When The Kings Come Marching In Isaiah And The New Jerusalem:

When the Kings Come Marching In Richard J. Mouw, 2002-05-08 Widely respected for his perspectives on faith in the modern world Richard J Mouw has long stood at the forefront of the Christ and culture debate In *When the Kings Come Marching In* here revised and updated Mouw explores the religious transformation of culture as it is powerfully pictured in Isaiah 60 In Isaiah 60 the prophet envisions the future transformation of the city of Jerusalem a portrayal of the Holy City that bears important similarities to John s vision of the future in Revelation 21 and 22 Mouw examines these and other key passages of the Bible showing how they provide a proper pattern for cultural involvement in the present Mouw identifies and discusses four main features of the Holy City 1 the wealth of the nations is gathered into the city 2 the kings of the earth march into the city 3 people from many nations are drawn to the city and 4 light pervades the city In drawing out the implications of these striking features Mouw treats a number of relevant cultural issues including Christian attitudes toward the processes and products of commerce technology and art the nature of political authority race relations and the scope of the redemptive ministry of Jesus Christ The volume culminates in an invaluable discussion of how Christians should live in the modern world Mouw argues that believers must go beyond a narrow understanding of the individual pilgrim s progress to a view of the Christian pilgrimage wherein believers work together toward solving the difficult political social and economic problems of our day

Who's Afraid of Modern Art? Daniel A. Siedell, 2015-01-07 Modern art can be confusing and intimidating even ugly and blasphemous And yet curator and art critic Daniel A Siedell finds something else something much deeper that resonates with the human experience With over thirty essays on such diverse artists as Andy Warhol Thomas Kinkade Diego Velazquez Robyn O Neil Claudia Alvarez and Andrei Rublev Siedell offers a highly personal approach to modern art that is informed by nearly twenty years of experience as a museum curator art historian and educator Siedell combines his experience in the contemporary art world with a theological perspective that serves to deepen the experience of art allowing the work of art to work as art and not covert philosophy or theology or visual illustrations of ideas meanings and worldviews Who s Afraid of Modern Art celebrates the surprising beauty of art that emerges from and embraces pain and suffering if only we take the time to listen Indeed as Siedell reveals a painting is much more than meets the eye So who s afraid of modern art Siedell s answer might surprise you

Why Do the Nations Rage? David A. Ritchie, 2021-12-28 What if we understood nationalism as a religion instead of an ideology What if nationalism is more spiritual than it is political Several Christian thinkers have rightly recognized nationalism as a form of idolatry However in *Why Do the Nations Rage* David A Ritchie argues that nationalism is inherently demonic as well Through an interdisciplinary analysis of scholarship on nationalism and the biblical theology behind Paul s doctrine of powers Ritchie uncovers how the impulse behind nationalism is as ancient as the tower of Babel and as demonic as the worship of Baal Moreover when compared to Christianity Ritchie shows that nationalism is best understood as a rival religion that bears its own distinctive and demonically inspired false gospel which seeks to both imitate and distort the Christian gospel

Grace and Global Justice Richard Gibb, 2006-10-18 What does it mean for the twenty first century church to conceive of itself as a community defined by the covenant of grace *Grace and Global Justice* explores the ramifications of this central Christian doctrine for the holistic mission of the church in the context of a globalized world

Power and Purpose Russell Lackey, 2016-09-28 The book of Revelation is confusing to read Images of beasts trumpets plagues and even dragons fill its pages In his book *Power and Purpose* Russ Lackey guides readers on an adventure through the harrowing pages of Revelation in a clear and accessible way Along the journey issues such as economic and political injustice ecology evangelism and synthesizing faith with everyday life are raised with the hope of Christ woven throughout The main question of the book is not how does a person escape this world rather who is the Lord of this world Christians who pick up Revelation with this question in mind do not try to escape society rather they work to reform it Doing this they discover that true power and purpose comes from Christ the Lamb who was slain This is a must read for anyone desiring to better understand the book of Revelation

Grounded in Heaven Michael Allen, 2018-10-02 Eschatology and ethics are joined at the hip says Michael Allen and both need theocentric reorientation In *Grounded in Heaven* Allen retrieves the traditional concept of the beatific vision and seeks to bring Christ back into the heart of our theology and our lives on earth

