Reliving the Past Olivier Zunz, Charles Tilly, David William Cohen, William B. Taylor, William T. Rowe, 2014-02-01 Five historians uncover the ties between people's daily routines and the all encompassing framework of their lives They trace the processes of social construction in Western Europe the United States Latin America Africa and China discussing both the historical similarities and the ways in which individual history has shaped each area's development They stress the need for a social history that connects individuals to major ideological political and economic transformations

Embracing Risk Tom Baker, Jonathan Simon, 2010-02-15 For much of the twentieth century industrialized nations addressed social problems such as workers compensation benefits and social welfare programs in terms of spreading risk But in recent years a new approach has emerged using risk both as a way to conceive of and address social problems and as an incentive to reduce individual claims on collective resources *Embracing Risk* explores this new approach from a variety of perspectives The first part of the book focuses on the interplay between risk and insurance in various historical and social contexts The second part examines how risk is used to govern fields outside the realm of insurance from extreme sports to policing mental health institutions and international law Offering an original approach to risk insurance and responsibility the provocative and wide ranging essays in *Embracing Risk* demonstrate that risk has moved well beyond its origins in the insurance trade to become a central organizing principle of social and cultural life Civic Passions Tichi, 2010-07-13 A gripping and inspiring book *Civic Passions* examines innovative leadership in periods of crisis in American history Starting from the late nineteenth century when respected voices warned that America

was on the brink of collapse Cecelia Tichi explores the wisdom of practical visionaries who were confronted with a series of social political

The Liability Century Kenneth S. Abraham, 2008-03-31 Kenneth Abraham explores the development and interdependency of the tort liability regime and the insurance system in the United States during the twentieth century and beyond including the events of September 11 2001 From its beginning late in the nineteenth century the availability of liability insurance led to the creation of new forms of liability heavily influenced expansion of the liabilities that already existed and continually promoted increases in the amount of money that was awarded in tort suits A liability and insurance spiral emerged in which the availability of liability insurance encouraged the imposition of more liability and in turn the imposition of liability encouraged the further spread of insurance Liability insurance was not merely a source of funding for ever greater amounts of tort liability Liability insurers came to dominate tort litigation They defended lawsuits against their policyholders and they decided which cases to settle fight or appeal The very idea behind insurance that spreading losses among large numbers of policyholders is desirable came to influence the ideology of tort law To serve the aim of loss spreading liability had to expand Today the tort liability and insurance systems constantly interact and to reform one the role of the other must be fully understood

The Struggle for Social Security, 1900-1935 Roy Lubove, 1986-03-15 For the first one third of the twentieth century proposals for workmen s compensation unemployment or health insurance and widow s or old age pensions met steep resistance on the grounds that such programs would diminish the dignity of the individual In this book Roy Lubove examines the clash between the traditional American ethic of individualism and voluntarism and the push for an active government role in social welfare assistance and the battles within the social security movement itself He concludes his study with the actual legislative enactments of 1935 when after the experience of the Great Depression social insurance came into its own

Writing Educational Biography Craig Kridel, 2013-11-26 This collection examines the many influences of biographical inquiry in education and discusses methodological issues from the perspective of veteran and novice biographers Contributors underscore the documentary interpretive and literary concerns of biographical and archival work and their essays reveal the complexity distinctiveness and sense of exploration of scholarly endeavors
