Encyclopedia of American Race Riots Walter C. Rucker, James N. Upton, 2006-11-30 Race riots are the most glaring and contemporary displays of the racial strife running through America's history. Mostly urban, mostly outside the South and mostly white instigated, the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth century. Though white-on-black violence has been the most common form of racial violence, riots involving Asians and Hispanics are also included and examined. Race riots are the most glaring and contemporary displays of the racial strife running through America's history. Mostly urban, mostly outside the South and mostly white instigated, the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth century. While most riots have occurred within the past century, the encyclopedia reaches back to colonial history, giving the encyclopedia an unprecedented historical depth. Though white-on-black violence has been the most common form of racial violence, riots involving other racial and ethnic groups such as Asians and Hispanics are also included and examined. Organized A-Z topics include notorious riots like the Tulsa Riots of 1921, the Los Angeles Riots of 1965 and 1992, the African American community's preparedness and responses to this odious form of mass violence, federal responses to rioting, an examination of the underlying causes of rioting, the reactions of prominent figures such as H. Rap Brown and Martin Luther King Jr. to rioting, and much more. Many of the entries describe and analyze particular riots and violent racial incidents, including the following: Belleville, Illinois Riot of 1903; Harlem, New York Riot of 1943; Howard Beach Incident, 1986; Jackson State University Incident, 1970; Los Angeles, California Riot of 1992; Memphis, Tennessee Riot of 1866; Red Summer Race Riots of 1919; Southwest Missouri Riots, 1894-1906; Texas Southern University Riot of 1967. Entries covering the victims and opponents of race violence include the following: Black Soldiers; Lynching of Black Women; Lynching of Diallo Amadou Hawkins; Yusef King; Rodney Randolph; A. Philip Roosevelt; Eleanor Till; Emmett; Lynching of Turner; Mary; Lynching of Wells; Barnett; Ida B. Many entries also cover legislation that has addressed racial violence and inequality, as well as groups and organizations that have either fought or promoted racial violence, including the following: Anti-Lynching League; Civil Rights Act of 1957; Economic Opportunity Act of 1964; Ku Klux Klan; National Association for the Advancement of Colored People; NAACP; Nation of Islam; Vigilante Organizations; White League. Other entries focus on relevant concepts, trends, themes, and publications. Besides almost 300 cross-referenced entries, most of which conclude with lists of additional readings, the encyclopedia also offers a timeline of racial violence in the United States, an extensive bibliography of print and electronic resources, a selection of important primary documents, numerous illustrations, and a detailed subject index.

Symposium ,2007 **The Secrets of the Kingdom** Hugh B. Urban,2007-03-09 The presidency of George W Bush contains at its very heart a fundamental paradox and apparent contradiction On the one hand this is the most outspokenly religious president in U S history a man who claims to be called by God to lead our country Yet at the same time this is also the most secretive administration in U S history displaying an intense preoccupation with information control an obsession with secrecy more extreme than the Nixon White House *The Secrets of the Kingdom* is the first book to critically examine the complex relationship between faith and concealment in the Bush White House The apparent contradiction between religion and secrecy in this administration the book argues is really only that an apparent one In fact religion and secrecy not only co existent in this White House they are intimately intertwined For both are ultimately about power namely the power that comes from the appeal to a divine authority and the power that comes from the calculated control of valuable information The result of this mix of religious fervor and obsessive secrecy has been an unprecedented assertion of executive power and defiance of public or congressional oversight Ultimately such a blending of religious faith and government secrecy has little in common with the model of democracy outlined in our Constitution on the contrary this is its very undoing *Are American Elections Fair?* Stuart A.
