Pursell, 2017-05-15 Elector Palatine Frederick V the Winter King would be an insignificant figure in the history of Europe were it not for the tremendous conflagration that he helped to ignite Frederick s conflict with Holy Roman Emperor Ferdinand II over the throne of Bohemia plunged Europe into thirty years of savage violence fiery devastation and terrible privation during the first half of the seventeenth century More than simply a biographical study of Frederick *The Winter King* provides a fresh and compelling study into the causes of the Thirty Years War Examining the early stages of the war through the locus of Frederick it reconciles the forces of confession conscience and constitutionalism that affected Frederick s decision making at critical junctures throughout the crisis By placing constitutionalism rather than religion at the centre of events it offers a subtle yet convincing new account of the

conflict Drawing on political and personal correspondence backed up with a wealth of archival and secondary sources Dr Pursell presents Frederick's choices and alternatives and interprets his words and responses to them Considering the war from Frederick's perspective he argues convincingly that the war is best understood not simply as a struggle between Protestant and Catholic powers but rather as an extended constitutional conflict entwining religious and political factors fought within the Holy Roman Empire

Fall of the Dragons James A. Owen, 2016-03-15 For some men walking the path of their destiny may take two thousand years But for others it may only be a journey of a single night In the third book of the Age of Dragons series the journey continues through the fantastical world of beloved fantasy where dragons are real and dreams and nightmares come true On a September evening in 1931 John and Jack two of the Caretakers of the Imaginarium Geographica discover a plea for help on an ancient medieval parchment which is not only addressed to them but seems to have been written by their friend Hugo Dyson Before they can discover the origin of this strange book Hugo walks through a door in time and vanishes into the past And just like that the world begins to change The only hope to restore the proper order of things lies in a forgotten island at the edge of the Archipelago where a time travel device left by Jules Verne must be used to race through history But even if all of the legendary Caretakers from past and present are able to answer the oldest mystery in the world and save Hugo there may be darker forces gathering against them with a greater crisis at hand The last stones are falling from the Keep of Time and an old enemy in a new form has acquired a terrible weapon the Spear of Destiny which can be used to command the shadows of anything it touches even the Dragons The Shadow King combined with forces of a new enemy may be unstoppable now The only hope is Rose Dyson the Grail Child She may be the only one to assist the companions on their desperate quest and find the only weapon capable of defeating their enemies

A Faraway, Familiar Place Michael French Smith, 2014-11-30 A Faraway Familiar Place An Anthropologist Returns to Papua New Guinea is for readers seeking an excursion deep into little known terrain but allergic to the wide eyed superficiality of ordinary travel literature Author Michael French Smith savors the sometimes gritty romance of his travels to an island village far from roads electricity telephone service and the Internet but puts to rest the cliché of Stone Age Papua New Guinea He also gives the lie to

stereotypes of anthropologists as either machete wielding swashbucklers or detached observers turning real people into abstractions Smith uses his anthropological expertise subtly to illuminate Papua New Guinean lives to nudge readers to look more closely at ideas they take for granted and to take a wry look at his own experiences as an anthropologist Although Smith first went to Papua New Guinea in 1973 in 2008 it had been ten years since he had been back to Kragur Village Kairiru Island where he was an honorary citizen He went back not only to see people he had known for decades but also to find out if his desire to return was more than an urge to flee the bureaucracy and recycled indoor air of his job in a large American city Smith finds in Kragur many things he remembered fondly including a life immersed in nature and freedom from 9 5 tyranny And he again encounters the stifling midday heat the wet tropical sores and the sometimes excruciating intensity of village social life that he had somehow managed to forget Through practicing Taoist not doing Smith continues to learn about villagers difficult transition from an older world based on giving to one in which money rules and the potent mix of devotion and innovation that animates Kragur s pervasive religious life Becoming entangled in local political events he gets a closer look at how ancestral loyalties and fear of sorcery influence hotly disputed contemporary elections In turn Kragur people practice their own form of anthropology on Smith questioning him about American work family religion and politics including Barack Obama s campaign for president They ask for help with their financial problems accounting lessons and advice on attracting tourists but poor as they are they also offer sympathy for the Americans they hear are beset by economic crisis By the end of the book Smith returns to Kragur again in 2011 to complete projects begun in 2008 see Kragur s chief for the last time he died later that year and bring Kragur s story up to date A Faraway Familiar Place provides practical wisdom for anyone leaving well traveled roads for muddy forest tracks and landings on obscure beaches as well as asking important questions about wealth and poverty democracy and being modern
