The Routledge Handbook of Translation and Education Sara Laviosa, Maria González-Davies, 2019-12-06 The Routledge Handbook of Translation and Education will present the state of the art of the place and role of translation in educational contexts worldwide. It lays a sound foundation for the future interdisciplinary cooperation between Translation Studies and Educational Linguistics. By adopting a transdisciplinary perspective, the handbook will bring together the various fields of scholarly enquiry and practice that make a valuable contribution to enlarging the notion of translation and diversifying its uses in education. Each contribution provides an overview of the historical background to a given educational setting. Focusing on current research approaches and empirical findings, this volume outlines the development of pedagogical approaches, methods, assessment, and curriculum design. The handbook also examines examples of pedagogies that integrate translation in the curriculum, the teaching methods approach, design, and procedure, as well as assessment. Based on a multilingual and applied oriented approach, the handbook is essential reading for postgraduate students, researchers, and advanced undergraduate students of Translation Studies and educationalists and educators in the 21st century post-global era. Chapters 4, 25, and 26 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution-NonCommercial-NoDerivatives CC BY-NC-ND 4.0 license.

650 Idioms and Proverbial Phrases in Modern Standard Arabic Lamia Jamal-Aldin, Abdullah Hammadi, 2021-11-15 *650 Idioms and Proverbial Phrases in Modern Standard Arabic* is the ideal tool for learners of Arabic who wish to improve their knowledge and comprehension of Arabic language and culture and make their language more expressive and idiomatic. Including over 650 idiomatic expressions found in contemporary Arabic, this book is divided into two parts. Part I lists the idioms alphabetically for ease of use, providing English equivalents and a range of illustrative example sentences to show how the idioms are used in different contexts. The idioms are chosen based on frequency of use in written Arabic as well as oral speech in Arabic literature and mass media. Part II includes 30 practice exercises structured around original texts which include the idioms covered in Part I. These practice exercises encourage students to review the meanings of idioms while improving their reading skills and familiarity with various text genres. Designed to be comprehensive, accurate, and easy to use, the book reflects the daily use of Arabic and draws on real and authentic use of the language. Suitable for use as a textbook or reader, this is an ideal resource for students at CEFR level B1 to C2 or Intermediate High to Advanced High on the ACTFL proficiency scale.
