Trials Without Truth Trials Without Truth:

Trials Without Truth William T. Pizzi, 1999 Reginald Denny O J Simpson Colin Ferguson Louise Woodward all names that have cast a spotlight on the deficiencies of the American system of criminal justice Yet in the wake of each trial that exposes shocking behavior by trial participants or results in counterintuitive rulings often with perverse results the American public is reassured by the trial bar that the case is not typical and that our trial system remains the best in the world William T Pizzi here argues that what the public perceives is in fact exactly what the United States has a trial system that places far too mu

The Reparative Effects of Human Rights Trials Rosario Layus, 2017-08-07 Justice in domestic courts is one of the most prominent aims of victims seeking to obtain accountability for human rights violations It is however also one of the most difficult to achieve In many Latin American countries as well as elsewhere activists have put human rights prosecutions forward as a fundamental means to end impunity build democracy strengthen the rule of law and address victims rights But there is still little knowledge about what actually happens when these judicial mechanisms are effectively put to work Can prosecutions of mass human rights violations contribute to overcome the effects of state violence and impunity Can trials enable meaningful reparative changes for victims in their local contexts Analysing the human rights trials in Argentina established to prosecute those responsible for human rights violations during the military dictatorship this book addresses how and why domestic prosecutions can operate as a means for reparation and contribute to dealing with the damage caused by crimes against humanity Based on a series of interviews conducted with victims participating in these prosecutions as well as with lawyers prosecutors judges and other relevant actors in five provinces of Argentina this book will be of considerable interest to those studying and working in the interdisciplinary field of transitional justice and human rights The PhD thesis on which this book was based was awarded with the 2016 Doctoral Studies Award of the Philipps University of Marburg in Germany *Failures of American Civil Justice in International Perspective* James R. Maxeiner, 2011-08-29 Civil justice in the United States is neither civil nor just Instead it embodies a maxim that the American legal system is a paragon of legal process which assures its citizens a fair and equal treatment under the law Long have critics recognized the system s failings while offering abundant criticism but few solutions This book provides a comparative critical introduction to civil justice systems in the United States Germany and Korea It shows the shortcomings of the American system and compares them with German and Korean successes in implementing the rule of law The author argues that these shortcomings could easily be fixed if the American legal systems were open to seeing how other legal systems civil justice processes handle cases more efficiently and fairly Far from being a treatise for specialists this book is an introductory text for civil justice in the three aforementioned legal systems *A Complete Collection of State Trials and Proceedings for High Treason and Other Crimes and Misdemeanors from the Earliest Period to the Year 1783* Thomas Bayly Howell, 1816 **A World Without Jews** Alon Confino, 2014-04-15 This penetrating new assessment of the burning of the Hebrew Bible by the Nazis on November 9 1938

explores how the Germans came to conceive of the idea of Germany without the Jews which required that both Jews and Judaism be erased from Christian history

Justice through Transitions Baoumi, Hussein, Chaparro, Nina, Coutaz, Horacio, Daneri, Ana, Köstegen, Enis, O'Diana, Richard, Okeowo, Adebayo, Padilla, Nelson Fredy, Sánchez, Nelson Camilo, Sathisan, Vani, Vasconcelos, Isadora, Velasco, Meyatzin, 2018-07-01 What does justice mean in times of transition What kinds of possibilities and disappointments emerge from processes of seeking justice through transition How might we understand these processes through narrative In August 2015 a group of Global South human rights activists and researchers gathered in Colombia for a workshop organized around the theme of transitional justice This book the third in a series is the result of the discussions performed in that encounter The chapters in this volume illustrate many complexities of transitional justice processes from the perspective of young human rights advocates involved in these struggles many with their own complicated personal connections to the search for justice These advocates hail from countries that have divergent relationships with the notion of transitional justice from places deeply embedded in its norms and processes such as Argentina and Colombia to countries undergoing various kinds of transitions on very different terms such as Turkey and Mexico All of the chapters however write the messiness of seeking justice through transitions spanning from the personal and intimate to the national and global Together these chapters beautifully illustrate both the pain and the political possibilities that come from the inability to leave history in the past as well as the creativity of individual and collective efforts to seek justice through transitions They also demonstrate the beauty of speaking working and writing justice from the hear