Responding to the earthly mindedness of much recent theology Allen places his focus on God and the heavenly future while also appreciating ways in which the Reformed tradition provides a unique angle on broadly catholic concerns Reaching back to classical ethics as well as its reformation by Calvin and other Reformed theologians Grounded in Heaven offers a distinctly Protestant account of the ascetical calling to be heavenly minded and to deny one's self *Sharing the Crust* Mark R. Gornik,2024-08-23 In *Sharing the Crust* Mark Gornik tells the story of an unbreakable love through the life and witness of Allan Tibbels and a communion of saints in the Sandtown neighborhood of Baltimore *Sharing the Crust* is about the power of small changes the little way and the hard work of peacemaking in a divided world It is about the meaning of companionship in this life and the life to come of who we are to one another A refreshingly complex story of ministry church life and community development *Sharing the Crust* is a witness to faith hope and love for our times **Here I Am** Quentin J. Schultze,2005-05 Schultze helps readers identify God's call on their lives offers an expanded understanding of vocation and shows that what people do is not as important as how they do it *Revelation* Amos Yong,2021-09-14 The book of *Revelation* stands as one of the most challenging and inspiring in the Christian canon While giving rise to much unhelpful speculation its core message of the active sovereignty of God in a hostile world has given courage and comfort throughout Christian history In this volume Amos Yong analyzes the message of *Revelation* to its earliest readers and speaks to its ongoing meaning for believers today The volumes in the Belief series offer a fresh and invigorating approach to all the books of the Bible Building on a wide range of sources from biblical studies and the Christian tradition renowned scholars focus less on traditional historical and literary angles in favor of a theologically focused commentary that considers the contemporary relevance of the text Why then and why now are overarching questions asked throughout the volumes in the series *A Faith of Our Own* Jonathan Merritt,2012-05-08 Every day major headlines tell the story of how Christianity is attempting to influence American culture and politics But statistics show that young Americans are disenchanted with a faith that has become culturally antagonistic and too closely aligned with partisan politics In this personal yet practical work Jonathan Merritt uncovers the changing face of American Christianity by uniquely examining the coming of age of a new generation of Christians Jonathan Merritt illuminates the spiritual ethos of this new generation of believers who engage the world with Christ centered faith but an unpolarized political perspective Through personal stories and biblically rooted commentary this scion of a leading evangelical family takes a close thoughtful look at the changing religious and political environment addressing such divisive issues as abortion gay marriage environmental use and care race war poverty and the imbalance of world wealth Through Scripture the examples of Jesus and personal defining faith experiences he distills the essential truths at the core of a Christian faith that is now just coming of age **Interpreting the Prophetic Word** Willem A. VanGemen,2010-06-01 The diversity of prophetic voices in the Bible provides a message that is rich and variegated But the variety of the testimony can be lost by limiting one's interpretations or application of the prophetic word *Interpreting the*

Prophetic Word helps readers understand the harmony of the voices that reveal God's purposes in redemptive history. Dr. Willem VanGemeren explains clearly and fully the background of the prophetic tradition. He then interprets the message of the major and minor prophets using historical context and literary form and structure as tools in his analysis. He concludes with an explanation of the relevance of the prophetic word today. Dr. VanGemeren's extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers. He helps them to interpret prophecy and invites them to listen to the prophets and to live the prophetic word.

Working Blessedly Forever, Volume 2 R. Paul Stevens, Lucas Lee, 2025-02-27 In volume 1 of *Working Blessedly Forever* Paul Stevens argues that doing marketplace theology requires head thought heart prayer and hand action. Volume 2 takes up the doing part through the experience of multiple practitioners thus providing a practical marketplace theology. So under the headings of *Doing Theology from Above and Below*, *Dimensions of Marketplace Practice*, *Issues in the Marketplace*, and *Marketplace Practice and the Church*, these sixteen authors ranging from a machinist to a lawyer elaborate on what they have learned about the integration of faith and work from their actual work life. Edited by R. Paul Stevens who writes the introduction, a short introduction to each session, three of the short chapters, and the epilogue, this book does not cover everything but gives a window into the actual life of a marketplace Christian in their work for God and neighbor. Along with volume 1, this puts flesh on the invigorating and empowering truth of biblical marketplace theology.

Old Testament Ethics for the People of God Christopher J. H. Wright, 2013-01-30 Nothing confuses Christian ethics quite like the Old Testament. Christopher Wright examines a theological, social, and economic framework for Old Testament ethics, exploring themes in relation to contemporary issues: economics, the land, and the poor; politics and a world of nations; law and justice; society and culture; and the way of the individual.

