When Alligators Laugh:

When Alligators Laugh Lisa Lanman, 1999 American scientists Liz and Jon Clark are baffled when they discover they are being tracked by potential killers while on a research assignment to Singapore Liz's birthplace Struggling through a series of frightening near death attacks Liz finally realizes that she holds the clue to the location of an enormous missing treasure which was hidden during the chaos of World War II in Southeast Asia WHEN ALLIGATORS LAUGH is a tightly structured puzzler an intelligent fast paced novel of intrigue where the appealing protagonists though obviously brainy are slow to tumble to their involvement in a bizarre situation Exotic locales in Singapore Malaysia and Indonesia come to life as backdrops for this exciting thriller **Memoirs of the American Folk-lore Society**, 1923 *Folk-lore from Maryland* Annie Weston Whitney, Caroline Canfield Bullock, 1925 *New York Railroad Men*, 1893 The Farmer and the Fox Erik J. Miller, 2025-07-31 The Farmer and the Fox is a timeless classic about remaining hopeful and foraging forward despite life's hardships It emphasizes resilience in the wake of adversity as well as the importance of accepting help when needed The story describes a farmer's quest to receive help from a wise old fox who lives on the other side of the Mystic Forest The adventure takes the farmer through the Mystic Forest where he encounters numerous obstacles and rough terrains blocking his path The farmer is able to continue his travels through the Mystic Forest by focusing on the positive events in his life and accepting aid from many of the magical creatures that he meets along the way Despite the dangerous and harrowing journey with seemingly no end the farmer remains committed to finding the wise old fox so he can return to the farm that he shares with his beautiful wife The story underlines the importance of channeling your emotions in a comforting versus destructive manner in times of great danger and distress and the power of positivity in one's ability to overcome A *TOUCH OF AFRICA* BERT D'AMICO, 2005-06-21 Did a lost population of feral people dwell in the darker recesses of the N F D in Kenya's remote north How was it possible to communicate over vast distances without the benefits of modern technology Why did the Yanomama who lived deep in the Amazon rainforest practice female infanticide as part of their cultural survival How was it possible for these so called primitive people on two continents to produce a designer poison using only one of the millions of insects that abounded around them Do elephants have a sense of impending death Who were the white men the nomads encountered on the plains of Kenya in a forgotten and desolate wilderness These are but a few of the stories found in A Touch of Africa and Part II Onto the Amazon My journeys have taken me to Africa the Amazon jungle and the sub Arctic in Canada's far north I fished with lepers on the Amazon River in the blackest of nights walked the slave route in central Africa and stood on the ground where Stanley presumed to meet Livingstone The characters encountered in the backcountry were unique each with their own fascinating tale and over the years they became unwavering friends I came to know the smell of famine and buried the dead came down with malaria and later black swamp fever While on safari the unexpected became the norm as roads disappeared and the elephant assumed the right of way It was in Kenya East Africa

where I experienced a way of life without the benefits of all the creature comforts we seem to believe are necessities I started off teaching African students in a bush school My timetable included weekly forays into backcountry where as a novice I was expected to hunt enough game to feed the school s nearly three hundred students I was fortunate enough to meet a group of Italian old timers who lived and worked in some of the remotest areas of Kenya Through these newly acquired contacts I was able to safari beyond the tourist line and back in time to an Africa of yesterday I learned KiSwahili and roamed the infamous Northern Frontier District the N F D with the elegant Samburu and fearless Turkana warriors where each day life teetered on the edge Big game abounded and became part of everyday existence One had to learn the boundaries set out by lion and poisoness snakes Over the years I came to glimpse the world through the eyes of these warrior nomads They taught me the signs left behind by the creatures that roamed the wilds I spent a brief moment with the Yanomama Indians in the Amazon a hunting gathering people who represent a continuous link with the Paleolithic Age I followed them deep into the tropical rain forest on a hunting expedition and witnessed them revert back to an earlier time as they communicated using the sounds of the jungle animals These are a people who visualize in one dimension and count to two and conclude with many Each afternoon when returning from the forest the day s catch might be a howler monkey a toucan or two sometimes a turtle or a turkey sized bird but most often several brilliantly colored parrots which thrived in the forest canopy A TOUCH OF AFRICA and PART II ONTO TO THE AMAZON was deliberated over for the past twenty five years and finally committed to the present format The material is true the people are real and the humor unfolded to the observant eye It was truly an adventurous time in a magnificent setting with intriguing people who became family
