This book aims to establish the position of the sidekick character in the crime and detective fiction literary genres It re-evaluates the traditional view that the sidekick character in these genres is often overlooked as having a small generic or singular role either to act as the foil to the detective in order to accentuate their own abilities at solving crimes or else to simply tell the story to the reader Instead essays in the collection explore the representations and functions of the detective's sidekick across a range of forms and subgenres of crime fiction By incorporating forms such as children's detective fiction comics and graphic novels and film and television alongside the more traditional fare of novels and short stories this book aims to break down the boundaries that sometimes exist between these forms using the sidekick as a defining thread to link them together into a wider conceptual argument that covers a broad range of crime narratives **The Shut Eye** Belinda Bauer, 2016-01-12 A desperate woman hopes a psychic can help find her son in this intricate surprise-filled crime novel from the CWA Gold Dagger Award-winning author Publishers Weekly starred review Five footprints are the only sign that four-year-old Daniel Buck was ever here They're all his mother has left Every day Anna Buck guards the little prints in the cement Polishing them to a shine Keeping them safe Spiraling towards insanity With little help or hope coming from the police or her husband James Anna is looking for any opportunity that may lead to finding her son So when a woman tells her she's found a shut eye a true psychic Anna grasps at it Maybe he can tell her what happened But her meeting with the psychic is not at all what she suspected Matching breathtaking suspense with a keen exploration of skepticism in the face of the unexplainable *The Shut Eye* is a very satisfying crime thriller that will have readers rushing to the final pages *The Independent* A standout

Publishers Weekly starred review **Braille Book Review** ,2016 The Next to Die Sophie Hannah,2019-02-19 The New York Times bestselling author of The Monogram Murders and Woman with a Secret returns with a disturbing tale of psychological suspense and obsession that hits at the heart of some of our most precious relationships What if having a best friend could put you in the crosshairs of a killer A psychopath the police have dubbed Billy Dead Mates is targeting pairs of best friends and killing them one by one Before they die each victim is given a small white book For months detectives have failed to catch Billy or figure out what the white books symbolize and why the killer leaves them behind The police are on edge the public in a panic Then a woman scared by what she s seen on the news comes forward What she reveals shocks the investigators and adds another troubling layer to an already complex case Stand up comedian Kim Tribbeck has one of Billy s peculiar little books A stranger gave it to her at a gig she did last year Was the stranger Billy and is he targeting her or is it something more nefarious Kim has no friends and trusts no one so how and why could Billy Dead Mates want to target her If it s not her then who will be the next to die Sophie Hannah raises the stakes with each successive page in this haunting and twisting thriller that reaffirms her place as one of today s most talented suspense writers **The Poetry of Sex** Sophie Hannah,2014-01-30 The Poetry of Sex a raucous highly enjoyable anthology by acclaimed poet Sophie Hannah We ve been at it all summer from the Canadian border to the edge of Mexico It s hard to imagine a more fruitful subject for poets than sex in all its glorious manifestations from desire and hope through disappointment and confusion to conclusion and consequence And little has changed over the centuries as Sophie Hannah s anthology vividly demonstrates from Catullus pleading with Lesbos to Walt Whitman singing the body electric Moods and attitudes may vary but the drive persists as does the desire to write about it Sophie Hannah s selection ranges from ancient Rome to modern New York from gay to straight but her principle has been to go low on the sugar and high on the excitement It is essential reading for poetry lovers and romantics everywhere Sophie Hannah has published five collections of poetry Her fifth Pessimism for Beginners was shortlisted for the T S Eliot Award in 2007 Her Selected Poems is published by Penguin revised edition 2013 She is also the writer of bestselling psychological crime fiction most recently The Carrier Her novels have been translated into 24 languages Born in Manchester she now lives in Cambridge with her husband and children and is a Fellow Commoner of Lucy Cavendish College We Need to Talk about Family Roberta Garrett,Tracey Jensen,Angie Voela,2016-08-17 We are the first generation in recent history to not know if our children will have a better life than us Over the past thirty years the dream of upward mobility and stable and securely paid employment has dissipated This collection draws together insights from the disciplines of cultural studies literary theory psychoanalysis psychosocial studies social policy and sociology in order to explore the complex and contested status of the family under neoliberalism At one end of the spectrum the intensification of work and the normalisation of long hours working culture have undermined the time and energy available for private family life At the other end the fantasy of the nuclear family as a potential haven in a heartless world is rapidly unravelling supplanted with a

hypercompetitive neo traditionalist mobile neoliberal family seeking to capitalise on the uneven spread of resources in order to maximise the futures of its own children As neoliberalism has always been split between socio economic realities and the expectations of where we should be we are always living with the anxiety of being left behind and the hope that the best is yet to come The chapters in this collection signal the troubles of the neoliberal family in particular the gulf between the practical conditions of family life and the formation of new fantasies The volume addresses the neoliberal family in a range of contexts from the domestic reproductive and bio political regulation of family life the representations of the neoliberal family on television and across social media to the negotiation of family dynamics in maternal memoirs The work provides a much needed corrective to the critical emphasis on the macrostructures of the neoliberal world Talking Book Topics ,2016
