Words Of A Rebel Collected Works Of Peter Kropotkin:

Words Of A Rebel Kropotkin Peter Kropotkin, 2021-02-15 Translated with introduction by George Woodcock First published in 1885 in Paris this collection of articles constitutes Kropotkin's first book Originally titled *Paroles d'un Revolt* it includes his earliest works from period 1879 to 1882 In the succeeding years it was translated into Italian Spanish Bulgarian Russian and Chinese Long awaited in English *Words of a Rebel* is the first complete translation A different work from the more familiar books of the older Kropotkin it is a product of an anarchist agitator and it derives its interest as much from what it reveals about an important transitional phase in the development of anarchism as it does for what it shows us of Kropotkin himself Seeing revolution as a popular insurrection in the broadest terms Kropotkin believed that public wealth should belong to its producers and consumers and not to the State or the rich This volume of Kropotkin's articles was translated from the French by George Woodcock A celebrated author Woodcock is also an authority on the life and works of Peter Kropotkin and as a result *Words of a Rebel* is not just a translation but a scholarly work as well

Words of a Rebel Peter Kropotkin, 2022-03-29 Peter Kropotkin remains one of the best known anarchist thinkers and *Words of a Rebel* was his first libertarian book Published in 1885 while he was in a French jail for anarchist activism this collection of articles from the newspaper *Le Revolt* sees Kropotkin criticise the failings of capitalism and those who seek to end it by means of its main support the state Instead he urged the creation of a mass movement from below that would expropriate property and destroy the state replacing their centralised hierarchies with federations of self governing communities and workplaces Kropotkin's instant classic included discussions themes and ideas he returned to repeatedly during his five decades in the anarchist movement Unsurprisingly *Words of a Rebel* was soon translated into numerous languages including Italian Spanish Bulgarian Russian and Chinese and reprinted time and time again But despite its influence as Kropotkin's first anarchist work it was the last to be completely translated into English This is a new translation from the French original by Iain McKay except for a few chapters previously translated by Nicolas Walter Both anarchist activists and writers they are well placed to understand the assumptions within and influences on Kropotkin's revolutionary journalism It includes all the original 1885 text along with the preface to the 1904 Italian as well as the preface and afterward to the 1919 Russian editions In addition it includes many articles on the labour movement written by Kropotkin for *Le Revolt* which show how he envisioned getting from criticism to a social revolution Along with a comprehensive glossary and an introduction by Iain McKay placing this work within the history of

anarchism as well as indicating its relevance to radicals and revolutionaries today this is the definitive edition of an anarchist classic Kropotkin, Read, and the Intellectual History of British Anarchism M. Adams, 2015-06-04 Although marginal as a political force anarchist ideas developed in Britain into a political tradition This book explores this lost history offering a new appraisal of the work of Kropotkin and Read and examining the ways in which they endeavoured to articulate a politics fit for the particular challenges of Britain's modern history Henryk Grossman Works, Volume 2 Henryk Grossman, 2020-11-30 Henryk Grossman is best known as a Marxist economist but he also wrote valuable political texts as a leader of the revolutionary organisation of Jewish workers in the Polish province of Austria before the First World War as a member of the Communist Workers Party of Poland during the early 1920s and as a Marxist academic during the early 1930s These writings dealt with the political situation tactics and strategy of Jewish Social Democratic Party of Galicia the initial reception of Marxism in Poland and then substantial entries on left wing movements organisations and individuals in a multi volume reference work **Fugitive Writings** Kropotkin Peter Kropotkin, 2021-02-15 Introduction by George Woodcock These essays which either have not been previously published or have been out of print embrace Kropotkin's philosophy at a time when he first gave it expression This collection contains selected essays by Peter Kropotkin who was unquestionably the most widely read and respected theorist of anarchism It is intended to make some of his most representative writings more accessible The material consists of essays which either have not been previously published or have been out of print since their original publication While the entire scope of Kropotkin's political thinking cannot possibly be projected in a single volume it is hoped that many of his most fundamental conceptions have been exemplified here for these essays embrace Kropotkin's philosophy at a time when he was struggling to first give them expression In this context Kropotkin's very first political essay *Must We Occupy Ourselves With An Examination of the Ideal of a Future System* written in 1873 which foreshadows most of his later writings is of particular value Apart from a general introduction to the most significant aspects of Kropotkin's life and thought George Woodcock has prepared a preface to each essay allowing the reader to enter into the spirit of the time Table of Contents Preface *Must We Occupy Ourselves with an Examination of the Ideal Future System* Preface Anarchist Communism Its Basics and Principles Preface Anarchist Morality Preface The State Its Historic Role 1993 240 pages **Kropotkin: 'The Conquest of Bread' and Other Writings** Petr Alekseevich Kropotkin, 1995-08-10 The Russian anarchist Peter Kropotkin was the world's foremost spokesman of anarchism at the end of the nineteenth and the beginning of the twentieth centuries The *Conquest of Bread* is his most detailed description of the ideal society embodying anarchist communism and of the social revolution that was to achieve it Marshall Shatz's introduction to this edition traces Kropotkin's evolution as an anarchist from his origins in the Russian aristocracy to his disillusionment with the Russian Revolution and the volume also includes a hitherto untranslated chapter from his classic *Memoirs of a Revolutionist* which contains colourful character sketches of some of his fellow anarchists as well as an article he wrote summarising the history of anarchism and some of his views on

the Revolution **Means and Ends** Zoe Baker, 2023-07-25 An expansive and accessible account of anarchism as a theory of practice A new in depth look at the revolutionary strategy of anarchism in Europe and the United States between 1868 and 1939 Zoe Baker creator of a popular Youtube series on radical history and political theory brings her trademark clarity and accessibility to this debut book Cutting through misperceptions and historical inaccuracies she shows how the reasons anarchists gave for supporting or opposing particular strategies were grounded in a specific theoretical framework a theory of practice The consistent and coherent heart of anarchism Baker shows is the understanding that as people engage in activity political or otherwise they simultaneously change the world and themselves Put another way the means that revolutionaries propose to achieve social change have to involve forms of activity through which people can become individuals capable of overthrowing capitalism and the state as well as building a better society Behind this simple premise that anarchist ends can only be achieved through anarchist means lies a wealth of fascinating historical and theoretical detail that Baker presents clearly and engagingly *Political Economy from Below* Rob Knowles, 2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However he tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy Manufacturing Consent Institute of Policy Alternatives (Montréal, Québec), 1994 Manufacturing Consent Noam Chomsky and the Media the companion book to the award winning film charts the life of America s most famous dissident from his boyhood days running his uncle s newsstand in Manhattan to his current role as outspoken social critic A complete transcript of the film is complemented by key excerpts from the writings interviews and correspondence Also included are exchanges between Chomsky and his critics historical and biographical material filmmakers notes a resource guide more than 270 stills from the film and 18 Philosopher All Stars Trading Cards Mark Achbar has applied a wide range of creative abilities and technical skills to over 50 films videos and books He has worked as editor researcher and production coordinator A juicily subversive biographical philosophical documentary bristling and buzzing with ideas Washington Post You will see the whole sweep of the most challenging critic in modern political thought Boston Globe One of our real geniuses an excellent introduction Village Voice An intellectually challenging crash course in the man s coolly contentious analysis laying out his thoughts in a package that is clever and accessible Los Angeles Times Contents The Man Early Influences Vietnam A Turning Point On His Role The Media Thought Control in Democratic Societies A Propaganda
