The Vatican's Women Female Influence At The Holy See:

The Vatican's Women Paul Hofmann, 2025-10-16 Four hundred of the 3 800 people who permanently live or work in the State of Vatican City the smallest sovereign and independent state on the globe are women They are nuns and members of the laity some are housekeepers of churchmen others are secretaries translators editors lawyers and middle level officials of the papal administration Expansive in scope and enlightening in detail The Vatican's Women recalls women who wielded power in the Vatican including St Catherine of Siena Queen Christina of Sweden Mother Pascalina Pope Pius XII's longtime housekeeper and confidante and Mother Teresa With an unflinching eye Paul Hofmann examines the papacy's reaction to Catholic women's and nuns liberation and women's struggles especially today to fortify their positions within the Church The Vatican's Women is a thorough and revealing exploration that will herald a new level of insight and dialogue amongst feminists theologians and laypeople alike

Jesus Wept Philip Shenon, 2025-02-11 From the best selling author and former New York Times investigative reporter an unprecedented look at the defining struggles of the modern Catholic Church told through the lives of the last seven popes carrying us from the wake of World War II up through the present day and providing essential context around the most pressing issues faced by Pope Francis An extraordinary accomplishment controversial but crucial for discussions in today's Catholic Church Kirkus Reviews starred review When the jolly Italian peasant turned cardinal Angelo Giuseppe Roncalli of Venice was elected Pope John XXIII in 1958 change was in the air The Church many said had refused to enter the twentieth century In response Pope John launched Vatican II an ecumenical council that summoned hundreds of church leaders to Rome It marked one of the most progressive turns the Church had taken in centuries medicine of mercy as Pope John called it Yet not everyone in the Church was prepared to accept this modernization The lines were drawn in a battle that continues to rage into the twenty first century In Jesus Wept Philip Shenon takes us inside the Holy See to reveal its intricacies hypocrisies and hidden maneuverings bringing all the momentous disputes and issues vividly to life priestly celibacy birth control homosexuality restoring ties with other Christians and Jews shameful sex abuse crimes the role of women in the Church In his rich portrayals of the popes from John to Francis Shenon draws on research across four continents including hundreds of interviews and the exhaustive archival material He also brings to light other key figures in the Church such as Cardinal Alfredo Ottaviani the incredibly powerful conservative and staunchly anticommunist director of the Holy Office under Pius XII who lived proudly by the motto *semper idem* always the same This is a consummate vibrant history of the modern Church

The Catholic Church and Unruly Women Writers J. DelRosso, L. Eicke, 2007-11-12 This collection attends to western women's struggles within Roman Catholicism by examining how women throughout the centuries have attempted to reconcile their unruliness with their Catholic backgrounds or conversions

Women in World Christianity Gina A. Zurlo, 2023-07-26 A groundbreaking comprehensive and interdisciplinary analysis of women's experiences in World Christianity *Women in World Christianity Building and Sustaining a Global Movement* is the

first textbook to focus on women's experiences in the founding, spread and continuation of the Christian faith. Integrating historical, theological and social scientific approaches to World Christianity, this innovative volume centers women's perspectives to illustrate their key role in Christianity becoming a world religion, including how they sustain the faith in the present and their expanding role in the future. *Women in World Christianity* features findings from the Women in World Christianity Project, a groundbreaking study that produced the first quantitative dataset on gender in every Christian denomination in every country of the world. Throughout the text, special emphasis is placed on women in the twentieth and twenty-first centuries, the period of Christianity's shift from the global North to the global South. Easily accessible chapters organized by continent, tradition and select topics introduce students to the wide variety of Christian belief and practice around the world. The book also discusses issues specifically relevant to women in the church: gender-based violence, ecology, theological education, peacebuilding and more. This textbook provides a balanced view of women's involvement in Christianity as a world religion and how they sustain the faith today. It introduces students to female theologians around the world whose scholarship is generally overlooked in Western theological education. It discusses women's essential contributions to Christian mission, leadership, education, relief work, healthcare and other social services of the church. It complements the growing body of literature about Christian women from different continental, regional, national and ecclesiastical perspectives. It explores the contributions of contemporary Christian women of all major denominations in Africa, Asia, Europe, Latin America, North America and Oceania. It helps students become more aware of the unique challenges women face worldwide and what they are doing to overcome them. *Women in World Christianity: Building and Sustaining a Global Movement* is an excellent primary textbook for introductory courses on World Christianity, History of Christianity, World Religions, Gender in Religion as well as undergraduate and graduate courses specifically focused on women in World Christianity.

