

THE WAR FOR LEBANON

1970-1985

REVISED EDITION

Itamar Rabinovich

The War For Lebanon 1970 1985 Cornell Paperbacks

Itai Nartzizenfield Sneh

The War For Lebanon 1970 1985 Cornell Paperbacks:

The War for Lebanon, 1970-1985 Itamar Rabinovich, 1985 The war for Lebanon a conflict of domestic and external forces seeking to shape and control the Lebanese entity began long before 1970 and unfortunately did not end in 1983 But these years the focus of this book form a particularly significant phase in the history of both Lebanon and its immediate environment The events of this period unfolded through 4 distinct stages the collapse of the Lebanese political system between 1970 and 1975 the civil war of 1975 76 the lingering crisis of the years 1976 82 and the war of 1982 This book primarily explores the interplay between Lebanon s domestic politics and developments in the larger Middle East

Lebanese Civil War Through its Songs Walid Hedari, 2025-09-26 The Lebanese Civil War 1975 1990 profoundly influenced the region s social and cultural landscape including its musical expression Yet the role of songs in reflecting the military conflict as well as the geopolitical tensions and aspirations it generated remains largely underexplored Analyzing song lyrics offers an alternative lens through which to understand the conflict one that goes beyond traditional historical narratives While history books often recount events through the lens of military operations political developments or diplomatic maneuvers this research takes a different approach I seek to understand history through the lyrics of songs examined in tandem with the biographies and lived experiences of the artists who created them What socio political insights can these songs reveal

Israeli Paratroopers 1954-2016 David Campbell, 2018-10-18 From the creation of the first volunteer paratroop unit shortly after the birth of Israel and of the Israeli Defense Force this arm of service has been recognized as elite They have also been the first choice for daring special missions and it is mainly from their ranks that Israel s Special Forces units have been recruited A unique aspect of the Israeli military is the cross posting of officers from the airborne armoured and other units to ensure that all unit commanders share their aggressive qualities and thorough understanding of the capabilities of all arms In this way the influence of the paratroop arm has been out of proportion to its size This fully illustrated study is a complete history of Israeli paratroopers from its creation to the present day including relevant developments in their role and organization as well as their achievements and setbacks in conflicts such as the Six Days War and Yom Kippur War

Why Air Forces Fail Robin Higham, Stephen J. Harris, 2006-02-17 Includes two new chapters One of the more interesting and better books on military aviation to appear in the last few years Journal of Military History Since the publication of the first edition of Why Air Forces Fail the debate over airpower s role in military operations has only intensified Here eminent historians Robin Higham and Stephen J Harris assemble a team of experts to add essential new details to their cautionary tale for current practitioners of aerial warfare Together the contributors examine the complex often deep seated reasons for the catastrophic failures of the Russian Polish French British Italian German Argentine and American air services Complemented by reading lists and suggestions for further research this seminal study with two new chapters provides an essential and detailed analysis of defeat Contains many interesting insights and interpretations an

excellent introduction to the study of military failure in general and air forces in particular Journal of America s Military Past I recommend this book to those who are interested in air forces and air power whether amateur or professional past present and future Richard Cobbold Bryanston The Yearbook Provides an excellent analysis of the root causes of failure this engaging study goes far beyond the aerial battlefield to examine the circumstances leading to defeat Dennis Drew Colonel USAF Ret

Religion, National Identity, and Confessional Politics in Lebanon R. Rabil, 2011-09-12 Against a background of weak and contested national identity and capricious interaction between religious affiliation and confessional politics this book illustrates in detailed analysis this comprehensive project of Islamism according to its ideological and practical evolutionary change

Sabra and Shatila Bayan Nuwayhed Al-Hout, 2004-08-20 Now available for the first time in English this classic book is the most comprehensive authoritative account of the Sabra and Shatila massacre and what happened and who was responsible Taking place over three bloody days in the Lebanese capital Beirut the Sabra and Shatila massacre was committed against Palestinian refugees by Lebanese militias aided and supervised by the Israeli Army which had encircled the district Driven by the horror of what occurred author Bayan Nuwayhed al Hout interviewed survivors and set up an oral history project immediately after the massacre to preserve testimonies Containing interviews with the victims families in addition to statistical data and attempts to determine the number of victims this book is a courageous attempt to make sense of what happened and an important political document in its own right

