Ferenczi and His World Tom Keve, Judit Szekacs-Weisz, 2018-03-22 This volume honours Sandor Ferenczi a central character in the birth of psychoanalysis whose warm and passionate personality ideas and teachings permeate his world and his work shaping psychoanalytical thinking of generations **Centers of Power** Joseph H. Berke, Stanley R.

Schneider, 2008-01-22 Kabbalah and psychoanalysis are conceptions about the nature of reality The former is over two thousand years old The latter has been formalized less than a hundred years ago Nonetheless they are parallel journeys of discovery that have forever altered not only what we see but the very nature of seeing itself The domain of Kabbalah is the spiritual and material macrocosm In contrast the concern of psychoanalysis is the microcosm the innermost recesses of the human mind However both are convergent and complementary theories Kabbalah asserts as above so below meaning the Godhead the source of everything is reflected in the smallest details of existence Similarly psychoanalysis traces the evolution from inner objects to family feuds and social fields More than theories however Kabbalah and psychoanalysis test the limits of direct experience They are contemplative meditative and introspective methods for restoring shattered worlds and fragmented lives These are material as well as spiritual entities which have been separated from their source on one hand the Godhead and on the other personal praxis The purpose of this study is to explore how Kabbalah and psychoanalysis converge and diverge complement and conflict with each other in order to amplify their impact and enable mankind to gain a greater understanding of reality **Ferenczi's Influence on Contemporary Psychoanalytic Traditions** Aleksandar Dimitrijević, Gabriele Cassullo, Jay Frankel, 2018-06-27 This collection covers all the topics relevant for understanding the importance of Sandor Ferenczi and his influence on contemporary psychoanalysis Pre eminent Ferenczi scholars were

solicited to contribute succinct reviews of their fields of expertise The book is divided in five sections The historical biographical describes Ferenczi's childhood and student days his marriage brief analyses with Freud his correspondences and contributions to daily press in Budapest list of his patients true identities and a paper about his untimely death The development of Ferenczi's ideas reviews his ideas before his first encounter with psychoanalysis his relationship with peers friendship with Groddeck emancipation from Freud and review of the importance of his Clinical Diary The third section reviews Ferenczi's clinical concepts and work trauma unwelcome child wise baby identification with aggressor mutual analysis and many others In Echoes we follow traces of Ferenczi's influence on virtually all traditions in contemporary psychoanalysis interpersonal independent Kleinian Lacanian relational etc
