When Digital Isn't Real Marlene B. Samuels, Ph.d.,2013-07-22 Do you think all the information you need can be found online Think again Not all the facts you need to ensure accuracy in your writing is online And even information that s made its way online may not be all that accurate The magnitude of online information accessed at lightening fast speed has eroded our beliefs in the importance of hard copy references Worse too many writers are losing their research skills In order to conduct non digital research writers need the skills to identify data sources but moreover knowing how and where to find them then deciding which ones to use is both critical and daunting Every writer who cares about the accuracy of his or her written work needs this book *Proceedings of IAC 2020 in Budapest* Group of Authors,2020-03-13 International Academic Conference on Teaching Learning and E learning International Academic Conference on Management Economics and Marketing International Academic Conference on Transport Logistics Tourism and Sport Science

**Books and Social Media** Miriam J. Johnson,2021-07-29 Social media and digital technologies are transforming what and how we read Books and Social Media considers the way in which readers and writers come together in digital communities to discover and create new works of fiction This new way of engaging with fiction stretches the boundaries of what has been considered a book in the past by moving beyond the physical or even digitally bound object to the consideration of content containers and the ability to share Using empirical data and up to date research methods Miriam Johnson introduces the ways in which digitally social platforms give rise to a new type of citizen author who chooses to sidestep the industry s gatekeepers and share their works directly with interested readers on social platforms Gender and genre especially play a key role in developing the communities in which these authors write The use of surveys interviews and data mining brings to the fore issues of gender genre community and power which highlight the push and pull between these writers and the industry Questioning what we always thought we knew about what makes a book and traditional publishing channels this book will be of interest to anyone studying or researching publishing book history print cultures and digital and contemporary literatures
