The Whole Woman Germaine Greer:

The Whole Woman Germaine Greer, 1999 Thirty years after *The Female Eunuch* galvanized the women's liberation movement Germaine Greer launches a fiery sequel assessing the state of womanhood and proclaiming that the time has come to get angry again With passionate rhetoric unique authority and outrageous humor *The Whole Woman* reveals how women have been sideswiped and sidetracked in the quest for liberation duped into settling for an ersatz equality Greer argues that women have come a long way in the past three decades but that innumerable forms of insidious discrimination and exploitation persist in every area of life from the care of the body to the care of the household from the workplace to the marketplace She startles us with her demonstration that the oft repeated claim that women can have it all is merely a pacifying illusion that things are getting worse and that action is necessary now *The Whole Woman* is a shattering critique of the complacency and denial that have replaced feminist determination and militancy and of a society that has done little to maintain the momentum for change It is also a call to arms forceful and impossible to ignore

[Making Sense of Women's Lives](#) Michelle Plott, Lauri Umansky, 2000 *Making Sense of Women's Lives* presents a wide range of writings about women's lives in the United States Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits the editors have also chosen writing that makes an enjoyable read A few of the selections here represent the undisputed classics of the field More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America *Making Sense of Women's Lives* is intended as the primary text in Women's Studies courses With that usage in mind Plott and Umansky have provided brief introductions to each article to help students understand the author's perspectives Thought and discussion questions follow each selection The book contains as well numerous Flash Exercises suggestions for class exercises and activities The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women's Studies A Collegiate Press book

Voices of the Women's Health Movement, Volume 2 Barbara Seaman, Laura Eldridge, 2012-02-14 An unprecedented and definitive collection of rabble rousing writings on women's health *Voices of the Women's Health Movement* explores a range of provocative topics from reproductive rights to sexuality to motherhood Trail blazing advocate Barbara Seaman and health activist Laura Eldridge bring the revolutionary ideas of several generations together in this powerful new book celebrating women's bodies and women's voices The more than two hundred contributors include Jennifer Baumgardner Susan Brownmiller Phyllis Chesler Angela Y Davis Barbara Ehrenreich Germaine Greer Shulamith Firestone Charlotte Perkins Gilman Erica Jong Molly Haskell Shere Hite Susie Orbach Judith Rossner Alix Kates Shulman Gloria Steinem Sojourner Truth Rebecca Walker Naomi Wolf and many others With *Voices of the Women's Health Movement*

for the first time every woman and girl can experience in one place the powerful history of stirring words and strong female perspectives that have inspired countless women to take control of their health and their lives Volume Two highlights include influential writings on sex rape and violence against women body image informed consent self help gynecology patient advocacy and the mind body connection

The Rise and Triumph of the Modern Self Carl R. Trueman, 2020-10-26 Modern culture is obsessed with identity Since the landmark Obergefell v Hodges Supreme Court decision in 2015 sexual identity has dominated both public discourse and cultural trends and yet no historical phenomenon is its own cause From Augustine to Marx various views and perspectives have contributed to the modern understanding of self In *The Rise and Triumph of the Modern Self* Carl Trueman carefully analyzes the roots and development of the sexual revolution as a symptom rather than the cause of the human search for identity This timely exploration of the history of thought behind the sexual revolution teaches readers about the past brings clarity to the present and gives guidance for the future as Christians navigate the culture's ever changing search for identity

Created Or Constructed? Elaine Storkey, 2001 Presents the issue of gender from biblical biological and cultural perspectives and provides the reader with an historical and theoretical context within which to engage in a constructive dialogue on the issue of gender in religion Storkey includes in her discussion psychological sociological and philosophical issues

Global Sex Dennis Altman, 2001 *Global Sex* is the first major work to take on the globalization of sexuality examining the ways in which desire and pleasure as well as ideas about gender political power and public health are framed shaped or commodified by a global economy in which more and more cultures move into ever closer contact

The Female Eunuch Germaine Greer, 2024-01-17 The publication of Germaine Greer's *The Female Eunuch* in 1970 was a landmark event raising eyebrows and ire while creating a shock wave of recognition in women around the world with its steadfast assertion that sexual liberation is the key to women's liberation Today Greer's searing examination of the oppression of women in contemporary society is both an important historical record of where we've been and a shockingly relevant treatise on what still remains to be achieved

The Miseducation of Women James Tooley, 2003-01-04 To what extent has feminism benefited women To what extent have women really been liberated James Tooley argues that the implication of many women's testimony is that feminism so far has failed to deliver the promised benefits and has even in some ways proved harmful Bringing together many women's voices from Bridget Jones to Simone de Beauvoir he provides a radical rethinking for feminism and sexual politics in the 21st century

