Women In The Quran Traditions And:

Women in the Qur'an, Traditions, and Interpretation Barbara Freyer Stowasser, 1994 Islamic ideas about women and their role in society spark considerable debate both in the Western world and in the Islamic world itself Despite the popular attention surrounding Middle Eastern attitudes toward women there has been little systematic study of the statements regarding women in the Qur'an Barbara Stowasser fills this void with this study on the women of Islamic sacred history Women in the Qur'an Traditions and Interpretation presents the Qur'anic revelations on female figures associated with God's prophets from Adam to Muhammad Revealed narratives and legislation are then pursued through their medieval modern and contemporary interpretations The theological exegetic sources here chosen all Sunni include the major classical works as well as for the modern period examples of modernist traditionalist and fundamentalist exegesis For Hadith materials beyond the theological tafsir Stowasser analyzes both popular narratives of the tales of the prophets genre and representative samples of the classical historical and legal Hadith A close reading of modern sources including those by lay writers shows the waning influence of these traditional materials in present day Islamic thought By telling the stories of the women of sacred history in Qur'an and interpretation this book presents an introduction to past and present Islamic paradigms of doctrine and their socio economic and political applications Stowasser establishes the link between the female figures as cultural symbols and Islamic self perceptions from the beginning to the present time Book Jacket

Women from Traditional Islamic Educational Institutions in Indonesia Eka Srimulyani, 2012 Dit is de eerste Engelstalige publicatie over vrouwen in traditionele islamitische onderwijsinstellingen in Indonesië de zogenaamde pesantren Deze vrouwen spelen een belangrijke rol de genderproblematiek in de Indonesische moslimgemeenschap Deze informatieve en inzichtelijke studie dient twee groeiende onderzoeksgebieden in de studies over Indonesië de studie naar de islam en de studie naar moslimvrouwen Tevens voegt het een nieuw perspectief toe aan de bestaande Engelstalige literatuur over moslima's buiten de huidige dominante context van het Midden Oosten of Sub Indische continent

The Rights of Women in Islam H. Jawad, 1998-06-30 It has been argued that Islam liberated Muslim women by granting them full rights as citizens Yet in reality we see that women have long been subjected to both cultural and political oppression Instances such as forced marriages are sadly common in the Muslim World as are restrictions on education and on their role in the labour force

Women, the Koran and International Human Rights Law Niaz A. Shah, 2006 Religion plays a pivotal role in the way women are treated around the world socially and legally This book discusses three Islamic human rights approaches secular non compatible reconciliatory compatible and proposes a contextual interpretive approach It is argued that the current gender discriminatory statutory Islamic laws in Islamic jurisdictions based on the decontextualised interpretation of the Koran can be reformed through Ijtihad independent individual reasoning It is claimed that the original intention of the Koran was to protect the rights of women and raise their status in society not to relegate them to subordination This Koranic

intention and spirit may be recaptured through the proposed contextual interpretation which in fact means using an Islamic or insider strategy to achieve gender equality in Muslim states and greater compatibility with international human rights law. It discusses the negative impact of the so called statutory Islamic laws of Pakistan on the enjoyment of women's human rights and robustly challenges their Koranic foundation. While supporting the international human rights regime, this book highlights the challenges to its universality, feminism and cultural relativism. To achieve universal application, genuine voices from different cultures and groups must be accommodated. It is argued that the women's human rights regime does not cover all issues of concern to women and has a weak implementation mechanism. The book argues for effective implementation procedures to turn women's human rights into reality.

Feminism, Tradition and Change in Contemporary Islam

Shehnaz Haqqani, 2024-10-17. The Islamic tradition has always been flexible, changing over time and constantly adapting to the different societies Muslims find themselves in. Few Muslims today would abide by the fatwa against the printing press under the Ottomans. Moreover, although Islamic law legislates for slavery and child marriage, only a vanishing minority of Muslims consider these practices acceptable today, and some will even argue that Islam never permitted them. Yet some issues like the prohibition on female-led prayer and female interfaith marriage seem curiously impervious to change. Why is that? Through a mixture of interviews with ordinary Muslims in Texas and critical analysis of contemporary and historical scholarship, Shehnaz Haqqani demonstrates the gendered dimensions of change and negotiation in Islamic tradition. She argues that a reliance on a mostly male scholarly consensus means that the tradition preserves male privilege at the expense of justice for Muslim women.