The Papacy Since 1500 James Corkery, Thomas Worcester, 2010-08-12. Structured by detailed studies of significant Popes, these essays explore the evolution of the papacy in the last 500 years.

Common Calling Stephen J. Pope, 2004-10-19. The sexual abuse scandal in the Catholic Church has been exacerbated in the minds of many by the dismal response of church leadership. Uncovered along with the abuse of power were decisions that were not only made in secrecy but which also magnified the powerlessness of the people of the church to have any say in its governance. Accordingly, many have left the church, many have withheld funding, others have vowed to work for change as witnessed by the phenomenal growth of *Voice of the Faithful*. *Common Calling* is indeed a call for change, for inclusion and a place at the table for the laity when it comes to the governance of the church. By first providing compelling historical precedents of the roles and status of the laity as it functioned during the first millennium, *Common Calling* compares and contrasts those to the place of the laity today. It is this crossroad between the past and the possible future of the Catholic Church where the distinguished contributors to this volume gather in the hope and expectation of change. They examine the distinction between laity and clergy in regard to the power of church governance.

and explore the theological interpretation of clergy laity relations and governance in the teachings of the Second Vatican Council They look at how church officials interpret the role of the laity today and address the weaknesses in that model Finally they speak clearly in outlining the ways governance may be improved and how by emphasizing dialogue participation gender equality and loyalty the role of the laity can be enhanced Speaking as active believers and academic specialists all of the contributors assert that the church must evolve in the 21st century They represent a variety of disciplines including systematic theology sacramental theology canon law political science moral theology pastoral theology and management The book also includes an essay by James Post cofounder of the Catholic lay movement Voice of the Faithful the organization that was in part responsible for the resignation of Boston's Cardinal Bernard Law Common Calling looks to a future of transparency in the Catholic Church that with an invested laity will help to prevent any further abuse especially the abuse of power

Visualizing the Past in Italian Renaissance Art Jennifer Cochran Anderson, Douglas N. Dow, 2021-03-22 The essays in Visualizing the Past in Italian Renaissance Art address a foundational concept that was as central to early modern thinking as it is to our own that the past is always an important part of the present Written by the friends students and colleagues of Dr Brian Curran former professor of Art History at the Pennsylvania State University these authors demonstrate how reverberations of the past within the present are intrinsic to the ways in which we think about the history of art Examinations of sculpture painting and architecture reveal the myriad ways that history has been appropriated reinvented and rewritten as subsequent generations including the authors collected here have attained new insight into the past and present Contributors Denise Costanzo William E Wallace Theresa A Kutasz Christensen Ingrid Rowland Anthony Cutler Marilyn Aronberg Lavin Louis Alexander Waldman Elizabeth Petersen Cyron Stuart Lingo Jessica Boehman Katherine M Bentz Robin L Thomas and John Pinto

The Anthropology of Morality in Melanesia and Beyond John Barker, 2016-04-01 The Anthropology of Morality in Melanesia and Beyond examines how Melanesians experience and deal with moral dilemmas and challenges Taking Kenelm Burridge's seminal work as their starting point the contributors focus upon public situations and types of people that exemplify key ethical contradictions for members of moral communities While returning to some classical concerns such as the roles of big men and sorcerers the book opens new territory with richly textured ethnographic studies and theoretical reviews that explore the interface between the values associated with indigenous village life and the ethical orientations associated with Christianity the state the marketplace and other facets of modernity A major contribution to the emerging field of the anthropology of morality the volume includes some of the most prominent scholars working in the discipline today including Bruce Knauft Joel Robbins F G Bailey Deborah Gewertz and Frederick Errington

