While The Gods Play While The Gods Play

Katherine Augusta Westcott Tingley

While The Gods Play While The Gods Play:

While the Gods Play Alain Daniélou, 1987-08-01 According to the early writings of the Shaiva tradition still alive in India and dating back at least 6 000 years the arbitrary ideologies and moralistic religions of modern society signal the last days of humanity heading toward destruction This prediction is only a fragment of the vast knowledge of Shaiva wisdom author Alain Danielou as assimilated and reviewed essential concepts of the Shaiva philosophy and its predictions Clearly expressed in the ancient teachings these concepts are in accord with yet surpass the boldest scientific speculations about consciousness time the nature of life and matter and the history and destiny of the human race Inherent in this body of knowledge is an understanding of the cycles of creation and destruction which in conjunction with astronomical phases determine the life span of the species Since 1939 humankind has been in the twilight of the Kali Yuga age or at the end of a cycle The impending cataclysm Danielou explains is brought on by our own errors and its date will be determined by our present and future actions While the Gods Play examines how the visionaries of ancient times defined our role in creation It explains why and how we have abandoned this role and reflects on what action can be taken to consciously and creatively influence our own destiny Included are chapters on The Religion of Nature and The Religion of the City The Transmigrant Body Sexual Rites the Castes Sacrifice Magical Powers Monastic Orders and Forestalling the Final Day *While the Gods Play* Alain Daniélou, 1987-08 Examines how visionaries of ancient Shaiva wisdom defined our role in creation how we have abandoned this role and action we can take to creatively influence our destiny The author spent more than 20 years in India and was one of the most distinguished orientalists **Something In Your Hand** Eunice Wangui Stuhlhofer, 2011 **Life in the Middle Ages** George Gordon Coulton, 1928 **While God is Marching On** Steven E. Woodworth, 2001-10-02 They read the same Bible and prayed to the same God but they faced each other in battle with rage in their hearts The Civil War not only pitted brother against brother but also Christian against Christian with soldiers from North and South alike devoutly believing that God was on their side Steven Woodworth one of our most prominent and provocative Civil War historians presents the first detailed study of soldiers religious beliefs and how they influenced the course of that tragic conflict He shows how Christian teaching and practice shaped the worldview of soldiers on both sides how it motivated them for the struggle how it influenced the way they fought and how it shaped national life after the war ended Through the diaries letters and reminiscences of common soldiers Woodworth illuminates religious belief from the home front to the battlefield where thoughts of death and the afterlife were always close at hand Woodworth reveals what these men thought about God and what they believed God thought about the war Wrote one Unionist I believe our cause to be the cause of liberty and light the cause of God and holy and justifiable in His sight and for this reason I fear not to die in it if need be With a familiar echo his Confederate counterpart declared that our Cause is Just and God is Just and we shall finally be successful whether I live to see the time or not Woodworth focuses on mainstream Protestant beliefs and practices shared by the majority of combatants

in order to help us better understand soldiers motivations and to realize what a strong role religion played in American life throughout the conflict In addition he provides sharp insights into the relationship between Christianity and both the abolition movement in the North and the institution of slavery in the South Ultimately Woodworth shows us how opposing armies could put their trust in the same God while engaging in four years of organized slaughter and destruction His compelling work provides a rich new perspective on religion in American life and will forever change the way we look at the Civil War

The Obvious Secret Bruce C. Steffens, 2018-02-13 The Obvious Secret A Discipleship Journey to Christian Maturity By Bruce C Steffens The Obvious Secret explores the various major beliefs of the Christian faith from a logical and analytical standpoint It is intended for two purposes First it is a resource to develop Christian discipleship curriculum for teachers and instructors Secondly it is self study resource for seekers new believers and even established believers It contains a systemic approach to understand the why of what we believe and then helps one to establish and deepen a personal relationship with God The book is not intended to tell someone what to believe but rather to give the logical reasons related to belief topics and allow a person to discover the truth of the belief for themselves However without a vibrant relationship with God all the understanding of God s principles and truths are academic A mature disciple is the person whose best friend is God and who helps those around him or her to know God s love and create their own relationship with God

Dionysus Reborn Mihai Spariosu, 1989 Mihai Spariosu here explores the significance of the closely linked concepts of play and aestheticism in philosophical and scientific discourse since the end of the eighteenth century Spariosu points out that since its birth in archaic and classical Hellenic thought the concept of play has always been subject to the influences of various rational and prerational sets of values Spariosu maintains that there have been not one but two major modern concepts of aestheticism artistic aestheticism related to a prerational mentality and introduced in modern thought by Schopenhauer and Nietzsche and philosophicalscientific aestheticism initiated by Kant and Schiller and shaped by rationalism According to Spariosu the first has often arisen in response to the attempts of philosophy and science to impose their standards on art and the second has often been called on to deal with the epistemological crises that periodically shake these disciplines Spariosu also looks closely at some of the play concepts that surface in modern science in connection with the Darwinian theory of evolution and the play of scientific discourse itself as exemplified by the new physics and the contemporary philosophy of science A penetrating and cogently argued book Dionysus Reborn will be welcomed by readers interested in Continental philosophy scientific discourse and the aesthetics of play including literary theorists comparatists philosophers intellectual historians and social scientists
