Weisheit des ungesicherten Lebens (The wisdom of insecurity, dt.-3.Aufl.) Alan Wilson Watts,1981 Meeting God Half Way Dr. Ronald B. Parton,2013-03-15 It is said if you answer one question ten others pop up in its place Not only in philosophical mapping is it true the questions multiply even more for all who look in the God domain Questions may seem similar but the diversity of human experience ands the cultural milieu tend to make one think things are actually different language systems Meeting and knowing God varies for societies diversity varies within societies religious intuitions family traditions and an untold more make God communication very difficult Underneath hem all they are basically the same This book on meeting God is not intended to answer questions it is for the thinking person who has spent a lifetime of examination of oneself and the larger world We ask with you the reader and do not tell because we are like you studying the issues We offer an open question format We are not silly enough to think there are absolute answers We suggest information until something better comes along on the journey The task is to search and to research some more until we feel comfortable with a place where we have sought This may be at the same place where we have started or arrive at a strange place which we never thought existed before our exploration began Alan Watts - In the Academy Alan Watts,2017-04-25 Explores language and mysticism Buddhism and Zen Christianity comparative religion psychedelics and psychology and psychotherapy To commemorate the 2015 centenary of the birth of Alan Watts 1915 1973 Peter J Columbus and Donadrian L Rice have assembled a much needed collection of Watts s scholarly essays and lectures Compiled from professional journals
