Women Who Kill When Battered And Abused Women Fight Back:

Battered Woman Syndrome as a Legal Defense Brenda L. Russell, 2014-01-10 The use of the battered woman syndrome defense in the courts is controversial particularly when women turn to homicide in response to a partner's abuse. Scholars worry that the syndrome has created a standard to which all battered women are compared. This book provides a comprehensive examination of the evolution of the syndrome, its effectiveness in court, and the contributions made by psychologists and legal scholars to aid our understanding of the use of battered woman syndrome evidence in trials of abused women who kill. Of particular interest is the influence of history, gender roles, and stereotypes in the evaluation of defendants who claim to suffer from the syndrome.

Sisters in Pain L. Elisabeth Beattie, As a five feet three inch hunchback who weighed about 100 pounds, Homer Lea (1876-1912) was an unlikely candidate for life on the battlefield, yet he became a world renowned military hero. In *The Dragon's Lair*, The Exploits of Homer Lea, paints a revealing portrait of a diminutive yet determined man who never earned his valor on the field of battle but left an indelible mark on his times. Lawrence M. Kaplan draws from extensive research to illuminate the life of a man of mystery while also yielding a clearer understanding of the early twentieth century Chinese underground reform and revolutionary movements. Lea's career began in the inner circles of a powerful Chinese movement in San Francisco that led him to a generalship during the Boxer Rebellion. Fixated with commanding his own Chinese army, Lea's inflated aspirations were almost always dashed by reality. Although he never achieved the leadership role for which he strived, he became a trusted advisor to revolutionary leader Dr. Sun Yat-sen during the 1911 revolution that overthrew the Manchu Dynasty. As an author, Lea garnered fame for two books on geopolitics: *The Valor of Ignorance*, which examined weaknesses in the American defenses and included dire warnings of an impending Japanese American war, and *The Day of the Saxon*, which predicted the decline of the British Empire. More than a character study, *The Dragon's Lair* provides insight into the establishment and execution of underground reform and revolutionary movements within U.S. immigrant communities and in southern China, as well as early twentieth century geopolitical thought.

Empowering and Healing the Battered Woman Mary Ann Dutton, 2000-09-05 Print CourseSmart *Women who Kill* Ann Jones, 1996 A study of women murderers in America from precolonial times to the present reveals a social history of the

United States in terms of the women who murdered and their crimes.

When Battered Women Kill Angela Browne, 2008-06-30 A compassionate look at 42 battered women who felt locked in with danger and so desperate that they killed a man they loved, scholarly and compelling.

The Hidden 1970s Dan Berger, 2010 The 1970s were a complex, multilayered, and critical part of an era of profound societal change and an essential component of the decade before several of the most iconic events of the sixties occurred in the ten years that followed. *The Hidden 1970s* explores the distinctiveness of those years when radicals tried to change the world as the world changed around them. Essays trace the struggles from the 1960s through the 1970s, providing insight into the ways that radical social movements shaped American political culture.

Robert Kastenbaum, 2015-07-22 Providing an understanding of the relationship with death both as an individual and as a member of society This book is intended to contribute to your understanding of your relationship with death both as an individual and as a member of society Kastenbaum shows how individual and societal attitudes influence both how and when we die and how we live and deal with the knowledge of death and loss Robert Kastenbaum is a renowned scholar who developed one of the world's first death education courses and introduced the first text for this market This landmark text draws on contributions from the social and behavioral sciences as well as the humanities such as history religion philosophy literature and the arts to provide thorough coverage of understanding death and the dying process Learning Goals Upon completing this book readers should be able to Understand the relationship with death both as an individual and as a member of society See how social forces and events affect the length of our lives how we grieve and how we die Learn how dying people are perceived and treated in our society and what can be done to provide the best possible care Master an understanding of continuing developments and challenges to hospice palliative care Understand what is becoming of faith and doubt about an afterlife

Women's Voices, Women's Rights Alison Jeffries, 2021-11-28 Six key scholars present a feminist critique of the theory of human rights The title of this volume *Women's Voices, Women's Rights* might be taken innocently to indicate its contents a set of lectures given by women on the rights of women on the failure to achieve those rights and on the reasons and remedies for those failures However it also implies that women's rights are not simply the extension to all members of the community of the agreed upon rights of men Is to speak in a woman's voice to speak in a different voice Each lecture explores the values of Western societies and the sources of the oppression of women within them while many also provide a political contribution to the argument over the international context in which women's status seems to be under constant threat The lectures rest on a shared commitment to the dignity humanity and unique individuality of each human person a tenet that underpins the human rights movement provides the moral impetus for feminism and indeed is the motivating force behind Amnesty International's campaigning on behalf of political prisoners world wide Ultimately the contributors show us that to speak from the perspective of women to adopt a woman's voice is to enrich our understanding of the rights of all

Violence and Sexual Abuse at Home Susan Sorenson, Paula Lundberg Love, 2014-01-09 Violence and abuse that occur behind closed doors are not just personal concerns or issues Family violence is a major mental health social service health care and criminal justice problem that society cannot continue to ignore *Violence and Sexual Abuse at Home* gives you the facts of spouse partner and child maltreatment an analysis of the intervention and prevention techniques commonly used and alternative approaches and theories for understanding and reducing instances of family abuse The factors behind maltreatment are multiple and diverse Because there are so many approaches to treating perpetrators and victims choosing a treatment strategy can sometimes feel overwhelming Use *Violence and Sexual Abuse at*

A Troubled Marriage Leigh Goodmark, 2013-11 Choice's Outstanding Academic Title list for 2013 The development of a legal regime to combat domestic violence in the United States has been lauded as one of the feminist movement's greatest triumphs But Leigh Goodmark argues the resulting system is deeply flawed in ways that prevent it from assisting many women subjected to abuse The current legal response to domestic violence is excessively focused on physical violence this narrow definition of abuse fails to provide protection from behaviors that are profoundly damaging including psychological economic and reproductive abuse The system uses mandatory policies that deny women subjected to abuse autonomy and agency substituting the state's priorities for women's goals A Troubled Marriage is a provocative exploration of how the legal system's response to domestic violence developed why that response is flawed and what we should do to change it Goodmark argues for an anti essentialist system which would define abuse and allocate power in a manner attentive to the experiences goals needs and priorities of individual women Theoretically rich yet conversational A Troubled Marriage imagines a legal system based on anti essentialist principles and suggests ways to look beyond the system to help women find justice and economic stability engage men in the struggle to end abuse and develop community accountability for abuse
