Share Trading Daryl Guppy, 2011-09-26 Daryl Guppy trading book Share Trading has been continuously in print for ten years Share Trading was first published in 1996 and it is now widely accepted as the best selling trading book in Australia This Special 10th Anniversary Edition marks this remarkable achievement Featuring a new preface by Daryl Guppy this is a book about trading It about private traders working from home buying and selling shares in listed companies It is also about making money and that means buying and selling for profit

Bear Trading Daryl Guppy, 2011-09-26 The first edition of this book was published during a raging bull run and still proved a sell out success The reason is simple the bears are always with us Fat bears slow bears and little bears are not the traders enemy When markets stumble private traders DO make money Already thousands of Australians earn their living by trading the financial markets Many traders have progressed step by step from long term investing to position equity trading acquiring their skills against the background of the seemingly ever rising market They may have found that trading for a living is hardly the easiest of careers even in the good times when the bulls are running They wonder if it is possible to continue trading when the market is rocked by the bears Daryl Guppy knows from experience that it is The bears are always with us Even at the height of a bull run still some corners of the equity market are in their grip and he shows how to trade these bear dips He has also traded during the resources and Asian bear markets and many of the examples in this book are trades he has personally taken There are two sides to the market long and short The author explores the short side selling high and buying low and demonstrates practical ways to trade these warrants and options In this comprehensive book Daryl Guppy discusses a broad sample of methods the private trader can use not only to survive but to prosper in falling or static markets

Chart Trading Daryl Guppy, 1999-12-16 This approach to Chart Trading puts you beside an experienced trader as he uses charts and chart analysis to unlock profits in the market Everywhere you look on the Internet there are stock charts but what do you do with them These charts use indicators included with every charting software package but do you know how to use them What makes them tick and how can you use them to make money in the market This book explains how to use charts to make better trading and investing decisions It starts with the basics making it suitable for the novice Step by step it moves to more advanced techniques so even seasoned

chartists will be inspired by the author's unique practical approach to the subject. Already most serious share and derivative traders make their buying and selling decisions with the help of charts. Other investors are beginning to realise the value of charting and technical analysis in providing a second opinion to an analysis of the fundamentals. With this book you can join them in using charts to increase your profitability.

Stocks And Forex Trading: How To Win Daryl Guppy, Karen Wong, 2021-06-16

Dreaming of becoming a successful trader Daryl Guppy and Karen Wong show you the steps that will allow you to turn part time trading into a successful income stream. Wong's unique approach uses a stock exchange based Trading Game simulation as an arena for stress testing trading ideas before risking real cash. This is a serious training method. Wong reveals the essential lessons underpinning survival and success in modern trading markets. She shows how sensible use of derivatives like contract for differences CFD enhance returns from trading ideas. Wong takes you through the steps she followed to turn an ambition into a reality. Based on her experience using Guppy trading methods and her own trading methods she shows mistakes to avoid and some shortcuts to success. Guppy shows how to adapt your stock trading skills to trading the foreign exchange Forex market using methods suitable for a part time trader. This includes a full explanation of a trading approach for Forex commodities and indices. This new trading method identifies high probability trades with well defined exit targets. This method is designed for time poor traders who want to limit time risk in the market. Guppy and Wong explain how charting and technical analysis methods are easily applied to improve trade identification, trade management and profit taking. The discussion is illuminated with real trades so you can identify the features of success and also the warning signs of failure. Modern markets call for a new mixture of trade methods to make the best use of new trading instruments like CFDs and the increasingly accessible Forex market. You can trade part time and make a decent second income. Guppy and Wong give you the benefit of their experience and the tools to make this dream a reality.