Four Views on Heaven Zondervan, 2022-01-18 Discover and understand the different Christian views of what heaven will be like. Christians from a variety of denominations and traditions are in the middle of an important conversation about the final destiny of the saved. Scholars such as N. T. Wright and J. Richard Middleton have pushed back against the traditional view of heaven, and now some Christians are pushing back against them for fear that talk about the earthiness of our final hope distracts our attention from Jesus. In the familiar Counterpoints format, *Four Views on Heaven* brings together a well-rounded discussion and highlights similarities and differences of the current views on heaven. Each author presents their strongest biblical case for their position, followed by responses and a rejoinder that model a respectful tone. Positions and contributors include: Traditional Heaven: our destiny is to leave earth and live forever in heaven where we will rest, worship, and serve God; John S. Feinberg: Restored Earth: emphasizes that the saved will live forever with Jesus on this restored planet, enjoying ordinary human activities in our redeemed state; J. Richard Middleton: Heavenly Earth: a balanced view that seeks to highlight both the strengths and weaknesses of the heavenly and earthly views; Michael Allen: Roman Catholic Beatific Vision: stresses the intellectual component of salvation though it encompasses the whole of human experience of joy and happiness coming from

seeing God finally face to face Peter Kreeft The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

Building a People of Power Robert C. Linthicum, 2015-09-15 Jesus never intended the church to become an institution he intended it to be a people of power transforming the world Power is the capacity ability and the willingness to act Most people and systems use power to dominate and control but others have used it relationally to liberate transform and even save Built around a biblical exploration of shalom Building a People of Power explains how local churches can use power to transform their communities and their cities Detailed power strategies are presented enabling churches to build productive relationships to address the primary issues of people they serve and to develop strong leaders faithful organizations and redeemed neighborhoods that live out shalom

Can I Believe? John G. Stackhouse Jr., 2020-08-21 Maybe Christianity is actually true Maybe it is what believers say it is But at least two problems make the thoughtful person hesitate First there are so many other options How could one possibly make one s way through them to anything like a rational and confident conclusion Second why do so many people choose to be Christian in the face of so many reasons not to be Christian Yes many people grow up in Christian homes and in societies but many more do not Yet Christianity has become the most popular religion in the world Why This book begins by taking on the initial challenge as it outlines a process how to think about religion in a responsible way rather than settling for such soft vagaries as faith and feeling It then clears away a number of misunderstandings from the basic story of the Christian religion misunderstandings that combine to domesticate this startling narrative and thus to repel reasonable people who might otherwise be intrigued The second half of the book then looks at Christian commitment positively and negatively Why do two billion find this religion to be persuasive thus making it the most popular explanation of everything in human history At the same time how does Christianity respond to the fact that so many people find it utterly implausible especially because so many Christians insist that theirs is the only way to God and because of the problem of evil that seems to undercut everything Christianity asserts Grounded in scholarship but never ponderous Can I Believe refuses to dodge the hard questions as it welcomes the intelligent inquirer to give Christianity at least one good look

The Space Between (Cultural Exegesis) Eric O. Jacobsen, 2012-08-01 The entire material world can be divided between the Natural Environment and the Built Environment Over the past forty years the Natural Environment has received more attention of the two but that is beginning to change With a renewed interest in place within various academic disciplines and the practical issues of rising fuel costs and scarcity of land the Built Environment has emerged as a coherent and engaging subject for academic and popular consideration While there is a growing body of work on the Built Environment very little approaches it from a distinctly Christian perspective This major new work represents a comprehensive and grounded approach Employing tools from the field of theology and culture it demonstrates how looking at

the Built Environment through a theological lens provides a unique perspective on questions of beauty justice and human flourishing

Art and Faith Makoto Fujimura, 2021-01-05 From a world renowned painter an exploration of creativity's quintessential and often overlooked role in the spiritual life Makoto Fujimura's art and writings have been a true inspiration to me In this luminous book he addresses the question of art and faith and their reconciliation with a quiet and moving eloquence Martin Scorsese An elegant treatise Fujimura's sensitive evocative theology will appeal to believers interested in the role religion can play in the creation of art Publishers Weekly Conceived over thirty years of painting and creating in his studio this book is Makoto Fujimura's broad and deep exploration of creativity and the spiritual aspects of making What he does in the studio is theological work as much as it is aesthetic work In between pouring precious pulverized minerals onto handmade paper to create the prismatic refractive surfaces of his art he comes into the quiet space in the studio in a discipline of awareness waiting prayer and praise Ranging from the Bible to T S Eliot and from Mark Rothko to Japanese Kintsugi technique he shows how unless we are making something we cannot know the depth of God's being and God's grace permeating our lives This poignant and beautiful book offers the perspective of in Christian Wiman's words an accidental theologian one who comes to spiritual questions always through the prism of art

Christian Apologetics Douglas Groothuis, 2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity
