Where The Spirits Dwell An Odyssey In The Jungle Of New Guinea:

Where the Spirits Dwell Tobias Schneebaum, 1988 Where the Spirits Dwell Tobias Schneebaum, 1994-03 Tobias Schneebaum here tells the remarkable story of his four years among the Asmat of New Guinea a jungle dwelling people rumored to have killed Michael Rockefeller Instead of ferocious cannibals Schneebaum found a regal gentle people who freely accepted him and initiated him into a way of life no outsider had ever seen before **The Cloud Garden** Paul Winder, Tom Hart Dyke, 2011-03-30 The Dari n Gap is a place of legend The only break in the Pan American highway which runs from Alaska to the tip of South America it is an almost impregnable strip of swamp jungle and cloud forest between the vast landmasses of North and South America Stories of abduction and murder there are rife and in recent years more people have successfully climbed Everest or trekked to the South Pole than have crossed the Dari n Gap In 2000 Tom Hart Dyke a young botanist set off to Central America with one thing on his mind orchids He knew that in order to find the rare and beautiful species he so fervently admired he would have to visit some of the most inhospitable places on earth Unbeknown to Tom another young explorer Paul Winder was backpacking through the area at the same time Though he sometimes worked freelance in the City of London Paul was a fearless and intrepid traveller happier scaling volcanoes than lounging on beaches In every bar and caf along his route rumours abounded of the Dari n Gap and the more he heard the greater became his desire to make the journey Pure chance brought Paul and Tom together in northern Mexico they formed an instant bond and their fate was sealed Ignoring a final succinct warning from the Lonely Planet guide Don t even think about it Tom and Paul set off into the Dari n Tom in search of orchids Paul in search of adventure They would find plenty of each For six days they made good progress Then just hours away from Colombia the dream ended and the horror began Paul and Tom were ambushed by FARC guerrillas who were to hold them hostage for the next nine months From that day on their survival was a matter of extraordinary endurance incredible ingenuity and not a little good luck *From Primitive to Postcolonial in Melanesia and Anthropology* Bruce Knaft, 2025-10-01 What have anthropologists taught us about Melanesia one of anthropology s most important and intensively studied world regions In this book Professor Bruce Knaft draws together and critically reanalyzes what we know about major features of Melanesian cultural history warfare and politics gender bodily practices and spirituality as discerned from more than a century of academic study From Primitive to Postcolonial in Melanesia and Anthropology is arguably the most comprehensive single reassessment of Melanesia as an ethnographic world area to have been published in several decades Written for students as well as professional scholars this work further broadens our understanding by analyzing the history of Melanesian ethnography and relating this history to the larger relationship between Melanesia as a contemporary world area and anthropology as a field of contemporary human study Bruce M Knaft is Professor of Anthropology Emory University and the author of three previous books as well as some thirty journal articles and chapters Knaft s interests span a wide range of issues in the anthropology of Melanesia and he is
