur, 2011-09-26. *Beyond Combat* investigates how the Vietnam War both reinforced and challenged the gender roles that were key components of American Cold War ideology. Refocusing attention onto women and gender paints a more complex and accurate picture of the war's far-reaching impact beyond the battlefields. Encounters between Americans and Vietnamese were shaped by a cluster of intertwined images used to make sense of and justify American intervention and use of force in Vietnam. These images included the girl next door, a wholesome reminder of why the United States was committed to defeating Communism, and the treacherous and mysterious dragon lady, who served as a metaphor for Vietnamese women and South Vietnam. Heather Stur also examines the ways in which ideas about masculinity shaped the American GI experience in Vietnam and ultimately how some American men and women returned from Vietnam to challenge homefront gender norms.

The 1960s Cultural Revolution John C. McWilliams, 2020-12-02. *The 1960s Cultural Revolution* is a highly readable and valuable resource revisiting personalities and events that sparked the cultural revolutions that have become synonymous with the 1960s. *The 1960s Cultural Revolution: A Reference Guide* is an engagingly written book that considers the forces that shaped the 1960s and made it the unique era that it was. An introductory historical overview provides context and puts the decade in perspective. With a focus on social and cultural history, subsequent chapters focus on the New Left, the antiwar movement, the counterculture, and 1968, a year that stands alone in American history. The book also includes a wealth of reference material, a comprehensive timeline of events, biographical profiles of key players, primary documents that enhance the significance of the social, political, and cultural climate, a glossary of key terms, and a carefully selected annotated bibliography of print and nonprint sources for further study.

Senator Eagleton Symposium Issue, 2007.

A World of Nations William R. Keylor, 2009. Now updated to address recent developments in the post-9/11 world, *A World of Nations: Second Edition* provides an analytical narrative of the origins, evolution, and end of the Cold War. Much more than a simple account of the long

struggle between the two superpowers this vibrant text opens with chapters exploring the development of regional conflicts ethnic religious cultural economic and military that dominated international relations until the breakup of the Soviet Union The final chapters examine the war on terror and the salience of interstate and transnational conflicts in the era of globalization In engaging compelling language author William R Keylor provides a genuinely international history of this turbulent period Designed to serve the needs of both political scientists and historians the new edition has been reorganized along regional lines while still maintaining the chronological approach of the previous edition Building on its historical foundation the second edition discusses International Relation theory and explores such timely critical topics as human rights environmental issues NGOs immigration and international terrorism In addition numerous new photographs and helpful maps animate the text drawing students into this dynamic subject Thoroughly revised and even more relevant in its second edition A World of Nations offers a riveting exploration of international relations as they have evolved from the Second World War to the present It is ideal for political science courses on international relations as well as courses on the history of U S foreign policy European diplomatic history the history of international relations and world history since 1945

Dragon Ladies, Gentle Warriors, and Girls Next Door Heather Marie Stur,2008

Where the Domino Fell James S. Olson,Randy W. Roberts,2004-08-02 Where the Domino Fell recounts the history of American involvement in Vietnam from the end of World War II to the present clarifying the political aims military strategy and social and economic factors that contributed to the participants actions Narrated in an accessible style by two distinguished historians Where the Domino Fell is compact yet substantial The bibliography chronology and glossary at the end make this volume is an important contribution not only to the study of the Vietnam War but to an understanding of the larger workings of American foreign policy

America, Russia and the Cold War 1945-2006 Walter LaFeber,2008 Using extensive materials from both published and private sources this concise text focuses on United States Soviet diplomacy to explain the causes and consequences of the Cold War It explores how the Cold War was shaped by domestic events in both the U S and the Soviet Union and presents a variety of other points of view on the conflict Chinese Latin American European and Vietnamese The text includes both engaging anecdotes and quotes from primary sources to support key points and exemplify policies and recent scholarship and materials from openings of the U S Soviet and Chinese archives
