The Politics of Race, Gender and Sexuality in The Walking Dead Elizabeth Erwin, Dawn Keetley, 2018-09-04 From the beginning both Robert Kirkman's comics and AMC's series of The Walking Dead have brought controversy in their presentations of race gender and sexuality Critics and fans have contended that the show's identity politics have veered toward the decidedly conservative offering up traditional understandings of masculinity femininity heterosexuality racial hierarchy and white supremacy This collection of new essays explores the complicated nature of relationships among the story's survivors In the end characters demonstrate often surprising shifts that consistently comment on identity politics Whether agreeing or disagreeing with critics these essays offer a rich view of how gender race class and sexuality intersect in complex new ways in the TV series and comics
