Words For The Hour A New Anthology Of American Civil War Poetry

Karen L. Kilcup

Words For The Hour A New Anthology Of American Civil War Poetry:

"Words for the Hour" Faith Barrett, Cristanne Miller, 2005 Recaptures the astonishing outpouring of poetry in response to the Civil War Words for the Hour presents a readable and illuminating account of the Civil War told through the words of poets North and South From bathos to profound philosophical meditation and sorrow the range of these poems illuminates the complexity of their era while also revealing the continuing power of this turning point in American history to speak to readers in the present day The volume is divided into three parts each offering a different perspective on the poetry generated by the war Part I samples the extraordinary range of poems written immediately preceding and during the war and published in popular periodicals providing a kind of poetic newspaper account as one might have read it then from the early days of optimistically heralded victory on both sides through the mounting casualties and brutal deaths of the long middle years to the war's conclusion and President Lincoln's assassination Viewing the struggle from many different vantage points gives the reader access to the ways that people from various backgrounds experienced the trajectory of the war Civilians and soldiers free blacks and proponents of slavery women and men from Massachusetts and Virginia and from recently admitted states and barely developed territories writers with their eyes on the national political stage and those focused on personal domestic issues these are the multiple voices of America responding to the war Part II includes substantial selections of poems by writers who published extensively in response to the conflict providing more complex and comprehensive perceptions of the war These poets include not just well known figures such as Walt Whitman Herman Melville and John Greenleaf Whittier but also African American poets George Moses Horton and Frances Ellen Watkins Harper and Southern poets Henry Timrod and Sarah Piatt Part III offers poems by two poets who did not publish during their lifetimes but had strong imaginative responses to the conflict thus giving a sense of the long reach of the war as a defining national experience One of these two poets Emily Dickinson is now renowned while the other Obadiah Ethelbert Baker is first published in this volume Words for the Hour is indeed new among anthologies of Civil War poetry not only in its wide range of poems by popular anonymous and now canonical poets but also in its informational apparatus A historical timeline listing major battles and events of the war begins the volume and historical photographs or lithographs introduce each section of poems The book also includes a substantial introduction a glossary of important names and terminology relevant to understanding the poems and biographical sketches for all the poets whose work is included

Teaching the Literatures of the American Civil War Colleen Glenney Boggs, 2016-08-01 Offers pedagogical techniques for teaching the literatures of the American Civil War in the college classroom including considerations of history slavery literary realism race gender landscapes violence trauma life writing and performance Includes information on editions reference works biographies and online resources Gives syllabus suggestions for undergraduate and graduate courses

A History of American Civil War Literature Coleman Hutchison, 2015-12-01 This book is the first omnibus history of the literature of the American Civil War

the deadliest conflict in US history A History of American Civil War Literature examines the way in which the war has been remembered and rewritten over time in prose poems and other narratives This history incorporates new directions in Civil War historiography and cultural studies while giving equal attention to writings from both northern and southern states It redresses the traditional neglect of southern literary cultures by moving between the North and the South thus finding a balance between Union and Confederate texts Written by leading scholars in the field this book works to redefine the boundaries of American Civil War literature while posing a fundamental question why does this 150 year old conflict continue to capture the American imagination

Gathering to Save a Nation Stephen D. Engle, 2016-09-13 In this rich study of Union governors and their role in the Civil War Stephen D Engle examines how these politicians were pivotal in securing victory In a time of limited federal authority governors were an essential part of the machine that maintained the Union while it mobilized and sustained the war effort Charged with the difficult task of raising soldiers from their home states these governors had to also rally political economic and popular support for the conflict at times against a backdrop of significant local opposition Engle argues that the relationship between these loyal state leaders and Lincoln s administration was far more collaborative than previously thought While providing detailed and engaging portraits of these men their state level actions and their collective cooperation Engle brings into new focus the era s complex political history and shows how the Civil War tested and transformed the relationship between state and federal governments

"This Mighty Convulsion" Christopher Sten, Tyler Hoffman, 2019-11-15 This is the first book exclusively devoted to the Civil War writings of Walt Whitman and Herman Melville arguably the most important poets of the war The essays brought together in this volume add significantly to recent critical appreciation of the skill and sophistication of these poets growing recognition of the complexity of their views of the war and heightened appreciation for the anxieties they harbored about its aftermath Both in the ways they come together and seem mutually influenced and in the ways they disagree Whitman and Melville grapple with the casualties complications and anxieties of the war while highlighting its irresolution This collection makes clear that rather than simply and straightforwardly memorializing the events of the war the poetry of Whitman and Melville weighs carefully all sorts of vexing questions and considerations even as it engages a cultural politics that is never pat Contributors Kyle Barton Peter Bellis Adam Bradford Jonathan A Cook Ian Faith Ed Folsom Timothy Marr Cody Marrs Christopher Ohge Vanessa Steinroetter Sarah L Thwaites Brian Yothers