The Rhetorics of Feminism Lynne Pearce, 2013-04-15 Is it possible that changes in rhetorical practice could alter not just how thought is expressed but also how it is made Through a close stylistic and rhetorical analysis of contemporary feminist writing from the cultural theory of Judith Butler to the popular journalism of Naomi Wolf and Germaine Greer Lynne Pearce demonstrates how feminist thought is created as well as communicated through the frameworks in which it is presented By linking rhetorical innovation with feminist epistemology in such a direct way this is a book that will be of immense methodological as well as theoretical

interest to readers providing valuable insight into the often mysterious processes of conception and composition **How To Do Christian Ethics** Brian Brock, Nadine Hamilton, Daniel R. Patterson, 2025-05-29 Discover how pressing contemporary moral issues can be approached and discussed in a distinct and coherently theological fashion This book displays a more direct approach that has the distinct advantage of being approachable dramatic and contemporary It introduces the reader to the grammar of Christian moral reasoning and expands upon its intricate inner workings By demonstrating ways in which a Christian believer or congregation can think through specific moral issues the volume serves a church desiring to witness God's love in genuine and contextually truthful ways Each chapter approaches its subject matter by demonstrating how the sources of Christian moral reasoning Scripture and church doctrine can be imaginatively brought to bear on contemporary moral perplexities The form of teaching practices here makes tangible the ways in which the Christian gospel clearly and even penetratingly illumines our contemporary moral contexts In a Classroom of Their Own Keisha Lindsay, 2018-07-02 Many advocates of all black male schools ABMSs argue that these institutions counter black boys racist emasculation in white overly female classrooms This argument challenges racism and perpetuates antifeminism Keisha Lindsay explains the complex politics of ABMSs by situating these schools within broader efforts at neoliberal education reform and within specific conversations about both endangered black males and a boy crisis in education Lindsay also demonstrates that intersectionality long considered feminist is in fact a politically fluid framework As such it represents a potent tool for advancing many political agendas including those of ABMSs supporters who champion antiracist education for black boys while obscuring black girls own race and gender based oppression in school Finally Lindsay theorizes a particular means by which black men and other groups can form antiracist and feminist coalitions even when they make claims about their experiences that threaten bridge building The way forward Lindsay shows allows disadvantaged groups to navigate the racial and gendered politics that divide them in pursuit of productive and progressive solutions Far thinking and boldly argued In a Classroom of Their Own explores the dilemmas faced by professionals and parents in search of equitable schooling for all students black boys and otherwise When London Calls Stephen Alomes, 1999-10-11 For thousands of young Australians the tearful dockside farewell was a rite of passage as they boarded ships bound for London For some the journey was an extended holiday but for many actors painters musicians writers and journalists leaving Australia seemed to be the only path to personal and professional fulfilment This book first published in 2000 is a collective biography of those people who found themselves categorised as expatriates people such as Leo McKern Dame Joan Sutherland Barry Tuckwell Don Banks Phillip Knightley John Pilger Peter Porter Richard Neville Jill Neville and megastars Barry Humphries Germaine Greer and Clive James The book tells of choices they made about career and country yet it is also a cultural history that traces shifts in the complex relationship between Australia and Britain as the supposed colonial backwater began to develop its own cultural identity **Sex, Culture, and Justice** Clare Chambers, 2010-11 Autonomy is fundamental to liberalism But autonomous

individuals often choose to do things that harm themselves or undermine their equality In particular women often choose to participate in practices of sexual inequality cosmetic surgery gendered patterns of work and childcare makeup restrictive clothing or the sexual subordination required by membership in certain religious groups In this book Clare Chambers argues that this predicament poses a fundamental challenge to many existing liberal and multicultural theories that dominate contemporary political philosophy Chambers argues that a theory of justice cannot ignore the influence of culture and the role it plays in shaping choices If cultures shape choices it is problematic to use those choices as the measure of the justice of the culture Drawing upon feminist critiques of gender inequality and poststructuralist theories of social construction she argues that we should accept some of the multicultural claims about the importance of culture in shaping our actions and identities but that we should reach the opposite normative conclusion to that of multiculturalists and many liberals Rather than using the idea of social construction to justify cultural respect or protection we should use it to ground a critical stance toward cultural norms The book presents radical proposals for state action to promote sexual and cultural justice Am I Beautiful? Chine Mbubaegbu,2013-08-01 Deep down women long to be seen as beautiful Each day they are bombarded by the media and society at large by images of how they should appear The result Most women feel they just don't measure up and this beauty myth has crept into our churches too Christian women may hear that they are made in the image of God that he looks at the heart and not the outward appearance that they have been set free from negative thought patterns But often all that evaporates when they look in the mirror and compare themselves to the images of beauty they see around them

