Museums of the World Michael Zils, 2001 **Museums of the World** Marco Schulze, 2007-05-15 Museums of the World covers in its 13th edition 52,953 museums in 201 countries listed hierarchically by country and place and within places alphabetically by name. A separate chapter records 504 museum organizations in 131 countries with addresses. The museums are coded by 22 categories identifying the focus and type of each institution. A typical entry contains the following details: name of the museum in the original language with English translation where necessary, address, telephone number, fax, eMail address and URL, museum type, year of foundation, name of the director and museum staff, special collections and equipment number of the entry. In addition, there is an alphabetical index of museums, a subject index, an index of persons covering academic staff working in museums and a personality index recording artists whose works are shown predominantly in a specific museum and/or referring to memorabilia of famous individuals. **The Railway Magazine**, 2004 **Museums of the World: Afghanistan-Turkmenistan** Michael Zils, 2003 *The Brooklyn Bridge* Richard Haw, 2005 Bringing together more than sixty images of the bridge that over the years have graced postcards, magazine covers and book jackets and appeared in advertisements, cartoons, films and photographs, Haw traces the diverse and sometimes jarring ways in which this majestic structure has been received, adopted and interpreted as an American idea. Haw's account is not a history of how the bridge was made but rather of what people have made of the Brooklyn Bridge in film, music, literature, art and politics from its opening ceremonies to the blackout of 2003. **BOOK JACKET** **Popular Mechanics**, 2000-01 Popular Mechanics inspires, instructs and influences readers to help them master the modern world.
