An Online Doctorate for Researching Professionals Swapna Kumar , Kara Dawson, 2018 The interest and demand for online terminal degrees across disciplines by professionals wishing to conduct research and fulfill doctoral degree requirements at a distance is only increasing But what these programs look like how they are implemented and how they might be evaluated are the questions that challenge administrators and pedagogues alike This book presents a model for a doctoral program that bridges theory research and practice and is offered completely or largely online In their described program model Kumar and Dawson enable researching professionals to build an online community of inquiry engage in critical discourse within and across disciplines learn from and with experts and peers and generate new knowledge

Their program design is grounded in the theoretical and research foundations of online adult and doctoral education curriculum design and community building implementation and evaluation The authors who draw on their experience of implementing a similar program at the University of Florida not only share data collected from students and faculty members but also reflect on lessons learned working on the program in diverse educational contexts An important guide for program leaders who wish to develop implement and sustain an online professional doctorate An Online Doctorate for Researching Professionals will also be a valuable resource for higher education professionals seeking to include e learning components in existing on campus doctoral programs

The SAGE Handbook of Learning and Work Margaret Malloch, Len Cairns, Karen Evans, Bridget N. O'Connor, 2021-10-13 The first two decades of the 21st century have contributed a growing body of research theorisation and empirical studies on learning and work This Handbook takes the consideration of this topic into a new realm moving beyond the singular linking of identity learning and work to embrace a more holistic appreciation of learners and their life long learning Across 40 chapters learners learning and work are situated within educational organisational social economic and political contexts Taken together these contributions paint a picture of evolving perspectives of how scholars from around the world view developments in both theory and practice and map the shifts in learning and work over the past two decades Part 1 Theoretical perspectives of learning and work Part 2 Intersections of learning and work in organisations and beyond Part 3 Learning throughout working lives and beyond Part 4 Issues and challenges to learning and work

THE ROLE OF PROFESSIONAL DOCTORATES IN ADVANCING HIGHER EDUCATION AND WORK-BASED LEARNING Carlo Lazzari, Elda Nikolou-Walker, Liang Lou, 2024-11-07 The current book is a short synopsis of Professional Doctorates DProf programs It provides a practical illustration of the content of these programs how they are structured how to craft the required dissertations and how students can succeed in these programs Mostly tailored for professionals in advanced practice DProf and the cognate programs of DProf by Publications or Public Works are growing in popularity as they offer candidates the opportunity to merge practical experience with academic skills DProf programmes enhance work based learning and reflective practice skills while implementing scholarly works This book shaped as a practical study guide describes the major aspects of DProf programmes how to create a successful thesis and how to be effective in extracting scholarly research from candidates daily practice Therefore the Masters and Doctorates in Professional Practice MProf DProf emphasise study inquiry in a professional setting while fostering critical reflection and career advancement through practice based research projects DProf postgraduate programs encourage a reflective approach into candidates settings of practice to develop projects and policies to change these settings and advance the quality of services provided to their customers or clients Methodologies and methods for creating DProf dissertations and research are discussed in detail such as modes of knowledge production reflectivity reflexivity critical incident analysis middle range theories qualitative inquiry reflective cycles and autoethnography

Doctoral Education in Social Work Jeane W.

Anastas,2012-01-25 Doctoral education in social work is said to be in crisis While there is a glut of available programs there is a shortage of doctoral graduates for faculty positions in social work education requiring that the field prepare more high quality graduates for these positions There is also an increasing need for doctoral level social workers in leadership roles outside of schools of social work such as in think tanks professional associations public and organizational administration and practice Based on findings from a national survey of doctoral students in social work this volume discusses the purpose of doctoral education in a practice profession as well as past and current controversies about what that should be Survey findings about student demographics and their reasons for seeking the doctoral degree are discussed in comparison to national data from related fields In addition their program experiences are considered and parsed including specifics on what they like and do not like such as the dissertation research and writing experience and preparation for the PhD job market While most programs are designed to prepare stewards of the discipline it turns out that the resources available in social work doctoral programs including student aid are quite variable The book identifies a variety of recommendations that can enhance the profession s ability to prepare the next generation of intellectual leadership This is essential reading for anyone interested in or already working towards a social work doctorate and for faculty and directors of schools of social work determined to understand and shape the future of doctoral education in social work

Doing Doctoral Research at a Distance Katrina McChesney,James Burford,Liezel Frick,Tseen Khoo,2024-05-16 Emerging from personal experience and empirical research Doing Doctoral Research at a Distance is a key companion text for doctoral students from a range of research fields and geographical contexts who are undertaking off campus hybrid and remote pathways Offering guidance about the entire off campus doctoral journey the book introduces contexts of distance study key information to get off to a flying start organising time space and plans to get work done juggling employment family and other commitments alongside distance study doctoral identity and wellbeing working with doctoral supervisors at a distance accessing research culture at a distance and managing the bumps along the road of the distance doctorate Written for doctoral researchers this book offers strategies to help those working at a distance to flourish This book is ideally suited for those contemplating distance study distance doctoral students who are starting their off campus journey and supervisors and others who are working with distance doctoral researchers Insider Guides to Success in Academia offers support and practical advice to doctoral students and early career researchers Covering the topics that really matter but which often get overlooked this indispensable series provides practical and realistic guidance to address many of the needs and challenges of trying to operate and remain in academia These neat pocket guides fill specific and significant gaps in current literature Each book offers insider perspectives on the often implicit rules of the game the things you need to know but usually aren t told by institutional postgraduate support researcher development units or supervisors and will address a practical topic that is key to career progression They are essential reading for doctoral students earlycareer researchers supervisors mentors or anyone looking

to launch or maintain their career in academia
