Visible Voices Melissa M. Juchniewicz, 2011-02 Who are the invisible homeless They are individuals and families who have been forced into temporary living situations or shelter systems as a result of such conditions as changes in income domestic violence health care needs and shifting housing costs Unlike the chronically homeless who are often stereotyped or the situationally homeless who may receive emergency assistance regaining their previous lives the marginally homeless often called the invisible homeless get caught in institutional spirals that seem to discourage change This book however provides evidence that an individual's literacy identity can promote positive transitions out of homelessness Although the stigma surrounding homelessness provokes silence the five individuals who took part in this project speak eloquently about their circumstances their accomplishments and their intentions In addition the book can serve as a how to for completing a qualitative research project as the reader is walked through the steps of the research process

Welcome to the Hotel California Leroy F. Bennett, 2017-10-25 Each year Congress passes a budget allocating funds to federal programs to include housing and homelessness programs The reality of homelessness is more complex than its definition People experiencing homelessness are naturally on high alert and alter their behavior that affects their routine making it hard for them to get out of homelessness Often people experiencing homelessness will undergo a number of life changing emotions including severe depression anxiety paranoia and post traumatic stress The Hotel California is a homeless shelter It isn't a resort that you need to have a reservation for and there's one in every major city and rural county in our country There are more chains of Hotel California than there are any major hotel or motel This book describes a man's five year struggle of living in that situation on the treatment of guest who lived in the shelters the discrimination against the homeless population to secure jobs and the improprieties of funds abused by the people who run the shelters and transition homes You can checkout