The United States, Israel and the Search for International Order Cameron G. Thies, 2013-05-29 How do emerging states become full functioning members of the international system In this book Cameron G Thies argues that new and emerging states are subject to socialization efforts by current member states which guide them in locating their position in the international system Thies develops a theoretical approach to understanding how states socialize each other into and out of different roles in the international system such as regional power ally and peacekeeper The concept of state socialization is developed using role theory a middle range theory developed in the interdisciplinary field of social psychology This middle range theory helps to flesh out the theoretical mechanisms often missing in grand theories like neorealism and constructivism The result is a structural theory of international politics that also allows for the explanation of actual foreign policy behavior by states The foreign policy histories of the U S and Israel are analyzed using this theoretical approach to show how international social pressure has affected the kinds of roles they have adopted throughout their histories as well as the kinds of roles that they have not been allowed to adopt By considering the effects of international socialization attempts on their foreign policy behavior Thies shows the well known cases of the U S and Israel in a new light The United States Israel and the Search for International Order argues that the process by which states learn their appropriate roles and behaviors in the international social order is crucial to understanding international conflict and cooperation which will be significant for those studying both theory and method in international relations foreign policy and diplomatic history

Targeted: Beirut Jack Carr, James M.

Scott,2024-09-24 The first in a new authoritative shocking Brad Meltzer 1 New York Times bestselling author nonfiction series examining the devastating terrorist attacks that changed the course of history from 1 New York Times bestselling author Jack Carr and Pulitzer Prize finalist James M Scott beginning with the 1983 Marine barracks bombing in Beirut 1983 the United States Marine Corps experiences its greatest single day loss of life since the Battle of Iwo Jima when a truck packed with explosives crashes into their headquarters and barracks in Beirut Lebanon This horrifying terrorist attack which killed 241 servicemen continues to influence US foreign policy and haunts the Marine Corps to this day Now the full story is revealed as never before by Jack Carr and historian and Pulitzer Prize finalist James M Scott with this definitive behind the scenes account of a mission and a fight that changed America Doug Stanton 1 New York Times bestselling author Based on comprehensive interviews with survivors extensive military records as well as personal letters diaries and photographs this is a masterwork of research and storytelling Peter Schweizer 1 New York Times bestselling author **Thicker Than Oil**

Rachel Bronson,2008-06-05 For fifty five years the United States and Saudi Arabia were solid partners Then came the 9 11 attacks which sorely tested that relationship In Thicker than Oil Rachel Bronson reveals why the partnership became so intimate and how the countries shared interests sowed the seeds of today s most pressing problem Islamic radicalism Drawing on a wide range of archival material declassified documents and interviews with leading Saudi and American officials and including many colorful stories of diplomatic adventures and misadventures Bronson chronicles a history of close and always controversial contacts She argues that contrary to popular belief the relationship was never simply about oil for security Saudi Arabia s geographic location and religiously motivated foreign policy figured prominently in American efforts to defeat godless communism From Africa to Afghanistan Egypt to Nicaragua the two worked to beat back Soviet expansion But decisions made for hardheaded Cold War purposes left behind a legacy that today enflames the Middle East Looking forward Bronson outlines the challenges confronting the relationship The Saudi government faces a zealous internal opposition bent on America s and Saudi Arabia s destruction Yet from the perspective of both countries the status quo is clearly unsustainable Conflict and War in the Middle East Bassam Tibi,1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi s examination of the Middle East wars in the period 1967 91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War **A**

History of Modern Lebanon Fawwaz Traboulsi, 2012-06-14 This is the first history of Lebanon from the Ottoman Empire to the modern period Based on previously inaccessible archives it is a fascinating account of one of the world's most fabled countries Starting with the formation of Ottoman Lebanon in the 16th century Traboulsi covers the growth of Beirut as a capital for trade and culture through the 19th century its independence and experiences as a republic before moving onward to Lebanon's development in the late 20th century and the conflicts that led up to the major wars in the 1970s and 1980s and beyond This is a stunning history of Lebanon over five centuries bringing to life its politics its people and the crucial role that it has always played in world affairs

Lebanon Tom Najem, 2012-03-12 Written in a clear and systematic manner this highly topical read fills a conspicuous gap in existing academic literature on the contemporary political environment and society in Lebanon Divided into two parts Part One examines the pre civil war system the circumstances of its formation its unique characteristics its weaknesses and dynamics and Part Two analyses how circumstances resulting from the civil war combined with essential pre war elements to define the contemporary political processes in Lebanon

The ^APolitical Science of the Middle East Marc Lynch, Jillian Schwedler, Sean Yom, 2022-07-01 In The Political Science of the Middle East Marc Lynch Jillian Schwedler and Sean Yom have developed a definitive state of the art overview of research on the topic Collectively a group of the world's leading experts and scholars of the Middle East summarize the breadth of political science research in the Middle East They present major theoretical developments since the Arab uprisings while giving an review of key debates and pathbreaking findings in contemporary political science research in the Middle East and North Africa