Battle Lines Eliza Richards, 2018-10-02 During the U S Civil War a combination of innovative technologies and catastrophic events stimulated the development of news media into a central cultural force Reacting to the dramatic increases in news reportage and circulation poets responded to an urgent need to make their work immediately relevant to current events As poetry s compressed forms traveled more quickly and easily than stories novels or essays through ephemeral print media it moved alongside and engaged with news reports often taking on the task of imagining the mental states of readers on receiving accounts from the war front Newspaper and magazine poetry

had long editorialized on political happenings Indian wars slavery and abolition prison reform women s rights but the unprecedented scope of what has been called the first modern war and the centrality of the issues involved for national futures generated a powerful sense of single mindedness among readers and writers that altered the terms of poetic expression In *Battle Lines* Eliza Richards charts the transformation of Civil War poetry arguing that it was fueled by a symbiotic relationship between the development of mass media networks and modern warfare Focusing primarily on the North Richards explores how poets working in this new environment mediated events via received literary traditions Collectively and with a remarkable consistency poems pulled out key features of events and drew on common tropes and practices to mythologize commemorate and ponder the consequences of distant battles The lines of communication reached outward through newspapers and magazines to writers such as Dickinson Whitman and Melville who drew their inspiration from their peers poetic practices and reconfigured them in ways that bear the traces of their engagements

Whitman in Washington Kenneth M. Price, 2020-11-12 During Walt Whitman s decade in Washington DC 1863-1873 he labored intensely at times seeming to have three lives at once He wrote the most distinguished journalism of his career came into his own as a writer of letters crafted memorable Civil War poetry *Drum Taps* and *Sequel to Drum Taps* and later folded it into heavily revised and expanded versions of *Leaves of Grass* and produced his searching but also flawed critique of American culture *Democratic Vistas* Whitman s work through the first three editions of *Leaves* often receives the highest praise yet his writing in the Washington years is exceptional too by any reckoning and is all the more remarkable given that he also cared for thousands of wounded and sick soldiers in Washington hospitals serving as an attentive visitor In addition he served as a government clerk in various positions most notably in the attorney general s office when much was accomplished on the road toward a multi racial democracy including efforts to suppress the Ku Klux Klan and much was also missed both by the attorney general s office and by Whitman in the efforts to advance a more just and vibrant union Kenneth M Price analyses Whitman s integrated life writings and government work in his urban context to re evaluate the writer and the nation s capital in a time of transformation Drawing on an expanded Whitman corpus including nearly 3 000 Whitman documents Price recently identified in the National Archives *Whitman in Washington* demonstrates that the power of Whitman s Civil War and Reconstruction writing emerges more fully than previously imagined from his intimate knowledge of the capital city its bureaucracies and its tumultuous post war history

The New Emily Dickinson Studies Michelle Kohler, 2019-05-16 This collection presents new approaches to Dickinson informed by twenty first century theory and methodologies The book is indispensable for Dickinson scholars and students at all levels as well as scholars specializing in American literature poetics ecocriticism new materialism race disability studies and feminist theory

Invisible Wounds Dillon Carroll, 2021-12-15 Dillon J Carroll s *Invisible Wounds* examines the effects of military service particularly combat on the psyche and emotional well being of Civil War soldiers Black and white North and South Soldiers faced harsh military discipline arduous marches

poor rations debilitating diseases and the terror of battle all of which took a severe psychological toll While mental collapses sometimes occurred during the war the emotional damage soldiers incurred more often became apparent in the postwar years when it manifested itself in disturbing and self destructive behavior Carroll explores the dynamic between the families of mentally ill veterans and the superintendents of insane asylums as well as between those superintendents and doctors in the nascent field of neurology who increasingly believed the central nervous system or cultural and social factors caused mental illness *Invisible Wounds* is a sweeping reevaluation of the mental damage inflicted by the nation's most tragic conflict

Who Killed American Poetry? Karen L. Kilcup, 2019-10-25 Throughout the 19th century American poetry was a profoundly populist literary form It circulated in New England magazines and Southern newspapers it was read aloud in taverns homes and schools across the country Antebellum reviewers envisioned poetry as the touchstone democratic genre and their Civil War era counterparts celebrated its motivating power singing poems on battlefields Following the war however as criticism grew more professionalized and American literature emerged as an academic subject reviewers increasingly elevated difficult dispassionate writing and elite readers over their supposedly common counterparts thereby separating authentic poetry for intellectuals from popular poetry for everyone else Conceptually and methodologically unique among studies of 19th century American poetry *Who Killed American Poetry* not only charts changing attitudes toward American poetry but also applies these ideas to the work of representative individual poets Closely analyzing hundreds of reviews and critical essays Karen L Kilcup tracks the century's developing aesthetic standards and highlights the different criteria reviewers used to assess poetry based on poets class gender ethnicity and location She shows that as early as the 1820s critics began to marginalize some kinds of emotional American poetry a shift many scholars have attributed primarily to the late century emergence of affectively restrained modernist ideals Mapping this literary critical history enables us to more readily apprehend poetry's status in American culture both in the past and present and encourages us to scrutinize the standards of academic criticism that underwrite contemporary aesthetics and continue to constrain poetry's appeal *Who Killed American Poetry* enlarges our understanding of American culture over the past two hundred years and will interest scholars in literary studies historical poetics American studies gender studies canon criticism genre studies the history of criticism and affect studies It will also appeal to poetry readers and those who enjoy reading about American cultural history

Words For The Hour A New Anthology Of American Civil War Poetry: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Words For The Hour A New Anthology Of American Civil War Poetry : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
