B. Turner

The Will To Survive A History Of Hungary:

Will to Survive Bryan Cartledge, 2011-04 From the Publisher A history of Hungary from 1000 to the present day by the former British Ambassador to Hungary

The Will to Survive Bryan Cartledge, 2006 A history of Hungary from 1000 to the present day by the former British Ambassador to Hungary

The Will to Survive Sir Bryan Cartledge, 2006 The Will To Survive describes how a small country for much of its existence squeezed between two empires surrounded by hostile neighbours and subjected to invasion and occupation survived the frequent tragedies of its eventful history to become a sovereign democratic republic within the European Union

The Making of the Slovak People's Party Thomas Lorman, 2019-05-30 Winner of the BASEES George Blazys Prize In 1945 just six years after coming to power the Slovak People's Party SLS was disbanded as a criminal organisation and its leader Jozef Tiso hanged for treason What made it possible for the SLS initially founded in 1905 by priests to represent the Catholic Slovak minority residing in the north of the Kingdom of Hungary to form an openly pro Nazi government in 1939 And what put Slovakia on the path to a fascism that would see more than 45 000 Jews deported to their deaths in 1942 To answer these questions Thomas Lorman draws on more than a decade's research in archives across the region in Hungarian Slovak and Latin and studies the party's formative years in depth for the first time in English Lorman examines the various strands which fused to form the party and its popularity including a complex and nebulous nationalism Catholicism and a resounding mistrust of liberalism and modernity The Making of the Slovak People's Party is a vital and timely study of the genesis and success of far right movements that will be essential reading for all scholars working on 20th century Eastern European history nationalism and the interplay of religion and politics

A History of the Hungarian Constitution Ferenc Hörcher, Thomas Lorman, 2018-12-13 The new Hungarian Basic Law which was ratified on 1 January 2012 provoked domestic and international controversy Of particular concern was the constitutional text's explicit claim that it was situated within a reinvigorated Hungarian legal tradition that had allegedly developed over centuries before its violent interruption during World War II by German invaders and later by Soviet occupation To explore the context and validity of this claim and the legal traditions which have informed the stormy centuries of Hungary's constitutional development this book brings together a group of leading historians political scientists and legal scholars to produce a comprehensive history of Hungarian constitutional thought Ranging in scope from an overview of Hungarian medieval jurisprudence to an assessment of the various criticisms levelled at the new Hungarian Basic Law of 2012 contributors assess the constitutions their impacts and their legacies as well as the social and cultural contexts within which they were drafted The historical analysis is accompanied by a selection of original source materials many translated here for the first time This is the only book in English on the subject and is essential reading for all those interested in Hungary's history political culture and constitution

The Statesman's Yearbook 2025 Palgrave Macmillan, 2025-01-10 Now in its 161st edition The Statesman's Yearbook continues to be the reference work of choice for

accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions *The Transition to Democracy in Hungary* Dae Soon Kim,2013-07-18 Unlike in other countries of Eastern Europe where the opposition to communism came in the form of single mass movements led by charismatic leaders such as Vclav Havel and Lech Wa sa in Hungary the opposition was very fragmented brought together and made effective only by the authoritative significant but relatively unknown rp d G ncz who subsequently became Hungary s first post communist president This book charts the political career of rp d G ncz outlining the outstanding contribution he made to Hungary s transition to democracy Drawing on a wide range of sources including archives and interviews with G ncz himself and others it shows how G ncz unlike Havel who was a playwright and whose political role was largely symbolic was a campaigning politician all his life consistently advocating social democratic but not communist values Imprisoned from 1956 for his participation in the 1956 uprising G ncz was a highly effective political operator in the transition period around 1989 and as president wielded real power effectively As politics in Hungary are again marred by deep division and fragmentation G ncz s success in bringing rival groups together is even more pronounced

Church and Society in Hungary and in the Hungarian Diaspora Nándor Dreisziger,2016-01-01 In *Church and Society in Hungary and in the Hungarian Diaspora* N ndor Dreisziger tells the story of Christianity in Hungary and the Hungarian diaspora from its earliest years until the present Beginning with the arrival of Christianity in the middle Danube basin Dreisziger follows the fortunes of the Hungarians churches through the troubled times of the Middle Ages the years of Ottoman and Habsburg domination and the turmoil of the twentieth century wars revolutions foreign occupations and totalitarian rule Complementing this detailed history of religious life in Hungary Dreisziger describes the fate of the churches of Hungarian minorities in countries that received territories from the old Kingdom of Hungary after the First World War He also tells the story of the rise halcyon days and decline of organized religious life among Hungarian immigrants to Western Europe the Americas and elsewhere The definitive guide to the dramatic history of Hungary s churches *Church and Society in Hungary and in the Hungarian Diaspora* chronicles their proud past and speculates about their uncertain future **The Routledge History of Antisemitism** Mark Weitzman,Robert J. Williams,James Wald,2023-09-04 Antisemitism is a topic on which there is a wide gap between scholarly and popular understanding and as concern over antisemitism has grown so too have the debates over how to understand and combat it This handbook explores its history and manifestations ranging from its origins to the internet Since the Holocaust many in North America and Europe have viewed antisemitism as a historical issue with little current importance However recent events show that antisemitism is not just a matter of historical interest or of concern only to Jews Antisemitism has become a major issue confronting and challenging our world This volume starts with explorations of antisemitism in its many different shapes across time and then proceeds to a geographical perspective covering a broad scope of experiences across different countries and regions The final section discusses the manifestations of

antisemitism in its varied cultural and social forms With an international range of contributions across 40 chapters this is an essential volume for all readers of Jewish and non Jewish history alike *The Statesman's Yearbook 2015* B.

