While The Black Stars Burn:

While the Black Stars Burn Lucy A. Snyder, 2015 *While the Black Stars Burn* Lucy A. Snyder, 2019-11-29 Lucy Snyder's stories are the sort that carry you away to unusual places usually dark ones and this collection is a perfect example. As the follow up to the Bram Stoker Award winning collection *Soft Apocalypses* it contains plenty of darkly imaginative tales. Many of these stories including the title piece are heavily influenced by the work of H P Lovecraft and *The King in Yellow*. They whisper madly among each other creating weird echoes. Like the black stars of theoretical astronomy they are dense entities born from polarization so strong that instead of collapsing into nothingness a black hole they instead form dark constellations burning dimly with spectral light. *An American Anthology, 1787-1900* Edmund Clarence Stedman, 1900
