

Why was the Qur'an revealed over such a long time?

And it is a recitation that We have revealed in parts, so that you can recite it to people at intervals; We have sent it down little by little.

Surah al-Isra 17:106

www.noorart.com

JUST AS EVERYTHING in the universe was created bit by bit, the Qur'an was revealed verse by verse.

The Qur'an was given to the Prophet Muhammad over 23 years. He was 40 years old when he received the first verse from the Angel Gabriel. The rest came in stages over his life as a messenger.

But why wasn't it revealed all at once?

Wonder About Quran Islam:

The 10 Things You Need to Know About Islam Ron Rhodes, *Understanding the Hadith* Ram Swarup, 2011-04-29 Noted Indian writer and polymath Ram Swarup explores the meaning of Islam through the words of the Sahih Muslim considered by Muslims to be one of the most authoritative of the collections of traditions Arabic Hadith about the life of the Prophet Muhammad Like the Koran these traditions are believed to be divinely revealed by Allah and they complement the verses of the Koran in many cases expanding upon them and explaining the context of their revelation As Swarup notes in his introduction to Muslims the Hadith literature represents the Koran in action stories of revelation made concrete in the life of the Prophet Among the orthodox they are considered as sacred as the Koran itself Swarup is plainly skeptical of the claim that the Hadith literature is divinely inspired In the introduction he says The Prophet is caught as it were in the ordinary acts of his life sleeping eating mating praying hating dispensing justice planning expeditions and revenge against his enemies The picture that emerges is hardly flattering One is left to wonder how the believers generation after generation could have found this story so inspiring The answer is that the believers are conditioned to look at the whole thing through the eyes of faith To them morality derives from the Prophet s actions his actions determine and define morality The Sahih Muslim a massive work consisting of 7 190 traditions divided into 1 243 chapters is hardly accessible to the average reader so Swarup quotes representative selections that touch upon the main tenets of Islam faith purification prayer fasting pilgrimage marriage and divorce crime and punishment religious wars jihad paradise hell repentance and many other features of the religion To non Muslims this work provides many insights into the mindset of the average Muslim who is raised on these traditions about Muhammad It also underscores the gulf that exists between the sanctum of orthodox Islam and an increasingly secularized Westernized world

Seven Wonders of Architecture Ann Kerns, 2010-01-01 In every age science and technology have played an important role in advancing human civilization From architecture to engineering communication to transportation humans have invented and developed extraordinary wonders Architecture is a key element of every culture From the earliest huts humans have been building a variety of structures in which to live work and play Sometimes we take our buildings for granted but architecture impacts both the functionality and aesthetics of our world Engineering and art come together in architects designs to create some of the most amazing and beautiful structures that have ever existed In this book we ll explore seven wonders of architecture from the dizzying height of the Eiffel Tower to the love inspired Taj Mahal to the heated competition that resulted in two of New York s tallest buildings Along the way we ll see advancements in materials technology and construction techniques and we ll learn the stories of how and why these architectural achievements became important to the world

The Universal Islamic Education Methodology Roohi A. Ahmad, 2023-08-28 Have we ever wondered why Allah swt uses His name as Allah some places and Rabb in the others Have we ever wondered what the difference between momin and muslim is Can we make an argument to prove their meanings

from within the Quran Have we ever wondered why Allah swt uses the word zikar so extensively throughout the Quran or what the meaning of the word zikar is or how the meaning of zikar is different from talu qara and ratal and even why there are talu qara and ratal the three different words for reading the Quran Or have we ever wondered why we are plagued by all kinds of catastrophes Or why is there so much chaos and conflict in the world and how can we solve these problems If we have not wondered about such questions the reason is that we have not read the Qur'an in its true sense Today's Muslims have two main objectives for their children success in this world and triumph in the life hereafter Muslim children need natural and social knowledge but to fully enrich their minds they also need to learn about the Quran and Islamic traditions Many Islamic schools in North America are pursuing both of these objectives but educators often feel that merging these two goals is too difficult Having spent years teaching in Islamic schools and conducting a wealth of research Roohi A Ahmad has observed firsthand how complex the enterprise of Islamic education is She has also witnessed the void of learning outcomes teaching goals and most importantly a clear vision and methodology for Islamic education She has sought to remedy that situation in this book It provides a practical methodology designed to help Muslim educators create a state of the art Islamic education system that will lead to fully formed students who can function well in this world and ensure a positive outcome in the world to come