Postfeminism(s) and the Arrival of the Fourth Wave Nicola Rivers,2017-09-07 This book addresses the current resurgence of interest in feminism notably within popular culture and media that has led some to announce the arrival of the fourth wave Research explores where fourth wave feminism sits in relation to those that preceded it and in particular how fourth wave feminism intersects with differing understandings of postfeminism s Through accessible and highly topical examples such as the controversial actions of activist group Femen the rising phenomenon of celebrity feminism or the assumed outdated views of feminists associated with previous waves the relationship between differing concepts of postfeminism s is illustrated By pressing the need for an intergenerational approach to fourth wave feminism this book encourages engaging past debates and theorists allowing readers with an interest in the relationship between feminism and popular culture a fuller understanding of feminist theory and providing the opportunity to take stock before diving headfirst into another wave English Voices Ferdinand Mount,2016-05-05 A sheer delight Times Literary Supplement Ferdinand Mount has spent many years writing articles columns and reviews for prestigious magazines newspapers and journals Whether reviewing great published works by some of England's finest authors and poets both alive and dead including Kingsley Amis John Osborne John le Carr Rudyard Kipling E M Forster and Alan Bennett He also analysed the works of a variety of our Masters covering the past four hundred years such as of course William Shakespeare Charles Dickens John

Keats Thomas Hardy Samuel Taylor Coleridge and Samuel Pepys Whether it be holding up to account the writings of Winston Churchill or celebrating the much loved poems of Siegfried Sassoon each essay reproduced in full here has been carefully chosen by Mount to weave a unique tapestry of the wealth of writings that have helped shape his own respected career as an author and political commentator For anyone interested and passionate about writing and poetry across the centuries in the British Isles this book will be a very welcome guide to the best one can pick up and read **Unfinished Business** Anna

Goldsworthy,2013-06-20 On the surface it seems the best time ever to be a woman in Australia The prime minister governor general and the richest person are all female women are at the forefront of almost every area of public life Yet when Julia Gillard s misogyny speech ricocheted around the world it clearly touched a nerve Why In the fiftieth Quarterly Essay Anna Goldsworthy examines life for women after the gains made by feminism From Facebook to 50 Shades of Grey from Girls to gonzo porn what are young women being told about work and equality about sex and their bodies Why do many reject the feminist label And why does pop culture wink at us with storylines featuring submissive women Unfinished Business is an original look at role models and available options in the age of social media and sexual frankness Goldsworthy finds that progress for women has provoked a backlash from some who wield misogyny as a weapon whether in parliament on talkback radio or as internet trolls With piercing insight and sharp humour she lays bare the dilemmas of being female today and asks how women can truly become free subjects There is a charmed zone for a girl shortly before she is ambushed by puberty At eleven or twelve she is usually taller than her male peers more articulate and more confident than she will be for years She probably spends a lot of time in front of a screen words and images flickering in her eyes Facebook Slutwalks Lady Gaga Girls Mad Men gonzo porn Twilight Fifty Shades of Grey What messages are being broadcast to her and what messages is she hearing Are they going to make her bigger or smaller Anna Goldsworthy Unfinished Business **Critical and Cultural**

Theory Dani Cavallaro,2001-01-01 This radical new book brings together the key concepts issues and debates in critical and cultural theory today Each chapter presents a self contained analysis of each concept as well providing a range of discussion questions and further reading Throughout text links connect related material across chapters enabling the reader to pursue their own line of disciplinary or cross disciplinary inquiry **The Undivided Past** David Cannadine,2014-01-14 From one of

our most acclaimed historians a wise and provocative call to re examine the way we look at the past not merely as the story of incessant conflict between groups but also of human solidarity throughout the ages Investigating the six most salient categories of human identity difference and confrontation religion nation class gender race and civilization David Cannadine questions just how determinative each of them has really been For while each has motivated people dramatically at particular moments they have rarely been as pervasive as divisive or as important as is suggested by such simplified polarities as us versus them black versus white or the clash of civilizations For most of recorded time these identities have been more fluid and these differences less unbridgeable than political leaders media commentators and some historians

would have us believe Throughout history in fact fruitful conversations have continually taken place across these allegedly impermeable boundaries of identity the world as Cannadine shows has never been simply and starkly divided between any two adversarial solidarities but always an interplay of overlapping constituencies Yet our public discourse is polarized more than ever around the same simplistic divisions and Manichean narrative has become the default mode to explain everything that is happening in the world today With wide ranging erudition David Cannadine compellingly argues against the pervasive and pernicious idea that conflict is the inevitable state of human affairs The Undivided Past is an urgently needed work of history one that is also about the present and the future **More Lacanian Coordinates** Bogdan Wolf,2018-03-29

Psychoanalysis is an experience of truths and lies in language It is also a discourse and it is a praxis Lacanian Coordinates takes the reader from the beginning of Lacan s teaching from the logic of the signifier and the Lacanian subject to the drive and object a qua object a the paradoxes of guilt and finally to the desire of the Other love and femininity Volume One explores the points of Lacanian orientation that lead us to the particularity of the subject and considers whether we find them not solely in the discourse of the universal to which religion science and philosophy testify but also in the analytic experience itself Volume Two More Lacanian Coordinates opens with the question of love that for Lacan forms a discourse of fragments and letters addressed to the one which circumscribe the nonexistence of the sexual relation Further Lacan situates love in relation to knowledge making ignorance alongside love and hatred the third passion
