Women Of Yucatan Thirty Who Dare To Change Their World:

Women of Yucatan George Ann Huck, Jann E. Freed, 2014-10-01 In the strongly patriarchal society of the Mexican state of Yucatan it is not surprising that few women have dared to challenge the gender inequalities set against them at birth. They live in an environment where rape can be forgotten as a crime if the victim agrees to marry her aggressor and where negative pregnancy tests are often a prerequisite for employment in the maquiladora factories. This book profiles 30 women who have dared to challenge such injustices and dramatically transform their situations. From local theatre directors and choreographers to civic leaders and politicians, each woman formed a unique leadership of circumstance dependent largely on the context of her personal experiences. The profiles based on personal interviews and supplemented by photographs describe the women's accomplishments and motivations as well as the obstacles they have confronted. *Breadcrumbs*

Legacy Jann E. Freed, 2022-12-27 Foreword by Chip Conley Co Founder of the Modern Elder Academy Legacy can seem far off and out of reach but it doesn't happen at journey's end and it's not only for the rich and famous. Legacy is now and this book shows leaders how you can find and leave meaning on a daily basis. Jann E. Freed PhD introduces her Breadcrumb Legacy™ framework, a radical but pragmatic approach made up of small actions you consciously take over time that accumulate into the trail or legacy you'll leave behind. Breadcrumb Legacy is also a mindset, an awareness of the impact you're having on your relationships, your organization, and your family in every communication and interaction. This book is the guide to leaving a trail of meaning throughout your life and career. Based on in-depth interviews, Breadcrumb Legacy provides inspiration and practical stories for living a life worth remembering. *Leading With Wisdom*

Jann E. Freed, 2013-08-01 In *Leading With Wisdom*, Jann Freed takes the several years she spent interviewing more than 100 respected leaders and distills their advice into eight practices that underpin leaders who connect and inspire others to achieve high performance. She takes the words of heavyweights such as Warren Bennis, Peter Senge, Stephen Covey, Marshall Goldsmith, Peter Block, and Margaret Wheatley and presents their insights on what works and what doesn't. Each chapter concludes with a practical application section that details ways to integrate the concepts into workshops and personal development. Use the workshop and personal development suggestions to apply the eight practices into your daily life. Learn from the words and personal stories of highly respected leaders. Integrate the best of yourself and your life into your daily tasks and roles. This book is for anyone in a position of influence in an organization or those who train these individuals. It's also for those who feel they are drowning in information but starving for wisdom about what behaviors nurture people, organizations, and communities at large. Discussing her research process with these experts, Jann says, "When I asked about leadership, they told me about life." This book helps leaders integrate the best of themselves and their lives into the tasks and roles of leaders. **Feminist Collections**, 2009

Gautier, Marie-France Labrecque, 2013-09-11 T00:00:00-04:00 Au début des années 1980 Arlette Gautier et Marie-France

Labrecque menaient leurs premières recherches au nord de l'Etat du Yucatan auprès des femmes autochtones mayas la première sur des questions de santé reproductive la deuxième s'intéressant davantage à l'intégration de ces femmes au marché du travail. Pendant les trente années suivantes toutes deux ont approfondi leur intérêt pour ces dimensions complémentaires du développement économique et social que ce soit au Mexique ou ailleurs dans le monde. Au milieu des années 2000 elles ont toutes deux décidé d'entreprendre des recherches qui feraient le suivi de celles qu'elles avaient menées auparavant mais qui grâce aux éclairages de l'approche féministe de l'intersectionnalité donneraient un nouveau relief conceptuel et méthodologique à l'interprétation des changements sociaux que connaissent les populations autochtones de l'Etat du Yucatan et les femmes en particulier.