God's Bankers Gerald Posner, 2015-02-03 A deeply reported New York Times bestselling exposé of the money and the clerics turned financiers at the heart of the Vatican the world's biggest most powerful religious institution from an acclaimed journalist with exhaustive research techniques The New York Times From a master chronicler of legal and

financial misconduct a magnificent investigation nine years in the making *God's Bankers* traces the political intrigue of the Catholic Church in a meticulous work that cracks wide open the Vatican's legendary enabling secrecy Kirkus Reviews Decidedly not about faith belief in God or religious doctrine this book is about the church's accumulation of wealth and its byzantine financial entanglements across the world Told through 200 years of prelates bishops cardinals and the Popes who oversee it all Gerald Posner uncovers an eyebrow raising account of money and power in one of the world's most influential organizations *God's Bankers* has it all a revelatory and astounding saga marked by poisoned business titans murdered prosecutors and mysterious deaths written off as suicides a carnival of characters from Popes and cardinals financiers and mobsters kings and prime ministers and a set of moral and political circumstances that clarify not only the church's aims and ambitions but reflect the larger tensions of more recent history And Posner even looks to the future to surmise if Pope Francis can succeed where all his predecessors failed to overcome the resistance to change in the Vatican's Machiavellian inner court and to rein in the excesses of its seemingly uncontrollable financial quagmire As exciting as a mystery thriller Providence Journal this book reveals with extraordinary precision how the Vatican has evolved from a foundation of faith to a corporation of extreme wealth and power

Religion, Gender, and the Public Sphere Niamh Reilly, Stacey Sriver, 2013-11-26 The re emergence of religion as a significant cultural social and political force is not gender neutral Tensions between claims for women's equality and the rights of sexual minorities on one side and the claims of religions on the other side are well documented across all major religions and regions It is also well recognized in feminist scholarship that gender identities and ethno religious identities work together in complex ways that are often exploited by dominant groups Hence a more comprehensive understanding of the changing role and influence of religion in the public sphere more widely requires complex multidisciplinary and comparative gender analyses Most recent discussion on these matters however especially in Europe has focused primarily on the perceived subordinate status of Muslim women These debates are a reminder of the deep interrelation of questions of gender identity human rights and religious freedom more generally The relatively narrow albeit important purview of such discussions so far however underscores the need to extend the horizon of enquiry vis vis religion gender and the public sphere beyond the binary of Islam versus the West Religion Gender and the Public Sphere moves gender from the periphery to the centre of contemporary debates about the role of religion in public and political life It offers a timely multidisciplinary collection of gender focused essays that address an array of challenges arising from the changing role and influence of religious organisations identities actors and values in the public sphere in contemporary multicultural and democratic societies

The Catholic Periodical and Literature Index, 2004 **Non-State Actors in World Politics** D. Josselin, W.

Wallace,2001-10-29 The involvement of non state actors in world politics can hardly be characterised as novel but intensifying economic and social exchange and the emergence of new modes of international governance have given them much greater visibility and many would argue a more central role Non state Actors in World Politics offers analyses of a diverse range of economic social legal and illegal old and new actors such as the Catholic Church trade unions diasporas religious movements transnational corporations and organised crime

Crisis and Challenge in the Roman Catholic Church Debra Meyers,Mary Sue Barnett,2020-07-07 This volume explores the historical theological sociological and ethical dimensions of the current issues threatening the two thousand year old Roman Catholic Church The interdisciplinary analysis contained within the volume exposes the destructive convictions and actions of the Roman Catholic clergy that has produced the current institutional crisis while suggesting options for moving forward Documenting the cases that constitute the many crises currently surrounding Catholicism the volume aims to provide clarity and conscience At the same time with a constructive vision of an ethics and religious practice rooted in integrity and transparency the authors offer a path towards holistic and holy reformation by and for Catholics
