Women Science And Fiction The Frankenstein Inheritance:

Women, Science and Fiction D. Shaw, 2000-09-19 Since Mary Shelley drew inspiration for Frankenstein from the scientific speculations to which she attended as a nearly silent listener at the now famous chateau in Switzerland many other women have been similarly motivated to produce works informed by scientific theory Successive chapters trace the history of women's science fiction writing from the turn of the century to the early 1990s analysing how women writers have utilised the genre to critique the ideology that informs what counts as scientific knowledge

Women, Science, and Fiction Debra Benita Shaw, 2000 Women Writing Science Fiction The Frankenstein Inheritance explores the relationship between women science and fiction through an analysis of science fiction written by women from the turn of the century to the mid 1980s

Monstrous Progeny Lester D. Friedman, Allison B. Kavey, 2016-08 Mary Shelley's 1818 novel Frankenstein is its own type of monster mythos that will not die a corpus whose parts keep getting harvested to animate new artistic creations What makes this tale so adaptable and so resilient that nearly 200 years later it remains vitally relevant in a culture radically different from the one that spawned its birth Monstrous Progeny takes readers on a fascinating exploration of the Frankenstein family tree tracing the literary and intellectual roots of Shelley's novel from the sixteenth century and analyzing the evolution of the book's figures and themes into modern productions that range from children's cartoons to pornography Along the way media scholar Lester D Friedman and historian Allison B Kavey examine the adaptation and evolution of Victor Frankenstein and his monster across different genres and in different eras In doing so they demonstrate how Shelley's tale and its characters continue to provide crucial reference points for current debates about bioethics artificial intelligence cyborg lifeforms and the limits of scientific progress Blending an extensive historical overview with a detailed analysis of key texts the authors reveal how the Frankenstein legacy arose from a series of fluid intellectual contexts and continues to pulsate through an extraordinary body of media products Both thought provoking and entertaining Monstrous Progeny offers a lively look at an undying and significant cultural phenomenon

Asian Canadian Writing Beyond Autoethnography Christl Verduyn, 2008-08-14 Asian Canadian Writing Beyond Autoethnography explores some of the latest developments in the literary and cultural practices of Canadians of Asian heritage While earlier work by ethnic multicultural or minority writers in Canada was often concerned with immigration the moment of arrival issues of assimilation and conflicts between generations literary and cultural production in the new millennium no longer focuses solely on the conflict between the Old World and the New or the clashes between culture of origin and adopted culture No longer are minority authors identifying simply with their ethnic or racial cultural background in opposition to dominant culture The essays in this collection explore ways in which Asian Canadian authors such as Larissa Lai Shani Mootoo Fred Wah Hiromi Goto Suniti Namjoshi and Ying Chen and artists such as Ken Lum Paul Wong and Laiwan have gone beyond what Fran oise Lionnet calls autoethnography or ethnographic autobiography They demonstrate the ways representations of race and ethnicity particularly in works by Asian

Canadians in the last decade have changed have become more playful untraditional aesthetically and ideologically transgressive and exciting

Science Fact and Science Fiction Brian M. Stableford, 2006 Publisher description

Scotland as Science Fiction Caroline McCracken-Flesher, 2012 Scots like Iain N Banks and Ken MacLeod lead in a futuristic tradition for from MacDonald Barrie and Stevenson onwards Scots have been speculating in ways derived from their unique circumstances lacking political power they imagine future spaces and different places wit

Locating Science Fiction Andrew Milner, 2012-11-14 A major groundbreaking intervention into contemporary theoretical debates about SF It effects a series of vital shifts in SF theory and criticism away from prescriptively abstract dialectics of cognition and estrangement and towards the empirically grounded understanding of an amalgam of texts practices and artefacts

Women in Science Fiction and Fantasy Robin Anne Reid, 2008-12-30 Works of science fiction and fantasy increasingly explore gender issues feature women as central characters and are written by women writers This book examines women s contributions to science fiction and fantasy across a range of media and genres such as fiction nonfiction film television art comics graphic novels and music The first volume offers survey essays on major topics such as sexual identities fandom women s writing groups and feminist spirituality the second provides alphabetically arranged entries on more specific subjects such as Hindu mythology Toni Morrison magical realism and Margaret Atwood Entries are written by expert contributors and cite works for further reading and the set closes with a selected general bibliography Students and general readers love science fiction and fantasy And science fiction and fantasy works increasingly explore gender issues feature women as central characters and are written by women writers Older works demonstrate attitudes toward women in times past while more recent works grapple with contemporary social issues This book helps students use science fiction and fantasy to understand the contributions of women writers the representation of women in the media and the experiences of women in society

Brave New Words Jeff Prucher, 2007-05-07 Winner of a 2008 Hugo Award this new paperback takes readers on spectacular tour of the language created by science fiction From Stargate to Force Field this dictionary opens a fascinating window into an entire genre through the words invented by science fiction s most talented writers critics and fans Each entry includes numerous citations of the word s usage from the earliest known appearance forward Drawn not only

from science fiction novels and stories citations also come from fanzines screenplays comics songs and the Internet