The Future Almost Arrived Itai Nartzenfeld Sneh, 2008 This book is a study of Jimmy Carter's career his approach to human rights his formulation of goals and his practices before during and after his presidency with a focus on the extent to which the promotion and protection of human rights influenced his actions at home and abroad Historians underestimate the uniqueness of the juncture in the 1970s when Carter missed an opportunity to change priorities in American diplomacy a misreading that might be explained by the disparity between Carter's agenda and the reality created by his administration's record This book identifies and examines how Carter's ambitious words and promising ideals did not translate into policy though his intentions were noble At a pivotal moment his administration adopted human rights as a tenet for foreign policy but Carter did not design imaginative guidelines or prescribe new practices to advance this theme The Future Almost Arrived illuminates how had Carter succeeded in recruiting senior staff to support and implement an innovative agenda the result might have been an overhaul of U S foreign policy with human rights at its center which by improving his chances for re election would have changed the course of history

The Arab-Israeli Conflict Kirsten E. Schulze, 2016-11-03 In this concise yet comprehensive survey Kirsten E Schulze analyzes the causes course and consequences of the Arab Israeli conflict exploring the particular dynamics of this conflict and the numerous attempts at its resolution Covering pivotal events ranging from the creation of the State of Israel to the first and second Lebanon Wars and the Arab Spring the book traces the

development of the conflict from its intellectual roots in the nineteenth century to the present day This third edition has been revised throughout to bring the text up to date with recent events including a completely new chapter on the Gaza Wars from 2006 to 2014 new material on the Arab Spring and its implications for Israel an updated discussion of the ongoing negotiations for peace Containing a diverse collection of primary source documents a chronology of key dates a glossary a guide to further reading and a Who's Who summarizing the careers and contributions of the main figures this book is essential to understanding the background to and worldwide significance of the continuing violence between Israel and Palestine and is valuable reading for all students of the Arab Israeli conflict **The Jews of Lebanon** Kirsten

Schulze,2008-12-04 Tells the story of the Jews of Lebanon in the twentieth century This work challenges the prevailing view that Jews in the Middle East were second class citizens and were persecuted after the establishment of the State of Israel in 1948 **State** ,1990 *In Search of Greater Syria* Christopher Solomon,2021-09-23 The Syrian Social Nationalist Party

SSNP is one of the most enigmatic and active political forces in the Middle East For observers in the West the SSNP is regarded as a far right organization subservient to the Baathist government of Syrian President Bashar al Assad which dictates its activities from Damascus However the SSNP's complicated history and its ideology of Pan Syrianism has meant the party has been overlooked and forgotten by the daily output of news analysis studies and policy recommendations Very little academic scholarship has been dedicated to understanding its origins identity and influence Addressing the need for scholarship on the SSNP this book is a political history from the party's foundation in 1932 to today A comprehensive and objective study on the little known nationalist group the author uses interviews from current members to gain insights into its everyday activities goals social interstices and nuances Given the SSNP's history of violence their own persecution influence on other secular parties in the region and their impact in Syria and Lebanon's politics the book's analysis sheds light on the party's status in Lebanon and its potential role in a future post war Syria The SSNP is gaining popularity among regime supporters in Syria and will be one part of understanding the political developments on the ground This book is essential reading for those wanting to understand the SSNP its motives and prospects **The Powell Doctrine and US Foreign Policy** Luke Middup,2016-03-03 The Vietnam War is one of the longest and most controversial in US history This

book seeks to explore what lessons the US military took from that conflict as to how and when it was appropriate for the United States to use the enormous military force at its disposal and how these lessons have come to influence and shape US foreign policy in subsequent decades In particular this book will focus on the evolution of the so called Powell Doctrine and the intellectual climate that lead to it The book will do this by examining a series of case studies from the mid 1970s to the present war in Afghanistan **Handbook of US-Middle East Relations** Robert Looney,2014-05-22 Divided into three sections the Handbook of US Middle East Relations provides a thorough and up to date overview of contemporary US Middle East relations in historical perspective With chapters contributed by leading experts in the field this Handbook will be of use

to academics students and researchers in international relations policy analysts media professionals and government officials
Part I Factors Affecting US Relations contains essays including Globalization Energy Security Wars and Revolution Peace
Processes US Foreign Aid Policy to the Middle East and US Relations with Islamic Groups in the Middle East Part II
Perceptions of US Relations contains essays on how US policies are viewed including The View from the Arab Street The
View from Palestine The View from Pakistan and The View from Kurdistan Part III US Relations at the Country Level
comprise essays detailing relations between the USA and countries and areas in the Middle East and North Africa including
Saudi Arabia Egypt Israel Tunisia Lebanon Iran Iraq Libya Algeria and Bahrain A comprehensive index completes the volume