Turner,2016-12-27 Now in its 151st edition The Statesman s Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions <http://www.statesmansyearbook.com> *The Statesman's Yearbook 2013* B. Turner,2017-01-12 Now in its 149th edition The Statesman s Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmansyearbook.com *The Sovietization of Rural Hungary, 1945-1980* József Ö. Kovács,Gergely Krisztián Horváth,Gábor Csikós,2023-06-05 In this book the experiential history of the Soviet style social transformation projects between 1945 and 1980 is discussed through the example of rural Hungary The book interprets state socialism as a modernization project Existing socialism was a form of dictatorship in which authorities sought to transform the mentalities of their subjects from the individual level to the global scale This project depended on socio economic homogenization one important method of asserting state power was the transformation of property rights land redistribution collectivization Communist modernization discriminated against the inhabitants of rural areas who were the primary victims of collectivization and the discriminatory effects of the rules implemented by policymakers The resulting radical changes in peasant lifestyles would become a source of social pathologies However not the authorities but contemporary scholars considered the social costs of these actions The book aims at Weberian disenchantment and contributes to the deconstruction of the common image of Hungarian socialism the happiest barrack The intended audience includes readers at the graduate level in the fields of history political science and anthropology general readers interested in the history of communism It is hoped that the research questions inspire new research for exploring convergent and divergent elements in social transformation in former communist countries **The**

The Last Days of Budapest Adam LeBor,2025-04-22 *The Last Days of Budapest* is a masterpiece Immaculately researched it is packed with large than life characters and revelations about the unknown espionage history of the Second World War This is history as it should be written utterly engrossing Malcolm Brabant author of the New York Times bestseller *The Daughter of Auschwitz* Budapest autumn 1943 After four years of war Hungary was firmly allied with Nazi Germany Budapest swirled with intrigue and betrayal home to spies and agents of every kind But the city remained an oasis in the midst of conflict where Allied POWs and Polish and Jewish refugees found sanctuary All that came to an end in March 1944

when the Nazis invaded By the summer Allied bombers were pounding Budapest's grand boulevards and historic squares By late December the city was surrounded and under siege from the advancing Red Army Tens of thousands of soldiers and civilians died in the savage fighting as Budapest collapsed into anarchy Hungarian death squads roamed the streets as the city's Jews were forced into ghettos or were shot into the Danube Russian artillery hammered the city into smoking rubble as starving residents struggled to survive the winter Using newly uncovered diaries documents archival material and interviews with the last survivors Adam LeBor has brilliantly recreated life and death in wartime Budapest

The Statesman's Yearbook 2016 Nick Heath-Brown,2017-02-07 Now in its 152nd edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmansyearbook.com

The United States, the Soviet Union and the Geopolitical Implications of the Origins of the Cold War Nicolas Lewkowicz,2018-10-30 The United States the Soviet Union and the Geopolitical Implications of the Origins of the Cold War 1945-1949 describes how the United States and the Soviet Union deployed their hard and soft power resources to

create the basis for the institutionalization of the international order in the aftermath of World War Two The book argues that the origins of the Cold War should not be seen from the perspective of a magnified spectrum of conflict but should be regarded as a process by which the superpowers attempted to forge a normative framework capable of sustaining their geopolitical needs and interests in the post war scenario The United States the Soviet Union and the Geopolitical Implications of the Origins of the Cold War 1945-1949 examines how the use of ideology and the instrument of political intervention in the spheres of influence managed by the superpowers were conducive to the establishment of a stable international order It postulates that the element of conflict present in the early period of the Cold War served to demarcate the scope of manoeuvring available to each of the superpowers and studies the notion that the United States and the Soviet Union were primarily interested in establishing the conditions for the accomplishment of their vital geostrategic interests This required the implementation of social norms imposed in the respective spheres of influence a factor that provided certainty to the spectrum of interstate relations after the period of turmoil that culminated with the onset of World War Two

Nordic, Central and Southeastern Europe 2012 Wayne C. Thompson, 2012-08 This is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is broken down into individual chapters on each country dealing with its geography people history political system constitution parliament decentralization and states if a federation parties political leaders and elections There are also sections on foreign and defense policy economy culture future and a lengthy bibliography

The Statesman's Yearbook 2017 Palgrave Macmillan, 2017-02-28 Now in its 153rd edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmansyearbook.com

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps

are inset throughout to provide additional context to the material