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008. The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work. Although there has been extensive research on women in history by region, no text or reference work has comprehensively covered the role women have played throughout world history. The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe. Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected. The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes. The Encyclopedia contains over 1,250 signed articles arranged in an A-Z format for ease of use. The entries cover six main areas: biographies, geography and history, comparative culture and society, including adoption, abortion, performing arts, organizations and movements such as the Egyptian Uprising and the Paris Commune, women's and gender studies, and topics in world history that include slave trade, globalization and disease. With its rich and insightful entries by leading scholars and experts, this

reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Understanding Islam and Muslim Traditions, 2nd Ed. James Chambers, 2021-08-01 Understanding Islam and Muslim Traditions 2nd Edition provides important information about the faith in an easy to navigate format This is a resource guide that introduces readers to Islam through an examination of its religious observances customs holidays calendar system and folk beliefs describing how people around the world express their Muslim identity This 2nd edition includes an important section on Islamophobia in America providing readers with both the historic backdrop and current environment **Islamic Interpretive Tradition and Gender Justice** Nevin Reda, Yasmin Amin, 2020-12-10 Since the 1980s Muslim women reformers have made great strides in critiquing and reinterpreting the Islamic tradition Yet these achievements have not produced a significant shift in the lived experience of Islam particularly with respect to equality and justice in Muslim families A new approach is needed one that examines the underlying instruments of tradition and explores avenues for effecting change In Islamic Interpretive Tradition and Gender Justice leading intellectuals and emerging researchers grapple with the problem of entrenched positions within Islam that affect women investigating the processes by which interpretations become authoritative the theoretical foundations upon which they stand and the ways they have been used to inscribe and enforce gender limitations Together they argue that the Islamic interpretive tradition displays all the trappings of canonical texts canonical figures and canon law despite the fact that Islam does not ordain religious authorities who could sanction processes of canonization Through this lens the essays in this collection offer insights into key issues in Islamic feminist scholarship ranging from interreligious love child marriage polygamy and divorce to stoning segregation seclusion and gender hierarchies Rooting their analysis in the primary texts and historical literature of Islam contributors to Islamic Interpretive Tradition and Gender Justice contest oppressive interpretative canons subvert classical methodologies and provide new directions in the ongoing project of revitalizing Islamic exegesis and its ethical and legal implications

Women and Gender in Islam Leila Ahmed, 2021 A classic pioneering account of the lives of women in Islamic history republished for a new generation This pioneering study of the social and political lives of Muslim women has shaped a whole generation of scholarship In it Leila Ahmed explores the historical roots of contemporary debates ambitiously surveying Islamic discourse on women from Arabia during the period in which Islam was founded to Iraq during the classical age to Egypt during the modern era The book is now reissued as a Veritas paperback with a new foreword by Kecia Ali situating the text in its scholarly context and explaining its enduring influence Ahmed s book is a serious and independent minded analysis of its subject the best informed most sympathetic and reliable one that exists today Edward W Said Destined to become a classic It gives Muslim women back our rightful place at the center of our histories Rana Kabbani The Guardian **Women and Islam in Bangladesh** T. Hashmi, 2000-03-10 This work of research by Taj Hashmi puts the issue of women s position in society in historical as well as Islamic perspectives to relate it to the objective conditions in Bangladesh In eight illuminating

chapters he narrates how Quranic edicts about women have through the ages been misinterpreted by the power elites and the mullahs to suppress women Even NGOs are not immune from exploiting them Hope according to the author lies in the literacy and economic self reliance of the Bangladeshi women
