Exercises for Trombone Robert Anthony, 2023-11-23 Volume Two starts out rhythmically simpler than Volume One ends
and then of course progresses to a more difficult level adding dynamic markings expanding the key signatures to C G F D Bb
A Eb E Ab Major and their relative minor keys and modes and adding the time signatures 3 8 and 9 8 into the mix

the ear they are also composed to be difficult to memorize and utilize many rhythms that seem to be absent from other sight
reading books Next I have made the staff font slightly larger than standard While this will largely go unnoticed in the printed
version of this book it should make the electronic versions significantly easier to read Finally there are many correct ways to
use this book The instructions and a preview in pdf form are posted on my website so that I can update the instructions as I
discover additional strategies For example I sometimes receive emails in which people tell me how they like to use this book
